AUDIT FINDINGS

Narrative:

The auditor's description of the audit methodology should include a detailed description of the following processes during the pre-audit, on-site audit, and post-audit phases: documents and files reviewed, discussions and types of interviews conducted, number of days spent on-site, observations made during the site-review, and a detailed description of any follow-up work conducted during the post-audit phase. The narrative should describe the techniques the auditor used to sample documentation and select interviewees, and the auditor's process for the site review.

Methodology:

The PREA Audit of Charles D. Hudson Transitional Center was a comprehensive process beginning with communications via email with the agency' PREA Unit and the Facility's PREA Compliance Manager/Alternate prior to the on-site audit. These communications included both phone calls and emails.

The PREA audit of Charles D. Hudson Transitional Center was conducted 2/25/21 thru 2/26/21. The Georgia Department of Corrections (GDOC) operates the Charles D. Hudson Transitional Center. The Charles D. Hudson Transitional Center hereinafter may be referred to as facility.

The auditor uses a triangular approach, by connecting the PREA audit documentation, on-site observation, site review of the entire facility and complex, determination of facility practice, interviewed staff and inmates, local and national advocates, etc. to make determinations for each standard. Each standard and/or provision is designed with documentation reviewed, Online PREA Audit: Pre-Audit Questionnaire, overall findings, and interview results.

The auditor is using the stylistic rules for the Field Training Program (FTP) Auditor Trainee Report Writing Reference Manual as best practices.

Site Review Location:

The site review for this audit took place at Charles D. Hudson Transitional Center located at 100 Jim Hester Road, LaGrange, Georgia 30241. The auditor conducted pre-audit work prior to arrival at the facility.

Pre-Audit Preparation:

Agency/Facility Housing Inmates For:

- Georgia Department of Corrections (GDOC)

Georgia Department of Corrections Prison Review:

Note: The following information is directly from the GDOC website.

The Georgia Department of Corrections (GDC) maintains a zero-tolerance policy regarding sexual abuse and harassment of inmates within the agency's 35 state prison facilities, 13 transitional centers, 14 centers (this includes PDC's, RSAT's and ITFs), 21 county correctional institutions and four private prisons, and one private transitional center.

State prisons house violent, repeat, or nonviolent offenders who have exhausted all other forms of punishment. Judges may sentence offenders directly to prison or offenders may be sent to prison as a

result of revocation proceedings.

Offenders have access to classes and other services that allow them to reenter society successfully.

Diagnostics and Classification: Offenders are assigned to a security level by the Next Generation Assessment (NGA), which utilizes factors that include the offender's sentence, nature of the crime, criminal history, history of violence, medical and treatment risks and needs. The classification levels are as follows:

- Close Security: These offenders are escape risks, have assaultive histories, and may have detainers for other serious crimes on file. (A detainer is a request by another law enforcement agency to hold an offender pending other charges or actions). These offenders never leave the prison and require supervision at all times by a correctional officer.
- Medium Security: This level represents the largest category of offenders. These offenders have no major adjustment problems and most may work outside the prison fence, but must be under constant supervision.
- Minimum Security: These offenders tend to abide by prison regulations, present a minimal risk of escape, and have been judged to be a minimal threat to the community. Minimum security offenders are eligible for transitional centers.

Ombudsman and Inmate Affairs

The mission of the Ombudsman and Inmate Affairs Units is to promote fairness, accountability and integrity by investigating public and offender grievances, appeals, and inquiries regarding unfair practices and non-compliance of policy. They accomplish that task by investigating allegations of violations of GDC policies and procedures, monitoring problems in the correctional system in a fair and consistent manner and addressing offender and general public concerns in an unbiased, impartial, and courteous manner.

Audit Notice Posting:

During the pre-audit period, the facility received instructions to post the required PREA Audit Notice of the upcoming audit prior to the on-site visit for confidential communications on November 17, 2020. The facility posted the notices in English and Spanish. The auditor received an email, pictures confirming the posted notices and observed the posted notices on-site.

The purpose of the posting of the PREA Audit Notice is to allow anyone with a PREA issue or concern, or an allegation of sexual abuse or sexual harassment to correspond, confidentially, with the Certified PREA auditor. During the onsite PREA audit, notices of PREA audit were observed posted everywhere in the facility; in every living unit and area of the prison, and in the education areas.

Confidential Communications:

As of 2/21/21 the certified auditor has not received no letters from inmates housed at the facility and no communication from any staff member.

Pre-Audit Questionnaire (PAQ):

To prepare for the audit process, the auditor corresponded and communicated with the agency PREA coordinator and facility PREA compliance manager. The online Pre-Audit Questionnaire was completed and made available and accessible to the auditor, as required, through the online system process. As a part of the on-site visit, the auditor requested that the facility PREA compliance manager review and revise the online Pre-Audit Questionnaire to reflect updated information to include the current population.

The auditor completed a documentation review using the online Pre-Audit Questionnaire, website review, a review of policies and procedures sent from the agency headquarters, and additional documentation

provided. Phone conversations and email exchanges occurred with the facility PREA compliance manager.

On-Site Audit Phase:

Entrance Conference:

By prior arrangement the auditor arrived at the facility in the morning on 2/25 21. Processing through the main gate included providing identification, signing in, and going through the metal detector, while the auditor’s equipment and belongings went through the x-ray machine.

The auditor was met by the facility PREA compliance manager. Following a brief meeting then with the Superintendent and facility PREA compliance manager to discuss the process the entrance conference was held.

The entrance conference was held and attended by:

- Adam Barnett, USDOJ Certified PREA Auditor
- Latera Davis, PREA Associate
- Gregory Sampson, Superintendent
- Jeffrey Farmer, Counselor
- Katrina Carter, Chief of Security/Investigator
- Aja' S. Williams, Counselor
- Lonesca Carlton, Sgt./PREA Compliance Manager
- Shanda Knight, RN-Medical
- Clare Oshinowo, Counselor
- Cofield, Nedra, Sergeant
- Sylvia Carlos, Instructor (GED)
- Mary Ruth, Admin Support III

Welcome was given by the facility superintendent and facility PREA compliance manager. The auditor introduced himself and provided a brief description of his experiences, qualifications, correctional, and auditing background.

The auditor introduced Latera Davis (Associate). Mrs. Davis currently works as the Director of Professional Development and Standards for the Georgia Department of Juvenile Justice. She is a Licensed Clinical Social Worker, Certified Child Forensic Interviewer, Certified Victim Advocate, Certified Juvenile Sex Offender Counselor, POST Instructor Trainer, as well as a Certified Peer Grant Reviewer for the Department of Justice Programs. Mrs. Davis is a Certified DOJ PREA auditor for Juvenile and Adults.

The auditor explained the onsite role of Latera Davis as:

1. Conducting interviews with inmates.
2. Conducting interviews with correctional officers.
3. Conducting interviews with some specialized staff.
4. Conducting interviews with advocacy organizations.

The second associate is Robert Lanier, President of Diversity Correctional Services, and LLC. Mr. Lanier was a DOJ Certified Auditor in the past.

The auditor explained the off-site role of Mr. Lanier as:

1. Discussing agency and facility documentation.
2. Conducting agency interviews.
3. Assisting with administrative/prep work
4. Ensuring final report meets the PREA resource recommended guidelines.

The auditor provided an overview of the expectations during the onsite audit and transparency to discuss any identified issues or concerns. The auditor established a process to make corrections on site and if necessary, post onsite follow ups.

The audit agenda was reviewed and discussed, to include resident population based on 1st day and 2nd

day of the on-site audit planned activities.

The auditor requested an updated list of all staff work schedules during the on-site visit, sorted by shift. The facility operates two 12-hour shifts. The auditor provided the facility with a list of random and specialized staff and random and target inmates who would be interviewed.

Facility Site Review:

On the first day of the audit after the entrance conference, the auditor conducted a comprehensive site review of the entire facility and facility complex. The auditor asked that when he paused to speak to an inmate or staff, that staff accompanying the auditor step away so the conversation might remain private.

This request was well respected.

The PREA standards require the auditor to tour the facility to verify compliance with the standards. The following areas/locations were visited and observed.

- Facility physical design
- Cameras and surveillance technology deployment
- Observe for blind spots
- Notices of the PREA Audit posted in English and Spanish

The site review of the Charles D. Hudson Transitional Center begins at the front door where staff and visitors process in by showing photo identification, having their personal items searched for contraband.

The Superintendent led the auditor give a complete review of the entire facility, including everything within the main building as well as outside maintenance areas. The site review began in the kitchen/Dining Area. This space is wide open facilitating viewing. PREA related posters, including the "See Something, Say Something" poster, are posted in this area. The Kitchen office windows enable the staff to see what is going on in most areas from the office. Dry storage has a mirror to mitigate the blind spot. The vocational hallway has huge windows, and the laundry.

There are no cameras in the Intake/shake down area. Windows are in the doors enabling viewing. Care and custody have a caged area and could use a mirror to mitigate blind spots. The GED class has a window to enable viewing into the class. Several other classrooms in the areas all had windows. The barbershop door is required to stay open when in use and when residents are present. There is a holding cell with a small window enabling staff to check inside the cell. A commode and sink are in the cell.

Three TV rooms are in a wide-open area with huge windows. The housing units are divided into the East Wing and the West Wing. The East Wing has 12 bedrooms that are four-man rooms except one room that houses two men. There is a phone available in this area to place calls home and to report PREA allegations.

The laundry room in the East Wing is a small room with a window and no noted blind spots. A bathroom on this wing has five (5) stalls for toilets with walls separating the toilet stalls and doors that lock. There are five (5) shower stalls and one handicap shower, all with curtains to afford privacy while showering.

The West Wing has twenty-four (24) bedrooms, all of them are four (4) man bedrooms except on that is a five (5) man bedroom. Showers and restrooms on the West Wing are the same construction and design as those on the East Wing. A phone is on the West Wing as well, enabling residents to call family, friends and to report PREA related issues via the PREA hotline. The laundry on the West Wing has a window enabling viewing inside the laundry.

Cameras are in the rec yard. The medical office has windows facilitating viewing. An outside maintenance shop, with a tool room, has windows and access to the area is limited to those on the approved list on the door. A flammable storage area was found to be locked and secured. Noteworthy is that each exit door from the wings is equipped with an alarm that will alert staff if a resident tries to exit the hall through these doors. PREA related posters were observed throughout this facility. Phones enable inmates to access the PERA Hotline and family members if they needed to make a report of sexual assault or sexual harassment.

During the facility site review the auditor made numerous observations, including the posting of Notices of PREA audits, PREA related posters and especially those providing reporting instructions, notices advising inmates that opposite gender work in the facility, locations of showers and privacy issues, request forms and boxes for requests, configuration of living units, capacities of dorms, observations of blind spots, camera deployment, the use of mirrors to mitigate blind spots, staffing levels, supervision of inmates, accessibility to telephones, and instructions for using the phones to report sexual abuse.

The facility has multiple cameras located throughout the facility and in living units. There are some areas without cameras and where cameras are absent, the facility has often supplemented viewing by adding mirrors. Also, keys to sensitive and vulnerable areas are either restricted or highly restricted meaning that staff have to secure the keys from the control room. Staff are required to present the key to their administrative box to enable the control room staff to retrieve them.

During the facility site review, the auditor tested PREA phones for PREA information and to see whether phones are operable. However, most of the residents have personal cell phones.

The auditor was provided unimpeded access to all parts of the facility. While inspecting the facility, doors and offices were checked consistently to ensure they were secured and locked. The auditor observed the location and deployment of staff. Informal dialogue occurred with inmates and staff, and included asking PREA related questions and asking about agency procedures related to safety. Inmates that engaged in conversation with the auditor discussed feeling safe at the facility.

The auditor did observe announcements of female staff entering the male living areas. The auditor had opportunities to view resident and staff interaction. There was also ample time to observe the nature and quality of resident supervision throughout the on-site audit process, and in all instances the auditor observed appropriate respect on the part of both inmates and staff.

The following staff accompanied the auditor on facility site review and responded to the auditor's questions concerning PREA and the facility operations:

- Adam Barnett, USDOJ Certified PREA Auditor
- Gregory Sampson, Superintendent
- Jeffrey Farmer, Counselor
- Katrina Carter, Chief of Security
- Aja' S. Williams, Counselor
- Lonesca Carlton, Sgt./PREA Compliance Manager
- Cofield, Nedra, Sergeant
- Jeffrey Walker, COII

Interviews with inmates revealed that they understand PREA safeguards and the facility's zero-tolerance policy. Comprehensive resident PREA education is provided in written form during resident orientation, and through the handbook, personal instruction, videos, and posters.

Advocacy Organizations:

The PREA auditor's manual, pages 37 and 38, requires the auditor to conduct outreach to relevant national and local advocacy organizations and to communicate with community-based or victim advocates who may have insight into relevant conditions in the facility. The following national advocacy, State, and/or community advocacy organizations were contacted.

- Just Detention International (JDI) – is a health and human rights organization that seeks to end sexual abuse in all forms of detention. Founded in 1980, JDI is the only organization in the U.S. – and the world – dedicated exclusively to ending sexual abuse behind bars. They hold government officials accountable for prisoner rape; challenge the attitudes and misperception that enable sexual abuse to flourish; and make sure that survivors get the help they need.

I agree that each advocate provided will meet the vetting and training standards required by Harmony House and the Georgia Criminal Justice Coordinating Council, including training on the Prison Rape Elimination Act.

Furthermore, all Harmony House Advocates are bound by rules of confidentiality and will not share information about alleged incidents of sexual assault or other information shared by a resident, with the exception of suspected abuse or neglect of a child or vulnerable adult, or in the case of a concern about intent to hurt someone else or attempt suicide.”

The auditor sought the following information from the local and/or national advocacy organizations to include, but not limited to:

- Does your organization provide emotional support services to Inmates?
- Does the facility use your organization for residents reporting PREA issues?
- How many SAFE or SANE referrals did the organization received in the last 12 months?
- Can the inmates remain anonymous, upon request, when making a report?
- Who does the organization notify at the facility regarding reports?
- How many reports has the organization received in the past 12 months for advocacy services?
- How many inmates reported sexual abuse and/or sexual harassment?
- Who is your contact at the facility?
- Is there any additional information you would like to share regarding this facility?

Incident Reporting:

The facility maintains a comprehensive incident reporting system that is monitored on an ongoing basis for immediate corrective action, as well as trending on an annual basis for the purpose of quality improvement to minimize risk and staff training needs.

Disciplinary Procedures:

The purpose of the resident disciplinary system is to provide all inmates with a fair and impartial hearing when they are accused of violating an agency or institutional rule. This system is also designed to promote order and maintain the security and safety of the institution.

Informational Consolidation:

The auditor communicated with the agency PREA coordinator frequently throughout the three days of the on-site audit to consolidate information and ensure that the interviews, documentation, and facility observations supported compliance determinations for the required PREA standard. There was work on-site and off-site at the hotel to review concerns and documents. When additional information was requested to establish compliance, the facility management team was responsive and made every effort to deliver documentation, explanations, or clarifications. The facility staff was receptive to addressing identified areas of concern during the facility site visit and during the post audit phase of the audit regarding noted concerns.

Exit Conference:

The auditor conducted an exit meeting on 2/26/21 during which preliminary findings of the review were

discussed with the facility and agency leadership team. The attendees, in addition to the state agency staff, participated in the exit briefing. During the exit, the auditor provided a verbal list of identified non-compliant items and described how these related to the standards and or provisions. For resolution of issues following the exit, the auditor advised that outstanding issues must be addressed with proof of compliance and practice.

The following staff attended the exit conference.

- Adam Barnett, USDOJ Certified PREA Auditor
- Bennet Kight, Agency Assistant PREA Coordinator (via phone)
- Gregory Sampson, Superintendent
- Jeffrey Farmer, Counselor
- Katrina Carter, Chief Counselor
- Dena Anderson, Admin II Advocate
- Lonesca Carlton, Sgt./PREA Compliance Manager
- Shanda Knight, RN-Medical
- Clare Oshinowo, Counselor
- Mary Ruth, Admin Support III

Facility officials were very open and receptive to an honest discussion of areas where PREA compliance needed to be strengthened as well as areas of non-compliance. The auditor indicated that an interim report will be sent within 45 days with standards or provisions details.

Post Audit Phase

Upon completion of the onsite phase of the audit, the auditor and the facility PREA compliance manager agreed to communicate by email and telephone during the post audit phase, regarding any identified need for additional documentation, as well as clarification of questions that arose while collating data. Further, the facility PREA compliance manager indicated that the facility would provide the auditor with proof of practice on an ongoing basis, as related to correction of identified deficiencies to ensure that practices have become institutionalized.

Communication with the facility PREA compliance manager and designated facility staff was ongoing, with efficient, timely, and thorough responses provided consistently both by email and telephone.

Audit Section of the Compliance Tool:

The auditor used the required Prison Rape Elimination Act (PREA) Audit Report Prison and Jail standards report to enter collected information. The auditor used the PREA Online Audit System (OAS) to conduct the audit. Detailed information from the audit interviews were integrated into relevant sections of the standards. In order to ensure all standards were analyzed, the auditor proceeded standard by standard and provision by provision, to determine compliance or non-compliance.

Interim Report:

There was no interim report submitted.

Final Audit Report:

The final 2021 PREA Audit report was completed on 3/13/21 and submitted to the facility.

AUDIT FINDINGS

Facility Characteristics:

The auditor's description of the audited facility should include details about the facility type, demographics and size of the inmate or resident population, numbers and type of staff positions, configuration and layout of the facility, numbers of housing units, description of housing units including any special housing units, a description of programs and services, including food service and recreation. The auditor should describe how these details are relevant to PREA implementation and compliance.

The Hudson Transitional Center is a 155-bed Community Transitional Center operated by the Georgia Department of Corrections housing offenders 18 years of age and above. One-hundred fifty-five (155) residents were assigned to the facility during the on-site audit. The resident population is made up of adult male offenders who are serving felony sentences. Georgia inmates are eligible for transitional center placement when they are within 15 months of their earliest release date. Some of the residents are long term and do not go out to work in the community.

This program is a nine (9) month program that includes substance abuse programming, educational opportunities and case management through the four (4) assigned counselors. The facility is housed in one building consisting of two wings, east and west, housing up to 155 residents. Staffed by a registered nurse through a contract with Augusta University, the nurse screens residents and provides on-site care as needed.

The facility's host facility is Rutledge State Prison and medical care is available there as well. The nurse does not conduct sexual assault forensic exams. Residents are required to be seeking work or be working in the community or are housed as long-term maintenance residents who perform a variety of work details on-site.

Residents at this facility have access to the community through job searches, work, appointments in the community, through facility phones, and cell phones.

AUDIT FINDINGS

Summary of Audit Findings:

The OAS will automatically calculate the number of standards exceeded, number of standards met, and the number of standards not met based on the auditor's compliance determinations. If relevant, the auditor should provide the list of standards exceeded and/or the list of standards not met (e.g. Standards Exceeded: 115.xx, 115.xx..., Standards Not Met: 115.yy, 115.yy). Auditor Note: In general, no standards should be found to be "Not Applicable" or "NA." A compliance determination must be made for each standard. In rare instances where an auditor determines that a standard is not applicable, the auditor should select "Meets Standard" and include a comprehensive discussion as to why the standard is not applicable to the facility being audited.

the PREA standards in all its facilities.

Georgia Department of Corrections takes sexual safety seriously. The GDC appointed a Director of Compliance who is responsible for the Department's compliance with the PREA standards, The Americans with Disabilities Act, and the American Correctional Association (ACA) Standards.

The Georgia Department of Corrections (GDC) Commissioner announced the promotion of Grace Atchison to statewide PREA coordinator effective September 16, 2017. The statewide PREA coordinator and an Assistant Agency Statewide PREA Coordinator have sufficient time and authority to develop, implement, and oversee the Department's efforts to comply with the PREA Standards in the GDC facilities. The Statewide PREA Coordinator has responsibility for the entire state.

In addition to the Agency Compliance Director, Statewide PREA Coordinator and Assistant PREA Coordinator, the agency has a PREA Analyst assigned to the PREA Unit. His job is to collect and analyze the data that is submitted to the PREA Unit., monthly, by each facility. This staff also receives the calls from inmates on the Department of Corrections PREA Hotline. The PREA analyst also assists the PREA Auditor, by retrieving information on all calls to the PREA Hotline from each facility prior to the on-site audit. He also assisted the auditor by securing from the Georgia Department of Corrections Technical Section, a roster of disabled inmates, identifying the inmate and his/her disability, enabling the auditor to select disabled inmates to interview during on-site visits. He keeps statistics for each facility and cumulatively for the agency that are used by the department in analyzing issuers related to PREA.

Interviewed Staff (Agency/Regional): The agency PREA coordinator was asked, do you feel that you have enough time to manage all of your PREA-related responsibilities?

The PREA coordinator, along with her assistant coordinator, are responsible for facilities statewide. These include all Georgia Department of Corrections State Prisons and Community Based Facilities as well as all the County Prisons in Georgia. Although the job is challenging, the Coordinator, who is an energetic and intelligent staff person, indicated she makes time to complete all her PREA related responsibilities.

Interviewed Staff (Agency/Regional): The agency PREA coordinator was asked, how many facility PREA compliance managers are there throughout your agency? How do you interact with them?

The PREA Coordinator indicated, in an interview, that there are 87 PREA Compliance Managers throughout the state. These include those managers at all of the GDC State Operated Prisons, Transitional Centers, Work Release Centers, Specialized Programs, Privately Operated Facilities and County Prisons. The PREA Coordinator is a Peace Officers Standards Training Certified Trainer. Interaction occurs during training sessions sponsored by the PREA Staff, especially in training members of the facilities Sexual Assault Response Teams. Additionally, she and her Assistant PREA Coordinator interact with the PREA Compliance Managers via phone, email, and via video.

115.211 (c)

Where an agency operates more than one facility, each facility has a designated PREA compliance manager with sufficient time and authority to coordinate the facility's efforts to

comply with the PREA standards.

The superintendent at each facility is charged with ensuring that all aspects of the agency's PREA Policy are implemented. The superintendent/superintendent are required to develop a Local Procedure Directive for response to sexual allegations. The Directive reflects the facility's unique characteristics and specifies how each facility will respond to sexual allegations and the notification procedures followed for reports of sexual allegations.

Superintendents are required to assign a facility PREA compliance manager, who has sufficient time and authority to develop, implement and oversee the facility efforts to comply with the PREA Standards.

The superintendent at this facility designated a higher-level staff, the deputy superintendent for Care and Treatment. She reports directly to the superintendent and reportedly has his complete support in implementing the PREA Standards.

Zero Tolerance is reflected in multiple documents, including PREA Acknowledgement Statements for staff, contractors, volunteers, and Inmates. Posters were observed in building, living units, and in areas like the barbershop, kitchen, education, the gym, medical, segregation, etc.

The facility provided PREA Acknowledgement Statements or rosters confirming staff have been trained in PREA. The PREA Acknowledgement Statements for Employees and Unsupervised Contractors and Volunteers affirms that they have received training on the department's Zero Tolerance Policy on Sexual Abuse and Sexual Harassment and that they have read the GDC Standard Operating Procedure 08.06, Sexually Abuse Abusive Behavior Prevention and Intervention Program. They acknowledge that violation of the policy will result in disciplinary action, including termination or being banned from entering any correctional institution.

This standard is rated "exceed" because of the agency and the facility's commitment to zero tolerance and to PREA. The department has designated a statewide compliance director with overall responsibility for implementing PREA. The department has designated a statewide PREA coordinator to oversee the implementation of PREA in the GDC facilities. Another staff has been designated as the agency's assistant PREA coordinator. GDC has also provided the PREA Unit the position of "analyst" who collects data from monthly reports sent to the PREA Unit. The superintendent has demonstrated his commitment to PREA by designating his deputy superintendent of Care and Treatment as the facility PREA compliance manager.

The facility provided a PREA Organizational Chart which indicated the positions of the statewide PREA coordinator, superintendent, facility PREA compliance manager, SART leader, retaliation monitor, victim advocate, SART investigator and the SART medical staff.

Interviewed Staff (Agency/Regional): The agency PREA coordinator was asked, if you identify an issue with complying with a PREA standard, what actions or processes do you undertake to work toward compliance with the standard?

The PREA Coordinator indicated if the agency identified an issue complying with a PREA Standard, she would get with subject matter experts, if needed or indicated, consult with applicable parties, including legal and develop a plan for corrective action. For example: During the implementation of PREA initially especially the agency reached out to National

Organizations for assistance. They reached out to Just Detention International early on in dealing with training issues. They also reached out to them when Georgia Prisons were having difficulty in identifying outside advocacy organizations to enter into Memoranda of Agreements to provide advocacy services to inmate victims of sexual abuse. The agency reached out the Moss Group subject matter experts in developing the agency's transgender policy and for assessing and recommending additional gender specific programs. Having identified issues with the quality of investigations, the agency is planning to have the Moss Group subject matter experts take a look at investigations and consult with the agency on improving the quality of those investigations.

Interviewed Staff: The facility PREA compliance manager indicated that there is enough time to manage all of her PREA related responsibilities, in part because of the support she receives from other staff, including designated staff, SART Team assistance, professional staff and PREA training for SART and facility staff. She also indicated that she is new to these responsibilities.

When asked to discuss how she coordinates the facility's efforts to comply with the PREA standards, the PREA compliance manager indicated that she would coordinate the facility's efforts to comply with the PREA standards by detecting, training, protecting, preventing, intervene, documenting, reporting, investigating, discipline, and prosecuting.

The staffing plan includes the use of video monitoring and this facility has approximately 30 cameras in each building housing inmates, with the exception of medical. living units and other cameras.

The facility has an operational manual which is the authoritative guidebook that describes the detailed processes and system utilized by Care & Treatment staff, identifying the services provided to the offender population. The operational manual has 38 sections. Section 36 covers "PREA Compliance Process".

Interviewed Staff (Agency/Regional): The agency PREA coordinator was asked, are you consulted regarding any assessments of, or adjustments to, the staffing plan for this facility? How often do these assessments happen?

The PREA Coordinator has worked diligently to develop a prototype to assist facilities in developing staffing plans that meet all the criteria required by the standards. Staffing Plans are comprehensive and thorough. The PREA Coordinator stated in an interview that staffing plans are reviewed by the PREA Coordinator(s) for the need for any changes or modifications to the plan. These reviews are done, according the PREA Coordinator, at least annually.

115.213 (D)

Each agency operating a facility shall implement a policy and practice of having intermediate-level or higher-level supervisors conduct and document unannounced rounds to identify and deter staff sexual abuse and sexual harassment. Such policy and practice shall be implemented for night shifts as well as day shifts. Each agency shall have a policy to prohibit

staff from alerting other staff member that these supervisory rounds are occurring unless such announcement is related to the legitimate operational functions of the facility.

Unannounced rounds are part of the staffing plan. Unannounced rounds are required to be conducted weekly by supervisory staff, including sergeants, lieutenants, captain, institutional duty officers, and superintendent. Staff are prohibited from alerting staff when they arrive at the facility for duty rounds. In addition to reviewed unannounced rounds conducted by supervisory staff while on duty, the auditor reviewed pages from the Duty Officer's Log confirming unannounced rounds being conducted.

Interviewed Staff: Interviewed staff was asked, have you conducted unannounced rounds? Staff indicated yes, he conducts unannounced rounds periodically and documented the rounds in the log books. Staff also indicated that he prevents staff from alerting other staff he is conducting unannounced rounds by advising them not to notify anyone that he is making rounds.

The auditor reviewed the following documentation:

- o Strip searches and pat searches must be completed in accordance with section J of this policy.
- The Chairperson must enter the appropriate profile on the Transgender and Intersex Offender List (TIOL) in SCRIBE, which will include all intersex and transgender offenders in GDC custody.

Interviewed Random Staff: Thirteen staff, representing staff from all shifts, were interviewed. All of the 13 interviewed random staff reported that they are not allowed to conduct cross-gender pat down searches. All but two of the female staff stated that they are not trained on conducting cross-gender pat down searches. It should be noted that the interviewer had to redirect the question for multiple interviewed staff. More than half of the staff confused cross-gender pat down searches with the searching of transgender inmates. What was consistent, is that all interviewed staff, stated that female staff do not search the male inmates.

115.215 (b)

As of August 20, 2015, or August 20, 2017 for a facility whose rated capacity does not exceed 50 inmates, the facility shall not permit cross-gender pat-down searches of female inmates, absent exigent circumstances. Facilities shall not restrict female inmates' access to regularly available programming or other out-of-cell opportunities in order to comply with this provision.

GDC Policy 226.01, Searches, 1.d., requires that strip searches of females will be conducted by female correctional officers and that males will be strip searched by male correctional officers absent exigent circumstances (escapes, riot, etc.) and only if a same gender officer is not available. Cross gender searches in exigent circumstances are required to be conducted with dignity and professionalism. Search policy requires in the event of exigent circumstances searches of the opposite gender conducted under exigent circumstances must be documented on an incident report. This facility is an all-male facility.

Interviewed Residents: Fifteen random residents and five targeted inmates were interviewed. One hundred percent of the inmates (20) reported that they have never been or had staff of the opposite gender conduct pat-down searches nor been naked in full view of female staff.

115.215 (c)

The facility shall document all cross-gender strip searches and cross-gender visual body cavity searches and shall document all cross-gender pat-down searches of female inmates.

GDC Policy 208.06, Prison Rape Elimination Act (PREA) Sexually Abusive Behavior Prevention and Intervention Program section IV.A. Page 9, states, the facility shall document all cross-gender strip searches and cross-gender visual body cavity searches, and shall document all cross-gender pat-down searches of female offenders via an incident report.

115.215 (d)

The facility shall implement policies and procedures that enable inmates to shower, perform bodily functions, and change clothing without nonmedical staff of the opposite gender viewing their breasts, buttocks, or genitalia, except in exigent circumstances or when such viewing is incidental to routine cell checks. Such policies and procedures shall require staff of the opposite gender to announce their presence when entering an inmate housing unit.

GDC Policy 208.06, Prison Rape Elimination Act (PREA) Sexually Abusive Behavior Prevention and Intervention Program section IV.A. Page 9, states, the facility shall implement procedures that enable offenders to shower, perform bodily functions, and change clothing without nonmedical staff members of the opposite gender viewing their breasts, buttocks, or genitalia, except in exigent circumstances or when such viewing is incidental to routine cell checks. Offenders should only shower, perform bodily functions, and change clothing in designated areas (e.g. cells, shower rooms and bathrooms).

GDC Policy 208.07, Bodily Privacy, states, before an opposite sex staff member or visitor enters an area where inmates may be undressed, he or she will request that the correctional officer in charge announce that he or she will be entering the area.

Inmates will be allowed an appropriate amount of time to dress before the opposite sex staff member or visitor enters the area.

Additional measure required by policy is for staff of the opposite gender to announce their presence when entering an inmate housing unit. Notices are prominently posted advising inmates that female staff routinely work and visit inmate housing areas.

In the case of seclusion or restraint, inmates will be allowed to remain dressed unless contra-indicated.

GDC Policy 220.09, Classification and Management of Transgender and Intersex Offenders states that if the offender indicates he or she is transgender or intersex, staff must ensure he or she is allowed to shower separately.

Observations: The auditor did observe announcements of female staff entering the male living areas. The auditor had opportunities to view resident and staff interaction. There was also ample time to observe the nature and quality of resident supervision throughout the on-site audit process, and in all instances the auditor observed appropriate respect on the part of both inmates and staff.

Interviewed Random Staff: One hundred percent of staff interviewed (13) stated that female direct care staff are never allowed to perform shower, dress, or bathroom duties of male Inmates. The staff also reported that opposite gender staff announce their presence when entering the housing unit. The staff reported that they will make announcement by saying "female on deck" or "female on the floor".

Interviewed Residents: Fifteen random Inmates and five targeted inmates were interviewed. All of the interviewed inmates (20) stated that staff announce their presence when entering the housing area. When probed, the inmates stated that staff say "female on floor". The inmates further stated that female staff make announcements when conducting bathroom checks.

115.215 (e)

The facility shall not search or physically examine a transgender or intersex inmate for the sole purpose of determining the inmate's genital status. If the inmate's genital status is unknown, it may be determined during conversations with the inmate, by reviewing medical records, by learning that information as part of a broader medical examination conducted in private by a medical practitioner.

GDC Policy 208.06, Prison Rape Elimination Act (PREA) Sexually Abusive Behavior Prevention and Intervention Program section IV.A. Page 10, states, the facility shall not search or physically examine a Transgender or Intersex offender for the sole purpose of determining the offender's genital status. If the offender's genital status is unknown, it may be determined during conversations with the offender, by reviewing medical records, or, if necessary, by learning that information as part of a broader medical examination conducted in private by a medical practitioner. The provision does not limit searches of offenders to ensure the safe and orderly running of the institution.

Interviewed Random Staff: One hundred percent of the interviewed staff (13) stated that they facility prohibits staff from searching or physically examining a transgender or intersex Inmate for the sole purpose of determining their genital status. It was also reported that the gender status of an inmate is identified prior to placement at Hudson TC, as all inmates are transferred to Hudson TC from a prison.

The interviewed security staff reported that the facility prohibits security staff from conducting searches to determine a resident's genital status. Staff reported that the medical staff would make the determination of what an inmate's genital status is upon intake/admission process.

All (20) twenty staff that were interviewed reported that they have had training either in person or online regarding how to properly conduct a cross-gender search. (Many of the staff reported that since COVID-19, that they have had online training regarding PREA and the importance of cross-gender searching).

115.215 (f)

The agency shall train security staff in how to conduct cross-gender pat down searches, and searches of transgender and intersex inmates, in a professional and respectful manner, and in the least intrusive manner possible, consistent with security needs.

The reviewed training module for annual in-service training deals with search procedures in Paragraph C., Search Procedures. The following are required as explained in the training module:

1. Staff must conduct searches in a professional and respectful manner (and never with the intent to harass or degrade the offender),
2. Male offenders may be pat searched by both male and female security staff,
3. Male offenders will only be searched by male security staff, except under exigent circumstances and are documented by an Incident Report,
4. Transgender and intersex offenders' gender designation will coincide with the prison assignment made during classification. Pat search techniques are then discussed and the use of the back of the hand are described for the trainee.

Staff are trained to conduct cross-gender searches in exigent circumstance. The auditor

reviewed training rosters and an excel spreadsheet documenting Day 1 In-Service Training.

Interviewed Staff (Agency/Regional): The Public Safety Trainer III stated, when asked about search training indicated the following:

- Uniform staff are trained in Basic Correctional Officer Training (BCOT) on GDC's search policy. They are also trained on how to conduct pat and strip searches.
- Female staff are trained to conduct pat searches of males and females. In searching males, female staff are trained, he said, to search using the blade (back of the hand). While the GDC preference is that males pat search males, females are trained to conduct pat searches appropriately.
- Cross gender strip searches are prohibited, except in exigent circumstances. He described what could be considered an exigent circumstance.

When asked about searches of transgender inmates, that staff are trained in BCOT to ask questions of the inmate; and to search the inmate in a respectful and professional manner.

Prevention Planning, Paragraph 6, Inmates with disabilities and inmates who are limited English proficient, requires the local PREA compliance manager to ensure that appropriate resources are made available to ensure the facility is providing effective communication accommodations when a need for such an accommodation is known. It also prohibits the facility from relying on inmate interpreters, readers or other types of inmate assistants except in exigent circumstances where an extended delay in obtaining an effective interpreter could compromise the inmate's safety, the performance of first response duties or the investigation of the inmates' allegation.

The auditor documentation review included The Georgia Department of Corrections "Telephonic Interpreter User Guide". The User Guide is designed as a training resource for all Georgia DOC employees.

Overview of the "Telephonic Interpreter User Guide":

Interviewed Staff (Agency/Regional): The agency Head designee was asked if the agency established procedures to provide inmates with disabilities and inmates who are limited English proficient equal opportunity to participate in or benefit from all aspects of the agency's efforts to prevent, detect, and respond to sexual abuse and sexual harassment.

The Office of Professional Standards, Compliance Unit, has a Statewide ADA Coordinator who has established multiple contracts to ensure inmates with disabilities are able to participate fully in the agency's efforts to prevent sexual abuse. This is relevant to PREA in that when any issue arises regarding the need for any kind of interpretive services, the facility ADA Coordinator and PREA Compliance Manager have access to the Statewide Coordinator who can expedite interpretive services beyond those offered by Language Line, and these services, provided through multiple statewide contracts, include telephone, video, and on-site interpretive services.

Coordinator who serves as a resource person for accessing interpretive services for disabled or limited English proficient detainees and inmates. The Statewide Coordinator has required each facility to designate an ADA Coordinator in each facility. The ADA Coordinator has provided access to multiple statewide contracts for interpretive services for hearing impaired, visually impaired, or limited English proficient.

Interviewed Staff (Agency/Regional): An interview with the assistant PREA coordinator confirmed that he is available to assist facilities in securing an appropriate interpreter when needed to ensure a disabled or limited English proficient inmate has access to all aspects of the agency's PREA prevention, detection, reporting and responding program. The state has multiple contracts with interpretive services for an array of disabilities. He also discussed the ADA contracts that support the agency PREA initiatives.

Interviewed Resident: One interviewed resident that was identified as having a disability reported that their disability did not limit them from understanding the PREA related education and information. The inmate stated that he has a hearing aid and did not need additional assistance; however, the facility did provide PREA related information in a video and there are posters everywhere.

115.216 (b)

The agency shall take reasonable steps to ensure meaningful access to all aspects of the agency's efforts to prevent, detect, and respond to sexual abuse and sexual harassment to inmates who are limited English proficient, including steps to provide interpreters who can interpret effectively, accurately, and impartially, both receptively and expressively, using any necessary specialized vocabulary.

GDC Policy 208.06, Prison Rape Elimination Act (PREA) Sexually Abusive Behavior Prevention and Intervention Program section IV.A. Page 11, states, the facility shall not rely on offender interpreters, offender readers, or other types of offender assistants except in exigent circumstances where and extended delay in obtaining an effective interpreter could compromise the offender's safety, the performance of first response duties under 28 CFR 115.64, or the investigation of the offender's allegations.

The facility has a contract with Language Line Solutions for providing telephonic interpretive services. The instructions for accessing Language Line are posted. The facility also provided Statewide Contract Information Sheets for a variety of translation and interpretive services. These included: Sign Language and Hearing and limited English proficiency interpreting (contact information is provided). The auditor reviewed the PREA Brochures in both Spanish and English. The agency also has an Americans with Disabilities Act coordinator. Interviews confirms the agency's contingency related to translation and interpretive services.

The facility has hired a mental health counselor that is bilingual and speaks Spanish. The staff has agreed to serve as a staff translator when necessary.

115.216 (c)

The agency shall not rely on inmate interpreters, inmate readers, or other types of inmate assistants except in limited circumstances where an extended delay in obtaining an effective interpreter could compromise the inmate's safety, the performance of first-response duties under standard, or the investigation of the inmate's allegations.

Interviewed Random Staff: One hundred percent of the random staff interviews reported that Inmate interpreters are not allowed; nor have Inmate interpreters, Inmate readers, or other type of Inmate assistants used in retaliation to allegations of sexual abuse or sexual harassment. Six of the interviewed staff also reported that the facility would access the language hotline rather than allowing an inmate to serve as an interpreter.

Interviewed Staff (Agency/Regional): The agency Head designee was asked; how does the agency use monitoring technology (either newly installed or updated) to enhance the protection of inmates from incidents of sexual abuse?

Staff indicated that the PREA Unit would be consulted, along with other disciplines to provide their input related to the deployment of video cameras and equipment and monitoring technology and updates.

Interviewed Staff (Agency/Regional): The Agency's Director of Operations, in an interview indicated that cameras are important. He indicated that a camera project, that may be upgrading an existing system or installing new cameras and systems, will cost approximately 1,000,000 dollars. Prior to adding cameras or modifying systems facility staff and agency staff will have input. There is a strategic plan prioritizing facility based on need.

Interviewed Staff: An interview with the superintendent indicated that the facility will use video monitoring as a constant measure of monitoring offender movement as a deterrent and to investigate allegations of sexual abuse reports by offenders.

These procedures are covered, GDC’s response to sexual assault following the US Department of Justice’s Office on Violence Against Women publication, “A National Protocol for Sexual Assault Medical Forensic Examinations, Adults/Adolescents”. - Agency PREA Coordinator Investigation's Overview

Interviewed Random Staff: During the on-site audit, 13 random staff were asked, "Do you know and understand the agency's protocol for obtaining usable physical evidence if a Inmate alleges sexual abuse. All of the interviewed staff were aware of the agency's protocols. The staff that were aware of the protocols, were able to describe the process and steps required to protect physical evidence; which included take immediate action, stay with the inmate, separate the victim from the perpetrator, isolate/secure the scene and secure evidence, notify supervisor, secure evidence in a bag, don't allow the inmate to shower, bath, brush teethe, and overall treat as a crime scene. Most of the direct care staff also reported that they would send the victim to medical for an initial evaluation of his/her medical condition. The same staff were asked, "Do you know who is responsible for conducting sexual abuse investigations?" All of the interviewed staff could clearly articulate the SART team or the "PREA person" conducts investigations.

115.221 (b)

The protocol shall be developmentally appropriate for youth where applicable, and, as appropriate, shall be adapted from or otherwise based on the most recent edition of the U.S. Department of Justice's Office on Violence against Women publication, "A National Protocol for Sexual Assault Medical Forensic Examinations, Adults/Adolescents," or similarly comprehensive and authoritative protocols developed after 2011.

GDC Policy 208.06, Prison Rape Elimination Act (PREA) Sexually Abusive Behavior Prevention and Intervention Program section IV.A. Page 14, states, when there is a report of an incident of sexual abuse that was alleged to have occurred within the previous 72 hours, or there is a strong suspicion that an assault may have been sexual in nature, a physical examination of the alleged victim shall be conducted to determine if immediate medical attention is necessary and if the SANE protocol should be initiated, (Attachment 5, Procedure for SANE Evaluation/Forensic Collection). The SANE examination shall be provided at no cost to the offender. Physical evidence from the suspected perpetrator (s) will be collected and may also include an examination. Offender consent must be collected and may also include an examination. Offender consent must be obtained prior to initiating the SANE protocol, in accordance with policy 507.04.85 Informed Consent.

115.221 (c)

The agency shall offer all victims of sexual abuse access to forensic medical examinations, whether on-site or at an outside facility, without financial cost, where evidentiarily or medically appropriate. Such examinations shall be performed by Sexual Assault Forensic Examiners (SAFEs) or Sexual Assault Nurse Examiners (SANEs) where possible. If SAFEs or SANEs cannot be made available, the examination can be performed by other qualified medical practitioners. The agency shall document its efforts to provided SAFEs or SANEs.

GDC Policy VH07-001 Health Services, E., Medical Services Deemed Necessary Exempt from Fee, requires that medical care initiated by the facility is exempt from health care fees.

The department has promulgated a Local Procedure Directive encompassing the procedures related to responding to victims of sexual assault and the victim is provided the opportunity for a forensic exam as soon as possible. Forensic exams are provided at no cost to the victim.

Investigations are initiated when the Sexual Assault Response Team (SART) leader is notified of an actual or allegation of sexual/abuse or sexual harassment. The SART initially investigates to determine if the allegation is PREA related. If there is a sexual assault, the SART leader informs the superintendent/superintendent who (or designee) contacts the Office of Professional Standards (OPS) investigator who will respond to conduct the criminal investigation. OPS is the office with the legal authority and responsibility to conduct investigations of incidents the victim and requiring the alleged perpetrator not to take any actions that would degrade or eliminate potential evidence and securing the area or room where the alleged assault took place and maintaining the integrity of evidence until the OPS investigator arrived.

The OPS investigator may order a forensic exam. If a forensic exam is ordered, the facility's nurse or Health Services Administrator/designee uses the Sexual Assault Nurse Examiner's List and contacts them to arrange the exam. The list, entitled, "SANE Nurse Call Roster" with contact information for Satilla SANE Nurse Group was posted, provided to the auditor, and reviewed.

The Satilla SANE Nurses consists of four registered nurses and an advocate. The SANE Nurses use a uniform protocol for collecting evidence. Upon completion of the exam the "rape kit" would be turned over to the OPS investigator. If the OPS investigator has not arrived, the SART leader secures the rape kit and initiates the chain of custody following a forensic exam.

Interviewed Staff (Statewide): The lead SANE nurse indicated that the "Sexual Assault Response Team" has a contract with the Georgia Department of Corrections to provide SANE and advocacy services to all prisons, transitional centers and other treatment centers.

The lead SANE nurse indicated that examiners will respond to the facility where the exam will be conducted. She confirmed the forensic exam is conducted in private, most often with two SANEs, one of whom serves as an advocate for the inmate, explaining the process and providing emotional support.

The lead SANE nurse also indicated that all Sexual Assault Nurse Examiners have completed their 40-hour DIDA-CTIC training and completed the requirements for check off exams. Each nurse has continued their training through various means. They are updated through the National Sexual Assault Violence Resource Center with trainings, Annual PREA Trainings with the Georgia Department of Corrections, staying abreast of new National Sexual Assault Protocol and the International Association Forensic Nurses Standards. They meet monthly for peer review and discuss and new changes in protocols.

According to the lead SANE nurse, if they are not available the facility medical staff confirmed that if an inmate alleges sexual assault he will be brought to medical for initial assessment. If there were serious injuries, the inmate will be taken to the hospital for treatment and the forensic exam will be conducted at the hospital. Medical will send a rape kit along with the transporting officer.

The facility maintained a Medical PREA Log of all forensic exams. This log includes the following information:

1. Logs the date of the incident,
2. Reported within 72 hours,
3. Transport to ER,
4. Inmate consent signed,
5. SANE notified,
6. Time notified,
7. Date Exam Scheduled,
8. Date Exam completed,
9. Time SANE arrived,
10. SANE Conducting the Exam,
11. Company Chain of Command for Rape Kit, and
12. Date the rape kit is accepted by security.

115.221 (d)

The agency shall attempt to make available to the victim an advocate from a rape crisis center. If a rape crisis center is not available the agency shall make available to provide these services, a qualified staff member from a community-based organization, or a qualified agency staff member. Agencies shall document efforts to secure services from rape crisis centers. For this standard, a rape crisis center refers to an entity that provides intervention and related assistance, such as the services specified in 42 U.S.C. 1400043, to victims of sexual assault of all ages. The agency may utilize a rape crisis center that is part of a governmental unit as long as the center is not part of the criminal justice system and offers a comparable level of confidentiality as a nongovernmental entity that provides similar victim services.

GDC policy requires the PREA compliance manager to attempt to enter into an agreement with a rape crisis center to make available a victim advocate to inmates being evaluated for the collection of forensic evidence. It also requires an administrative or criminal investigation of all allegations of sexual abuse and sexual harassment. Allegations involving potentially criminal behavior will be referred to the Office of Professional Standards (OPS).

Harmony House (Outside Victim Advocate MOU): The Harmony House MOU with the Charles D. Hudson Transitional Center states, "Please be advised, as representative of Harmony House, I do hereby agree Harmony House will provide Sexual Assault Victim Advocacy Services to Charles D. Hudson Transitional Center of the Georgia Department of Corrections, in the event of an alleged sexual assault.

If requested by the victim, a qualified Harmony House Victim Advocate will be provided. The advocate shall accompany and support the victim throughout the investigative process to include interviews, forensic exams, and crisis intervention for informational and emotional support only.

I agree that each advocate provided will meet the vetting and training standards required by Harmony House and the Georgia Criminal Justice Coordinating Council, including training on the Prison Rape Elimination Act.

Furthermore, all Harmony House Advocates are bound by rules of confidentiality and will not

share information about alleged incidents of sexual assault or other information shared by a resident, with the exception of suspected abuse or neglect of a child or vulnerable adult, or in the case of a concern about intent to hurt someone else or attempt suicide.”

Interviewed Staff: The PREA compliance manager was asked, in what ways does the agency or facility attempt to make available a victim advocate from a rape crisis center? She indicated that the Harmony House Advocates MOU provides services to this facility.

Interviewed Staff: The PREA compliance manager was asked, if a rape crisis center provides victim advocate services, how do you ensure that it meets the qualification described in standard? She indicated that the facility has a contract or MOU to comply with the standard.

115.221 (e)

As requested by the victim, the victim advocate, qualified agency staff member, or qualified community-based organization staff member shall accompany and support the victim through the forensic medical examination process and investigatory interviews and shall provide emotional support, crisis intervention, information, and referrals.

The facility’s Sexual Assault Response Team (SART) investigates allegations of sexual assault and sexual harassment. Multiple staff are educationally and professionally qualified to serve as a qualified staff advocate. The Mental Health director is professionally licensed and a member of the SART.

The facility has mental health staff, including licensed professional counselors and Masters’ level Social Work staff, who can serve as a victim advocate in the absence of an outside advocate or who can accompany the inmate during any forensic exam, if requested. The facility also has general population counselor who has been trained to serve as a victim advocate. Documentation was provided confirming this online training.

The auditor reviewed the following documentation.

- Facility Staff Victim Advocate Certificates – 1
- Referrals to Mental Health - 3

115.221 (f)

To the extent the agency itself is not responsible for investigating allegations of sexual abuse, the agency shall request that the investigating agency follow the requirements of paragraphs (a) through (e) of this section.

See Section (a) response.

115.221 (g)

The requirements of paragraphs (a) through (f) of this section shall also apply to:

- Any State entity outside of the agency that is responsible for investigating allegations of sexual abuse in prisons or jails; and
- Any Department of Justice component that is responsible for investigating allegations of sexual abuse in prisons or jails.

See Section (a-f) responses.

115.221 (h)

For the purposes of this section, a qualified agency staff member or a qualified community-based staff member shall be an individual who has been screened for appropriateness to serve in this role and has received education concerning sexual assault and forensic examination issues in general.

The facility provided the auditor with a Certificate of Completion of the Victim Assistance Training Online Advocacy. This certificate credits the staff taking the course with .5 training hour from the Office for Victims of Crime Training and Technical Assistance Center. There were three staff completing the training to serve as facility staff advocate. The facility provided the auditor with a memo providing the name of the designated PREA Sexual Assault advocate for the facility.

The facility provided the auditor a memo entitled– Victim Advocate Expectations. According to the memo when a facility is unable to provide contract services to sexual abuse victims from outside resources such as rape crises specialist, the agency's SART compliance manager selects a qualified staff member to be the victim's advocate. The victim's advocate is there to assist victims of sexual abuse in making sure that they are not re-victimized by the system. Below are some of the possible requests a victim's advocate will be expected to assist with:

1. Contacting outside resources, such as Crises Centers, in attempt to gain emotional support or outside mental health support for the inmate.
2. Accompanying the offender through the medical examination if he requests.
3. Assisting with getting call or visitor lists approved for emotional support.
4. Putting the offender in contact with outside resources when he is ready to be released so that he can continue all needed therapy and support.
5. Ensuring that the PREA guidelines and GDC policies are being followed during and after the investigation in relation to the treatment and safety of the victim.

Sexual Assault Responses Team is responsible for the initial inquiry and subsequent administrative investigation of all allegations of sexual abuse or sexual harassment with limitations. In cases where allegations are made against staff members and the SART inquiry deems the allegation is unfounded or unsubstantiated by evidence of facility documentation, video monitoring systems, witness statement or other investigative means, the case can be closed at the facility level. No interviews may be conducted with a staff member nor a statement collected from the accused staff without first consulting the Regional Special Agent in Charge (SAC).

All allegations with penetration and those with immediate and clear evidence of physical contact, are required to be reported to the Regional SAC and the department's PREA coordinator immediately upon receipt of the allegations. If a sexual assault is alleged and cannot be cleared at the local level, the Regional SAC determines the appropriate response upon notification. If the response is to open an official investigation, the Regional SAC will dispatch an agent or investigator who has received special training in sexual abuse investigations.

Evidence, direct and circumstantial, will be collected and preserved. Evidence includes any electronic monitoring data; interviews with witnesses; prior complaints and reports of sexual abuse involving the suspected perpetrator.

When the criminal investigation pertaining to an employee is over it is turned over to the Office of Professional Standards to conduct any necessary compelled administrative interviews. The credibility of a victim, suspect or witness is to be assessed on an individual basis and not determined by the person's status as offender or staff member.

Offenders alleging sexual abuse will not be required to submit to a polygraph or other truth telling device as a condition for proceeding with the investigation of the allegation. After each SART investigation all SART investigations are referred to the OPS for an administrative review.

Interviewed Staff (Agency/Regional): An interview with the Inspector of the Criminal Investigations Division indicated that the agency policy requires that allegations of sexual abuse or sexual harassment be referred for investigation to an agency with the legal authority to conduct criminal investigations unless the allegation does not involve potentially criminal behavior. He indicated that GDC maintains a certified Criminal Investigations Division staffed by Special Agents who are Peace Officer Standards Training (POST) Mandated with full statewide arrest powers.

115.222 (c)

If a separate entity is responsible for conducting criminal investigations, such publication shall describe the responsibilities of both the agency and the investigating entity.

See Sections responses.

115.222 (d)

Any State entity responsible for conducting administrative or criminal investigations of sexual abuse or sexual harassment in prisons or jails shall have in place a policy governing the conduct of such investigations.

GDC Standard Operating Procedure, IK01-006, Investigation of Allegations of Sexual Contact, Sexual Abuse and Sexual Harassment, thoroughly describes the expectations for reporting allegations including initial notifications, general guidelines for investigations and investigative reports. This policy asserts that allegations of sexual contact, sexual abuse and sexual harassment filed by sentenced offenders against departmental employees, contractors, vendors, or volunteers be reported, fully investigated, and otherwise treated in a confidential and serious manner. Staff are required to cooperate with the investigation and GDC Policy is to ensure that investigations are conducted in such a manner as to avoid threats, intimidation, or future misconduct. Policy requires “as soon as an incident of, sexual contact, sexual abuse or sexual harassment (including rumors, inmate talk, kissing, etc.) comes to the attention of a staff member, the staff member is required to immediately inform the superintendent/superintendent, and/or the Institutional duty officer, and/or the Office of Professional Standards Unit verbally and follow up with a written report. Failure to report allegations of sexual contact, sexual abuse or sexual harassment may result in disciplinary action, up to and including dismissal.

The policy affirms the “Internal Investigations Unit” (Officer of Professional Standards) will investigate allegations of sexual contact, sexual abuse, and sexual harassment by employees, contractors, volunteers, or vendors. The investigations may include video or audio recorded interviews and written statements from victims, alleged perpetrator and any witnesses as well as all other parties with knowledge of any alleged incident, as well as known documents, photos or physical evidence.

Policy requires investigations to continue whether the alleged victim refuses to cooperate with the investigator and whether another investigation is being conducted and also even if the employee resigns during an investigation. The time limit for completing investigations is 45 days from the assignment of the case.

Facility-based investigations are conducted by a team of staff including a staff whose primary responsibility is to investigate, a staff whose primary role is mental health/staff advocate, and a medical staff. Upon receiving the complaint, the investigator initiates the investigation process.

The auditor reviewed 3 investigation packages that consistently contained the following:

- o PREA Investigative Summaries - 3
- o PREA Disposition Offender Notifications - 3
- o Sexual Abuse Incident Review Checklist (30 days Review) - 3
- o Sexual Allegation Response Checklist - 3
- o PREA Initial Notifications - 3
- o Incident Reports - 3
- o Supplement Reports -2
- o Witness Statements - 2

Allegations made through the grievance process were turned over to the SART for investigation and not processed through the regular grievance process.

The auditor reviewed 2 PREA Coordinator Investigation’s Overview which included the following information:

- o SART Investigator Summary
- o PREA Compliance Manager Comments

- o PREA Coordinator Comments

In addition to the required PREA training the agency requires the following related ACA training topics.

- Responsibilities, rights, rules and regulations of employees
- Security responsibilities
- Sexual harassment
- Prohibitions concerning sexual harassment, religious prejudice, and minority rights
- Appropriate conduct with offenders and Offender supervision

Interviewed Staff (Agency/Regional): The interviewed Public Safety Trainer III described for the auditor the ways GDC Staff receive PREA Training. These ways included:

- Pre-Service Orientation (PSO) – Staff are trained at the facility prior to their attending Basic Correctional Officer's Training. They are trained by a POST certified officer, known as a Field Training Officer (FTO). This training consists of 80 hours of training, including PREA. PREA training, he indicated, complies with the topic requirements of the PREA Resource Center, and consists of a two (2) hour training block.

- Basic Correctional Officer's Training – Following PSO, uniform staff attend Basic Correctional Officers Training (BCOT). The PREA Training provided during BCOT consists of the DOC approved curriculum and is covered in a 2-hour block of training using the same curriculum used in PSO. That training is provided by a POST Certified Training Officer.
- Annual In-Service Training – All staff attend Annual In-Service Training. He indicated that staff would attend their first Annual In-Service training classes within 12 months of completing BCOT. In Annual In-Service Training, staff, he indicated, regardless of their position will receive a 2-hour block of PREA Training. The topics, he indicated, cover all the topics required by the PREA Standards.

115.231 (b)

Such training shall be tailored to the gender of the inmates at the employee's facility. The employee shall receive additional training if the employee is reassigned from a facility that house only male inmates to a facility that houses only female inmates, or vice versa.

New employees receive PREA Training during the Pre-Service Orientation. Staff receive Annual In-Service Training that includes a segment on PREA. In-Service Training considers the gender of the inmate population.

See Section (a) response.

115.231 (C)

All current employees who have not received such training shall be trained within one year of the effective date of the PREA standards, and the agency shall provide each employee with refresher training every two years to ensure that all employees know the agency's current sexual abuse and sexual harassment policies and procedures. In years in which an employee does not receive refresher training, the agency shall provide refresher information on current sexual abuse and sexual harassment policies.

Interviewed Random Staff: Interviews with all 13 random staff sampled confirmed that they received PREA education when employed during new employee training and during annual in-service training. Interviews with staff indicated they are all aware of the Zero Tolerance Policy, employee and Inmate rights, signs and symptoms of sexual abuse, reporting and responding. One hundred percent of the direct care staff reported being knowledgeable of the topics they had been trained in. The staff were able to describe the training on zero tolerance, Inmate and staff rights, dynamics of sexual abuse and sexual harassment, prevention and response protocol as well supportive services available to Inmates. All staff interviewed indicated they have received training on working with vulnerable populations (LGBTQI, prior history of sexual victimization).

Staff reported that they received PREA related training in pre-service and annual in-service.

When probed, staff described some aspects of the training that included but not limited to: common reactions of victims include being withdrawn, isolating themselves, they may try to stay around staff, and overall changes in behavior. It should be noted that an educator and a maintenance staff was included in the random sample of staff interviews.

115.231 (d)

The agency shall document, through employee signature or electronic verification that employees understand the training they have received.

GDC Policy 208.06, Prison Rape Elimination Act (PREA) Sexually Abusive Behavior Prevention and Intervention Program section IV.A. According to the agency, effective February 28, 2019, the Georgia Department of Correction will begin to receive volunteer applications online through the agency web-based site. The auditor reviewed 42 volunteers PREA Training Acknowledgement statements.</p>

The auditor reviewed the Volunteer Handbook dated March 2020. The handbook documented the requirements for “Mandatory Pre-Service Volunteer Certification Training”.

The mandatory Volunteer Certification Training consists of the following subjects:

- Overview of Corrections
- Overview of Reentry Services
- PREA (Prison Rape Elimination Act) Reporting requirement
- Games Offenders Play
- Role of Volunteer/Rule of Volunteer
- Code of Ethics and Conduct
- Standard Operating Procedures and Policies
- Sexual Harassment/Unlawful Harassment
- Sexual Misconduct
- Emergency Procedures
- Infectious Diseases
- Volunteer Forms

The auditor reviewed the following documentations.

- Volunteer Training Acknowledgement - 1
- Volunteer ID Confirmation/Background Checks – 12

Interviewed Staff (Agency/Regional): An interview with the director of Chaplaincy Services and the volunteer coordinator indicated that the volunteer training has now been centralized to ensure consistency and also because many of the volunteers serve as volunteers in multiple Georgia prisons. The training curriculum for the centralized training is developed and delivered by Chaplaincy staff. Centralized delivery of training eliminates different information being shared with volunteers that provide services to multiple prisons.

Staff also indicated that the initial volunteer background checks are being conducted as a part of receiving the volunteer ID card this will allow volunteers to enter all facilities. It was also stated that volunteers must undergo a background check annually and complete a new PREA Acknowledgement Statement.

The PREA Acknowledgement Statement states, “I have received the appropriate training for my employee status in accordance with SOP 208.06, Sexually Abusive Behavior Prevention and Intervention Program. I understand the Department’s zero-tolerance for sexual abuse of offenders. I understand that I am not to engage in any behavior of a sexual nature with an offender and to report to a nearby supervisor if I witness such conduct or if someone reports such conduct to me. I further understand that my authorization to enter, visit, or work at a correctional institution where there are offenders is based on my agreement to comply with the Department’s policy on sexual abuse, and sexual harassment. I also understand that any violation of the policy will result in disciplinary action, including termination, or that I will be banned from entering any correctional institution. Finally, I understand that that engaging in sexual contact with an offender is a felony offense punishable by imprisonment of not less than one, nor more than 25 years, and a fine of \$1000,000., or both (O.C.G.A 16-6-5.1) I further understand that under O.C.G.A 16-6-5.1, an offender cannot consent to sexual activity with staff, contractors, or volunteers.

This is to acknowledge I understand the Department’s policy on Zero Tolerance of Sexual

Abuse and Sexual Harassment of offenders. As a condition of employment, I will abide by the terms and conditions of this policy.”

115.232 (b)

The level and type of training provided to volunteers and contractors shall be based on the services they provided and level of contact they have with inmates, but all volunteer and contractors who have contact with inmates shall be notified of the agency’s zero-tolerance policy regarding sexual abuse and sexual harassment and informed how to report such incidents.

Georgia DOC Policy, 208.6, Prison Rape Elimination Act, Sexually Abusive Behavior Prevention and Intervention Program, C. Training and Education, Paragraph 3, Volunteer and Contractor Training, requires all volunteers and contractors who have contact with inmates to be trained on their responsibilities under the department’s PREA policies and procedures. This training is based on the services being provided and the level of contact with inmates, however all volunteers and contractors are required to be notified of the department’s zero-tolerance policy and informed how to report such incidents. Participation must be documented and indicates understanding the training they received.

Information from the GDC Transitional Services coordinator explained to superintendents that volunteers who participate in the volunteer training at Tift (Location of the GDC State Office) receive initial PREA training and have a background check completed.

The level and type of training provided to volunteers and contractors is based on the services they provide and level of contact they have with the inmates. All volunteers and contractors who have contact with offenders are notified of the department’s zero tolerance policy regarding sexual abuse and sexual harassment and informed on how to report such incidents. Documentation of that training is on the Contractor/Volunteer Acknowledgement Statement. The auditor reviewed 42 signed statements.

The chaplain indicated that all volunteers training is delivered in the agency headquarters. And the training is mandatory for all volunteers. Volunteers received training on PREA reporting requirements, role of volunteer/rule of volunteer, code of ethics and conduct, sexual harassment/unlawful harassment, and sexual misconduct.

Interviewed Staff: One contractor was interviewed, when ask have you been trained in your responsibilities regarding sexual abuse and sexual harassment, prevention, detection, and response according to agency policy and procedures? The contractor indicated yes, and as a medical contractor most of the information are included are included in the medical training and orientation.

115.232 (c)

The agency shall maintain documentation confirming that volunteers and contractors understand the training they have received.

Documentation of the volunteer training is submitted to the deputy superintendent of Care and

Treatment.

The agency requires all volunteers to sign a "Volunteer Service Agreement" that includes the Prison Rape Elimination Act (PREA) Notification. The notification includes the following language.

1. I understand that GDC has a zero-tolerance policy toward any sexual misconduct, sexual harassment, or sexual abuse between inmates and between inmates and staff or volunteers.
2. I understand that I am obligated to report all sexual abuse or sexual harassment between inmates or between inmates and staff or volunteers whether I observe the incident, or the incident is reported to me.

Interviewed Staff (Agency/Regional): An interview with the director of Chaplaincy Services and volunteer coordinator indicated that training the volunteer receives is put into SCRIBE, the GDC database/computer system. Upon completion of the training and a successful background check the volunteer is issued a "badge" that identifies his/her as having been cleared to come into a facility as a volunteer.

If medical staff employed by the agency conduct forensic examinations, such medical staff shall receive the appropriate training to conduct such examinations.

The nurses at this facility do not conduct forensic examinations. The agency has contracts with Sexual Assault Nurse Examiners who would come to the facility to conduct the exam. The facility provided the list of SANEs, which documents the contact information for the SANES. If an inmate required care beyond the scope of the Prison Medical Unit, the inmate will be transported to a local hospital where a medical doctor would conduct the sexual assault forensic exam.

Interviewed Staff (Statewide): The lead SANE nurse indicated that the “Sexual Assault Response Team” has a contract with the Georgia Department of Corrections to provide SANE and advocacy services to all prisons, transitional centers and other treatment centers.

The lead SANE nurse indicated that examiners will respond to the facility where the exam will be conducted. She confirmed the forensic exam is conducted in private, most often with two SANEs, one of whom serves as an advocate for the inmate, explaining the process and providing emotional support.

The lead SANE nurse also indicated that all Sexual Assault Nurse Examiners have completed their 40-hour DIDA-CTIC training and completed the requirements for check off exams. Each nurse has continued their training through various means. They are updated through the National Sexual Assault Violence Resource Center with trainings, Annual PREA Trainings with the Georgia Department of Corrections, staying abreast of new National Sexual Assault Protocol and the International Association Forensic Nurses Standards. They meet monthly for peer review and discuss and new changes in protocols.

by:

- o Childhood physical or sexual abuse
- o Battered spouses
- o Rape victims

- Offenders at any time can request evaluation for treatment due to a history of abuse.

GDC Policy 508.17 Identification of Offenders with a History of Physical or Sexual Abuse defines Specially Trained Counselor as any mental health counselor, or licensed clinical consultant (psychiatrist, Advanced Practice Registered Nurse (APRN), psychologist, social worker, counselor) who has successfully completed the Georgia Department of Corrections Sexual Assault Counseling Training Program or who has a comparable combination of training and experience approved by the Statewide Mental Health Program Supervisor/designee.

Interviewed Residents: Fifteen random inmates and five targeted inmates were interviewed. All of the 15 inmates who were placed at the facility within the last 12 months could recall being asked questions regarding prior history of sexual abuse, or whether they identified as being gay, lesbian, or bisexual. Thirteen inmates could recall if they have been asked similar questions again since their arrival at the facility. It should be noted that all of the interviewed inmates stated that they frequently meet with their counselor and would go over areas identified during the intake and orientation process.

115.241 (b)

Intake screening shall ordinarily take place within 72 hours of arrival at the facility.

The instrument, the Victim/Aggressor Classification Instrument, is administered by a counselor, within 24 - 72 hours of arrival at the facility. Information from the screening will be used to inform housing, be assignment, work, and education and program assignments. Policy requires that outcome of the screening is documented in SCRIBE.

GDC Policy 220.09 Classification and Management of Transgender and Intersex Offenders states that GDC will screen all offenders within 24 hours by using the PREA Sexual Victim/Sexual Aggressor Classification Screening Instrument in SCRIBE. SCRIBE is the Department's electronic inmate information management system.

Interviewed Staff: Interviewed staff who perform screening for risk of victimization and abusiveness indicated that all inmates are screened for risk of sexual abuse victimization and sexual abusiveness upon arrival but always within 72 hours.

115.241 (c)

Such assessments shall be conducted using an objective screening instrument.

Georgia Department of Corrections Policy requires it facilities to use the Victim/Aggressor Classification Instrument as the agency's objective screening instrument.

115.241 (d)

The intake screening shall consider, at a minimum, the following criteria to assess inmates for risk of sexual victimization:

- Whether the inmate has a mental, physical, or developmental disability;
- The age of the inmate;
- The physical build of the inmate;
- Whether the inmate has previously been incarcerated;
- Whether the inmate's criminal history is exclusively nonviolent;
- Whether the inmate has previously experienced sexual victimization;
- Whether the inmate has prior convictions for sex offenses against an adult or child;
- Whether the inmate is detained solely for civil immigration purposes?
- Whether the inmate is or is perceived to be gay, lesbian, bisexual, transgender, intersex, or gender nonconforming;
- Whether the inmate has previously experienced sexual victimization;
- Whether the inmate's own perception of vulnerability

The Offender PREA Classification Details considers the following factors;

1. Offender has a conviction (s) for sex offense against adult and/or child.
2. Offender has a criminal history that is exclusively non-violent
3. Offender has a developmental disability/mental illness/physical disability
4. Offender has a history of prior sexual victimization

9. Offender's first incarceration
10. Offender's own perception is that of being vulnerable
11. The age of the inmates;
12. The inmate's own perception of vulnerability; and

If question #1 is answered yes, the offender will be classified as a Victim regardless of the other questions. This generates the PREA Victim icon on the SCRIBE Offender Page. If three or more of questions (2-10) are checked, the offender will be classified as a Potential Victim. This will generate the PREA Potential Victim icon on the SCRIBE offender page.

The Offender PREA Classification Details considers the following Sexual Aggressor Factors:

1. Offender has a past history of institutional (prison or jail) sexually aggressive behavior
2. Offender has a history of sexual abuse or sexual assault toward others (adult or child)
3. Offender's current offense is sexual abuse/sexual assault towards others (adult or child)

If two or more of questions (2-4) are checked, the offender will be classified as a Potential Aggressor. This will generate the PREA Potential Aggressor icon on the SCRIBE Offender page.

Georgia Department of Corrections Policy 208.6, Attachment 4 states in situations where the instrument classifies the offender as both Victim and Aggressor counselors are instructed to thoroughly review the offender's history to determine which rating will drive the offender's

housing, programming, etc. This process is required to be documented in the offender SCRIBE case notes, with an alert note indicating which the controlling rating.

The screening process also considers whether the inmate is detained solely for civil immigration purposes, as well as physical appearance, demeanor, special situations or special needs, social inadequacy and developmental disabilities.

The Victim/Aggressor Classification Ratings are determining as follows:

Sexual Victim Factor Rating:

Male Inmates – If three (3) or more of questions #2-10 are checked, the offender will be classified as a potential victim. This will generate the PREA Potential Victim icon on the SCRIBE Offender page.

Female Inmates – If five (5) or more of questions #2-10 are checked, the offender will be classified as a potential victim. This will generate the PREA Potential Victim icon on the SCRIBE Offender page.

Sexual Aggressor Factor Rating:

If question #1 is answered yes, the offender will be classified as a Known Aggressor regardless of the other questions. This will generate the PREA Aggressor icon on the SCRIBE Offender page.

If two (2) or more of question #2 -4 are checked, the offender will be classified as a Potential Aggressor. This will generate the PREA Potential Aggressor icon on the SCRIBE Offender page.

The auditor reviewed the following documentations.

- Victim/Aggressor Initial Screening – 54
- Victim/Aggressor Re-assessments – 54
- Health Screenings - 31

Interviewed Staff: Interviewed staff who perform screening for risk of victimization and abusiveness was asked what the initial risk screening considers. Staff indicated that the initial screenings consider an inmate's age, mental health level, physical build, perceived sexual orientation, and nature of offense, history of sexual victimization, perception of vulnerability, criminal history and institutional conduct.

115.241 (e)

The initial screening shall consider prior acts of sexual abuse, prior convictions for violent offenses, and history of prior institutional violence or sexual abuse, as known to the agency, in assessing inmates for risk of being sexually abusive.

See Section (d) response.

115.241 (f)

Within a set time period, not to exceed 30 days from the inmate's arrival at the facility, the facility will reassess the inmate's risk of victimization or abusiveness based upon any

additional, relevant information received by the facility since the intake screening.

GDC Policy 208.06, Prison Rape Elimination Act (PREA) Sexually Abusive Behavior Prevention and Intervention Program section IV.A. Page 21, states, offenders whose risk screening indicates a risk for victimization or abusiveness shall be reassessed whenever warranted due to an incident, disclosure or allegation of sexual abuse or sexual harassment and also for all offenders, within 30 days of arrival at the institution. A case note shall be entered in SCRIBE to indicate this review has been conducted. This case note is for the sole purpose of documenting the screening occurred and shall not include any confidential or clinical information.

Interviewed Staff: Interviewed staff who perform screening for risk of victimization and abusiveness were asked, how long after arrival are inmates' risk levels reassessed. Staff indicated that inmates are reassessed within 30 days after their initial assessment.

115.241 (g)

An inmate's risk level shall be reassessed when warranted due to referral, request, incident of sexual abuse, or receipt of additional information that bears on the inmate's risk of sexual victimization or abusiveness.

Policy requires offenders whose risk screening indicates a risk for victimization or abusiveness is required to be reassessed when warranted and within 30 days of arrival at the facility based up on any additional information and when warranted due to a referral, report or incident of sexual abuse or receipt of additional information that bears on the inmate's risk of sexual victimization or abusiveness.

Policy 208.6, Prison Rape Elimination Act-PREA, Sexually Abusive Behavior Prevention and Intervention Program in section 5 page 21, requires the superintendent to designate a safe dorm or safe beds for offenders identified as highly vulnerable to sexual abuse. The location of these safe beds must be identified in the Local Procedure Directive, Attachment 9 and the Staffing Plan. The facility has designated a dorm to serve as a safe dorm, housing potential or actual victim of sexual assault. This facility will make individualized determinations about how to ensure the safety of each offender.

A review of reassessments confirm that reassessments were done within the required time frame of the inmate's arrival.

115.241 (h)

Inmates may not be disciplined for refusing to answer, or for not disclosing complete information in response to, questions asked pursuant to paragraphs (d-1, 7, 8, 9) of this section.

Interviewed Staff (Agency/Regional): The agency PREA coordinator was asked, has the agency outlined who should have access to an inmate's risk assessment within the facility in order to protect sensitive information from exploitation?

The agency has policy regarding protecting sensitive information, including the inmate's risk assessment. Access to the risk assessments is limited strictly to those who have a need to know.

Interviewed Staff: Interviewed staff who perform screening for risk of victimization and abusiveness were asked, has the agency outlined who can have access to resident's risk assessment within the facility to protect sensitive information from exploitation. Staff stated yes. The agency implements appropriate controls on dissemination within the facility so sensitive information is not used in the wrong way by staff or residents. Only those who conduct the risk assessment screening, those who place resident in housing, investigators, medical, and the superintendent have access to the risk assessment.

victimized from those at high risk of being sexually abusive.

- The facility-based Classification Committee will make individualized determinations about these offenders' assignments without discrimination.

Georgia DOC Policy 208.6, D. Screening for Risk of Victimization and Abusiveness, Paragraph 2, Use of Screening Information, requires that information from the risk screening is used to inform housing, bed, work, education and program assignments, the goal of which is to keep separate those inmates at high risk of being sexually victimized from those at high risk for being sexually abusive. Superintendents and superintendents are required to designate a safe dorm (s) for those inmates (Inmates) identified as vulnerable to sexual abuse.

Policy requires that inmates at high risk for sexual victimization will not be placed in involuntary segregated housing unless an assessment of all available alternatives have been made and there is no alternative means of separation from likely abuser. If an assessment cannot be made immediately the offender may be held in involuntary segregation for no more than 24 hours while completing the assessment. The placement and justifications for placement in involuntary segregation must be noted in SCRIBE. While in any involuntary segregation, the offender will have access to programs as described in GDC SOP 209.06, Administrative Segregation, which provides for reassessments as well as requiring the offender will be kept in involuntary segregated housing for protection only until a suitable and safe alternative is identified.

115.242 (b)

The agency shall make individualized determinations about how to ensure the safety of each inmate.

GDC Policy 220.09, Classification and Management of Transgender and Intersex Offenders requires the following procedures:

- In deciding whether to assign a transgender or intersex offender to a male or female facility, GDC shall consider on a case-by-case basis whether:
 - o Placement would ensure the offender's health and safety.
 - o Whether the placement would present management or security problems.
 - o Transgender offenders may not be assigned to gender-specific facilities based solely on their external genital anatomy.
 - o The SCC will evaluate each referral to discuss the facility type the safe placement of each transgender offender.

The facility will make individualized determinations about how to ensure the safety of each inmate. In the event the facility had a transgender inmate, the department requires the facility to consider on a case-by case basis whether a placement would ensure the inmate's health and safety and whether the placement would present management or security problems. Placement and program assignments for each transgender or intersex inmate is to be reassessed at least twice a year.

115.242 (c)

In deciding whether to assign a transgender or intersex inmate to a facility for male or female inmates, and in making other housing and programming assignments, the agency shall

consider on a case-by-case basis whether a placement would ensure the inmate's health and safety, and whether the placement would present management or security problems.

In making housing assignments for transgender or intersex offenders, the department will consider on a cases-by-case basis, whether a placement would ensure the offender's health and safety and whether the placement would present management or security problems. In compliance with the PREA Standards, placement and programming assignments for each transgender or intersex offender will be reassessed at least twice a year to review any threats to safety experienced by the offender.

GDC Policy 220.09, Classification and Management of Transgender and Intersex Offenders requires the following procedures:

- The chairperson must enter the appropriated profile on the Transgender and Intersex Offender List (TIOL) in SCRIBE, which will include all intersex and transgender offenders in GDC custody.
- The classification committee will determine, on a case-by-case basis, the most appropriate classification assignments for each transgender offender.
- Transgender offenders must never be placed in dedicated units or housed only with other transgender offenders.
- The offenders' own views with respect to their safety should be given serious consideration.

Interviewed Resident: There was one Inmate at the Hudson TC identified as gay, lesbian or bisexual. The interviewed inmate stated that there is no special housing area for gay, lesbian, bisexual, transgender, or intersex Inmates. He stated that he feels safe at the facility, and that compared to other facilities he has been in, this is the safest he has felt.

115.242 (d)

Placement and programming assignments for each transgender or intersex inmate shall be reassessed at least twice each year to review any threats to safety experienced by the inmate.

GDC Policy 208.06, Prison Rape Elimination Act (PREA) Sexually Abusive Behavior Prevention and Intervention Program section IV.A. Page 21, states, placement and programming assignments for each Transgender or Intersex offender shall be reassessed no less than every six months to review any threats to sexual safety of the offender.

GDC requires facilities to implement procedures enabling inmates to shower, perform bodily functions and change clothing without non-medical staff of the opposite gender viewing their breast, buttocks or genital, except in exigent circumstances or when such viewing is incidental to routine cell checks.

GDC Policy 220.09, Classification and Management of Transgender and Intersex Offenders states that if the offender indicates he or she is transgender or intersex, staff must ensure he or she is allowed to shower separately.

Interviewed Staff: The facility PREA compliance manager was asked if transgender and intersex inmates are given the opportunity to shower separately from other inmates. She indicated that they were. Most living unit has single showers, however, if a transgender or intersex inmate is placed in a living unit with common showers, the inmate can notify the dorm officer or supervisor and request that a secured and scheduled shower times are set.

Inmates are provided with a brochure entitled, "Sexual Assault and Sexual Harassment Prison Rape Elimination Act (PREA) How to Prevent it; How to report it". This brochure advises inmates that reporting is the first step. The hotline number is provided. The brochure tells inmates they may report allegations to any staff member or write to any of the following listed above.

Observations: During the tour the auditor discussed with the inmates the process of using their cell phones.

Interviewed Residents: Fifteen random and five targeted inmates were interviewed. All of

interviewed inmates stated that they had multiple ways to report. Most of the inmates reported that they would tell staff, call the hotline, tell family members or friends.

Interviewed Random Staff: The interviewed random sample of staff (13) reported that the Inmates can privately report by using the hotline number, notify staff, family, or friends. Such reports can be made verbally or in writing. All the interviewed staff reported that if a Inmate makes a report verbally or in writing, sexual abuse or harassment, the allegations are responded to immediately and they would immediately seek a written statement. It was also reported that they may attain the statement will the inmate is being seen by medical.

115.251 (b)

The agency shall also provide at least one way for inmates to report abuse or harassment to a public or private entity or office that is not part of the agency, and that is able to receive and immediately forward inmate reports of sexual abuse and sexual harassment to agency officials, allowing the inmate to remain anonymous upon request. Inmates detailed solely for civil immigration purposes shall be provided information on how to contact relevant consular officials and relevant officials at the Department of Homeland Security.

GDC Policy IIA23-0001, Consular Notification affirms it is the policy of GDC that the Consulate General of an inmate's native country be kept informed as the inmate's custody status or occurrences to the Vienna Convention on Consular Relations. Inmates will be provided information on how to access Foreign Consular Offices in the United States. This information is available for download at <http://www.state.gov/s/cpr/ris/fco>. This policy prescribes the GDC's responsibility for notification and that the inmate be informed of such notification. Foreign national inmates are allowed visitation with representatives from the Consulate General of his/her native country. The visit must be scheduled at least 24 hours in advance unless the superintendent approves a shorter period.

The facility provided a document entitled "Offender's Decision Concerning Optional Consular Notification". This document included the following verbiage: "As a non-U.S. citizen who is being arrested or detained, you are entitled to have the Georgia Department of Corrections notify your country's consular representatives here in the United States. A consular official from your country may be able to help you obtain legal counsel, and may contact your family and visit you in detention, among other things. If you want this Department to notify your country's consular officials, you can request this notification now, or at any time in the future. After your consular officials are notified, they may call or visit you."

A second document titled "Consular Notification Facsimile Form". This form is address to Embassy/Consulate from the Georgia Department of Corrections.

The auditor reviewed the Georgia Department of Corrections website. The following information was posted for reporting sexual abuse or harassment.

Interviewed Staff (Agency/Regional): The agency Head designee was asked, when you learn that an inmate is subject to a substantial risk of imminent sexual abuse, what protective action does the agency take?

Inmates who are found to be subject to a substantial risk of imminent sexual abuse are to be separated from the potential or actual threat. The inmate may be moved to another location in the dorm closer to the control room or staff stations, moved to another dorm, placed in protective custody, or transferred to another facility in an effort to keep the inmate safe.

Interviewed Staff (Agency/Regional): The director of Operations indicated that once a staff becomes aware an inmate is in substantial risk of imminent sexual abuse, staff are expected and required to remove that inmate immediately from the threat and ensure separation from the threat.

Interviewed Staff: The superintendent was asked, when you learn that an inmate is subject to a substantial risk of imminent sexual abuse, what protective action does the facility takes? The superintendent indicated that they would take immediate action by separating the victim from the aggressor. The aggressor would be placed in a holding cell until they can transport to a more secure facility and the victim will be placed in security under supervision until the aggressor is transported out of the facility.

Interviewed Random Staff: All the interviewed staff (13) could articulate the response process if a Inmate is at risk of imminent sexual abuse. The various actions would be taken immediately: notify the supervisor, separate the victim and perpetrator, and get the victim off the unit and take the victim to medical for follow up services. All of the staff reported that information would only be shared with necessary parties; and would not be shared with other inmates.

They would then be responsible for ensuring the potential crime scene is protected and secured and notify the Office of Professional Standards investigators would advise the SART and then come on sight if needed to collect evidence and assume the investigation.

Interviewed Staff: During the facility site review and during random staff interviews, security staff indicated that they are aware of the first responder procedures. They would separate the alleged victim from the abusers; protect the crime scene, ensure that physical evidence is not destroyed, require that the alleged victim and abuser not take any actions that could destroy physical evidence, washing, brushing teeth, changing clothes, urinating, defecating, smoking, drinking, or eating.

Interviewed Resident: One interviewed resident who reported sexual abuse while at the facility stated that staff responded to his allegation of sexual harassment within five minutes of making a report. When staff first responded they made sure that he was alright, got a statement, and overall handled the situation as soon as possible.

A previous interview with the Commissioner’s Designee indicated that each facility has a retaliation monitor whose responsibility is to monitor potential retaliation by reviewing indicators such as dorm movements, detail changes, and disciplinary write ups. Inmates may be separated from alleged perpetrators or retaliating staff or inmates by dorm changes, yard changes, or transfers.</p> <p>Interviewed Staff (Agency/Regional): The director of Operations was very familiar with the process for protecting inmates and staff from retaliation. The superintendent indicated that he would have the retaliation monitor the suspect for up to 90 days to see what is going on.

115.267 (b)

The agency shall employ multiple protection measures, such as housing changes or transfers for inmate victims or abusers, removal of alleged staff or inmate abusers from contact with victims, and emotional support services for inmates or staff who fear retaliation for reporting sexual abuse or sexual harassment or for cooperating with investigations.

GDC Policy 208.06, Prison Rape Elimination Act (PREA) Sexually Abusive Behavior Prevention and Intervention Program section IV.A. Page 25, states, Superintendent/Superintendent shall designate a staff member to serve as the facility Retaliation Monitor and identify them as such in the PREA Local Procedure Directive and Coordinated Response Plan (Attachment 7). Multiple protection measures include offender housing changes or transfers, removal of alleged staff members or offender abusers from contact with victims, and emotional support services for offenders or staff members who fear retaliation for reporting or for cooperating with investigations.

Interviewed Staff (Agency/Regional): The agency Head designee was asked, if an individual who cooperates with an investigation expresses a fear of retaliation, how does the agency take measures to protect that individual against retaliation?

The inmate may be moved to another housing unit, moved to another side of the complex, or transferred but the inmate should be separated from the source of the retaliation. If an allegation is against a staff member, the staff and inmate should be separated. The staff may be reassigned to another job within the facility where he/she is not supervising the inmate; placing the staff on no contact, placing the staff on leave or reassigning the officer or staff.

Interviewed Staff (Agency/Regional): The director of Operations described the agency's response to protecting inmates and staff from retaliation and that response includes changing the inmate's dorm or housing assignment or removing the alleged perpetrator to another facility or dorm, changing facilities. He also indicated that the department will not tolerate retaliation.

Interviewed Staff: The facility designated staff member charged with monitoring retaliation was asked to describe the different measures he takes to protect those inmates and staff from retaliation. Staff indicated that some measures for offenders experiencing retaliation would be a housing change or transfer for offender victims or abusers, and removal of alleged staff or offender.

The facility reported that the inmates was in administrative segregation for PREA, however, before the 30 days was completed the inmates refuse general population housing assignment. They were taking off PREA and place on general administrative segregation.

115.267 (c)

For at least 90 days following a report of sexual abuse, the agency shall monitor the conduct and treatment of inmates or staff who reported the sexual abuse and of inmates who were reported to have suffered sexual abuse to see if there are changes that may suggest possible retaliation by inmates or staff, and shall act promptly to remedy any such retaliation. Items the agency should monitor include any inmate disciplinary reports, housing, or program changes, or negative performance reviews or reassignments of staff. The agency shall continue such monitoring beyond 90 days if the initial monitoring indicates a continuing need.

Monitoring is required to be conducted for at least 90 days following a report of abuse. Monitoring will include monitoring the conduct and treatment of inmates and staff to see any changes to indicate possible retaliation and to remedy any retaliation. Monitoring includes:

1. Review of inmate disciplinary reports,
2. Housing or program changes,
3. Negative performance reviews or reassignment of staff, etc.

Monitoring may continue beyond 90 days if the initial monitoring indicates the need for it.

The facility provided the auditor with "Retaliation Monitoring Checklist" documentation. The monitoring checklist included 30 days, 60 days and 90 days information. The following is monitored for additional information for offenders:

- Offender Disciplinary Report (s) History Review
- Offender Housing Unit Placement Reviewed
- Offender Transfer (s) Placement Review

An agency's obligation to monitor shall terminate if the agency determines that the allegation is unfounded.

The obligation for monitoring terminates if the allegation is unfounded. Policy requires that monitoring is documented on the GDC Form 90 Day Offender Sexual Abuse Review Checklist. The checklist is completed for each inmate being monitored.

The auditor reviewed 2 PREA Coordinator Investigation's Overview which included the following information:

- o SART Investigator Summary
- o PREA Compliance Manager Comments
- o PREA Coordinator Comments
- o PREA Case Closed Details

Interviewed Staff (Agency/Regional): Interview with the director of Operations indicated that he is very knowledgeable of the agency's response to allegations of sexual assault. He described the role of the SART response upon receiving an allegation and stated they will conduct the administrative investigation. If the allegation appears criminal, the allegation is referred to criminal investigators from the Office of Professional Standards. The agency's expectation is that allegations are reported and investigated by the appropriate entity and that if criminal and substantiated, appropriate action taken.

The director also indicated that the GDC conducts its own criminal investigations. Investigators are trained by the Georgia Bureau of Investigations. Investigators attend GBI Mandated Training (16 weeks). GDC investigators are law enforcement officers with the authority to conduct criminal investigations and to make arrests when warranted.

Interviewed Staff: The PREA compliance manager confirmed the following PREA Investigation Protocol.

Every PREA allegation whether it is sexual abuse or sexual harassment are referred immediately to the facility SART. The facility SART protocol is initiated and investigations are handled promptly, thoroughly, and objectively. Incident notification is made to the GDC PREA coordinator within 24 hours of initiating SART investigations.

The SART investigator evaluates every abuse case from a criminal perspective. If criminal activity is deemed probable, the superintendent or designee contacts the designated Office of Investigations (OPS) Special Agent in Charge (SAC) of the appropriate region of the Criminal Investigative Division for further guidance. The initial contact is made by telephone, followed-up by an e-mail to the SAC and the GDC PREA coordinator. The SART Investigative summary should be attached.

Cases involving but not limited to the following are always referred to OPS SAC.

- Inmate on Inmate Abuse or Assault
- Staff on Inmate Abuse or Assault

The SAC will assign an investigator to the case if deemed necessary based on the information

provided from the SART investigation.

For abuse allegations not deemed criminal activity, the SART investigator provides a prompt, thorough, and objective investigation on each case and determines the appropriate disposition (substantiated, unsubstantiated, unfounded). Notifications are made to GDC PREA coordinator with 24 hours of initiating the SART investigation. Upon completion of the SART investigation, the SART investigator or PREA compliance manager send the investigative summary for each closed case to PREA Unit.

For sexual harassment allegations the SART protocol is initiated and investigations are handled promptly, thoroughly, and objectively. Substantiated and unsubstantiated cases involving but not limited to the criteria are always referred to OPS SAC of Internal Affairs. Again, upon completion of the SART investigation, the SART investigator or PREA compliance manager send the investigative summary for each closed case.

In closing a Case: In all sexual abuse and sexual harassment cases, to include the ones which involve OPS investigators, the SART investigator closes the case file locally and assigns the appropriate disposition upon completion of the investigation. OPS will notify the facility superintendent of the results of the investigation when closed at their level.

Interviewed Staff: The facility investigator was asked; how long does it take to initiate an investigation following an allegation of sexual abuse or sexual harassment? Staff indicated immediately after it is reported to a staff member. All reports are documented and investigated.

Interviewed Staff (Agency/Regional): In an interview with the Inspector of the Criminal Investigations Division, the Inspector was asked how long does it take to initiate an investigation following an allegation of sexual abuse or sexual harassment? He indicated no more than 24 hours. Normally, depending on the scope and severity, the investigation will be launched immediately.

Interviewed Staff (Agency/Regional): The Inspector of the Criminal Investigations Division was asked, what would be the first steps in initiating an investigation and how long would they take? He indicated, the first step is the initial notification from a facility's representative (Superintendent, Regional Director, Supervisor, Officer and other staff members). The allegation is made to the Special Agent in charge of the region or to a PREA staff member within OPS. Depending on the scope and factors such as injury, violent assault, the investigation can be launched immediately or within 24 hours.

Interviewed Staff (Agency/Regional): The Inspector of the Criminal Investigations Division was asked to describe the investigation process. He indicated that OPS facility investigator is notified by the OPS Criminal Investigations SAC. Depending on the nature of the allegation, Special Agents may be assigned to include Crime Scene Technicians/Agents to process the scene, conduct interviews and submit laboratory specimens to the crime lab.

115.271 (b)

Where sexual abuse is alleged, the agency shall use investigators who have received special training in sexual abuse investigations pursuant to standard 115.34.

If an investigation cannot be cleared at the local level, the SAC determines whether to open an

official investigation and if so, dispatches and investigator who has received special training in sexual abuse investigations. When criminal investigations involving staff are completed, the investigation is turned over to the Office of Professional Standards to conduct any necessary compelled administrative reviews. After each SART investigation, all substantiated cases are referred to the OPS Criminal Investigations Division while all unsubstantiated SART investigations are referred to the Office of Professional Standards for an administrative review. The department follows a uniform protocol for obtaining usable physical evidence for administrative proceedings and criminal prosecution.

See section (a)

115.271 (c)

Investigators shall gather and preserve direct and circumstantial evidence, including any available physical and DNA evidence and any available electronic monitoring data; shall interview alleged victims, suspected perpetrators, and witnesses; and shall review prior complaints and reports of sexual abuse involving the suspected perpetrator.

Interviewed Staff: The facility investigator was asked to describe any direct and circumstantial evidence you would be responsible for gathering in an investigation of an incident of sexual abuse. Staff indicated that SART investigator must collect any direct or circumstantial evidence, such as video footage, witness statements, photos, rape kit as directed by the superintendent for SANE Nurse, incident reports.

Interviewed Staff (Agency/Regional): In an interview with the Inspector of the Criminal Investigations Division the auditor asked him to describe any direct and circumstantial evidence he would be responsible for gathering in an investigation of an incident of sexual abuse. He indicated that GDC Criminal Investigations is responsible for the entire scope of the investigation to include interviews, collection of evidence, and crime scene processing.

115.271 (d)

When the quality of evidence appears to support criminal prosecution, the agency shall conduct compelled interviews only after consulting with prosecutors as to whether compelled interviews may be an obstacle for subsequent criminal prosecution.

Criminal investigations are documented in written reports that contain thorough descriptions of physical, testimonial, and documentary evidence and copies of all documentary evidence when feasible. Substantiated allegations of conduct that appears to be criminal are referred for prosecution.

115.271 (e)

The credibility of an alleged victim, suspect, or witness shall be assessed on an individual as is and shall not be determined by the person's status as inmate or staff. No agency shall require an inmate who alleges sexual abuse to submit to a polygraph examination or other truth-telling device as a condition for proceeding with the investigation of such an allegation.

Interviewed Staff (Agency/Regional): The Inspector of the Criminal Investigations Division was asked, on what basis would you judge the credibility of an alleged victim, suspect, or witness? He indicated all staff or inmates are treated the same until evidence, statements,

etc., determine differently. Credibility is assumed until proven otherwise.

Interviewed Staff (Agency/Regional): In an interview with the Inspector of the Criminal Investigations Division, he related that he would not, under any circumstances, require an inmate who alleges sexual abuse to submit to a polygraph examination or truth-telling device as a condition for proceeding with an investigation.

Interviewed Staff: The facility investigator, in an interview, indicated that under no circumstances would the facility require an inmate who alleges sexual abuse to submit to a polygraph examination or truth-telling device as a condition for proceeding with an investigation.

Interviewed Resident: The interviewed inmate who reported sexual harassment while at Hudson TC, stated that he was not required to take a polygraph test.

115.271 (f)

Administrative Investigations: PREA standards requires the following regarding administrative investigations.

- Shall include an effort to determine whether staff actions or failures to act contributed to the abuse; and
- Shall be documented in written reports that include a description of the physical and testimonial evidence, the reasoning behind credibility assessments, and investigative facts and findings.

Interviewed Staff (Agency/Regional): The Inspector of the Criminal Investigations Division was asked, what efforts he or his staff would make during an administrative investigation to determine whether staff actions or failures to act contributed to the sexual abuse? He indicated that these investigations are handled by the agency Internal Affairs Section.

Interviewed Staff (Agency/Regional): The Inspector of the Criminal Investigations Division was asked, if he or his investigators document administrative investigations in written reports. He said an investigation is documented and a file is created by the Internal Affairs Section.

115.271 (g)

Criminal investigations shall be documented in a written report that contains a thorough description of physical, testimonial, and documentary evidence and attaches copies of all documentary evidence where feasible.

The facility provided the auditor with investigation documentation entitled "PREA Investigative Summary."

The investigative summary sheet included the following information:

- Type of Allegation (S/I Abuse, S/I Harassment, I/I Abuse and I/I Harassment)
- Alleged Victim (s) and Alleged Aggressor (s)
- Summary of Investigation (How did you arrive at your disposition?)
- Evidence Gathered, Location, Witnesses
- Disposition (Substantiated, Unsubstantiated, Unfounded and Not PREA)
- Outcome (Closed or Forwarded to OPS)

- Actions Taken
- Disciplinary action taken (toward staff or inmates)
- Name/Title of Person Submitting Report

Interviewed Staff (Agency/Regional): The auditor, in an interview with the Inspector of the Criminal Investigations Division, asked if criminal investigations documented and if so, what is contained in that report? Staff indicated yes, saying that all criminal investigations are assigned a computer-generated case number. The file is time driven and the agent/investigator must complete processes in a specific window of time. The file is periodically reviewed through the computer-generated case management system (ACISS) and must ultimately be approved by a supervisor. Interviews, lab submissions, along with other information is documented within the case file.

115.271 (h)

Substantiated allegations of conduct that appears to be criminal shall be referred for prosecution.

Interviewed Staff (Agency/Regional): The Inspector of the Criminal Investigations Division was asked, “When you discover evidence that a prosecutable crime may have taken place, do you consult with prosecutors before you conduct compelled interviews?” He stated normally no, interviews are an integral part of the investigation. Prosecutors are normally consulted upon conclusion of the investigations.

Interviewed Staff (Agency/Regional): When asked, in an interview with the Inspector of the Criminal Investigations Division, when were cases referred for prosecution, he indicated that upon conclusion of the investigation the case file is reviewed for accuracy and completeness and then presented to the appropriate prosecutor for consideration of prosecution.

Interviewed Staff: The interviewed facility investigator indicated that when substantiated allegations of conduct appears to be criminal, they are turned over to the agency Office of Professional Standards.

115.271 (i)

The agency shall retain all written reports referenced in paragraphs (f) and (g) of this section for as long as the alleged abuser is incarcerated or employed by the agency, plus five years.

The auditor reviewed the facility investigation packages. The following is documented at the bottom of the forms. “Retention Schedule: Upon completion, this form shall be placed in the PREA investigative case file and maintained for the length of the offender’s incarceration plus five (5) years, or ten (10) years from the initial report, whichever is greater”.

115.271 (j)

The departure of the alleged abuser or victim from the employment or control of the facility or agency shall not provide a basis for terminating an investigation.

The departure of the alleged abuser or victim from the employment or control of the department does not provide a basis for termination of the investigation.

The auditor reviewed 3 investigation packages that consistently contained the following:

- o PREA Investigative Summaries - 3
- o PREA Disposition Offender Notifications - 3
- o Sexual Abuse Incident Review Checklist (30 days Review) - 3
- o Sexual Allegation Response Checklist - 3
- o PREA Initial Notifications - 3
- o Incident Reports - 3
- o Supplement Reports -2
- o Witness Statements - 2

Allegations made through the grievance process were turned over to the SART for investigation and not processed through the regular grievance process.

The auditor reviewed 2 PREA Coordinator Investigation's Overview which included the following information:

- o SART Investigator Summary
- o PREA Compliance Manager Comments
- o PREA Coordinator Comments
- o PREA Case Closed Details

Interviewed Staff (Agency/Regional): The Inspector of the Criminal Investigations Division was asked, "how do you proceed when a staff member alleged to have committed sexual abuse terminates employment prior to a completed investigation into his/her conduct?" He indicated that the investigation continues regardless.

Interviewed Staff (Agency/Regional): Similarly, the Inspector of the Criminal Investigations Division was asked, how do you proceed when a victim who alleges sexual abuse or sexual harassment or an alleged abuser leaves the facility prior to a completed investigation into the incident? He indicated that the investigation continues and follow up occurs wherever the victim is located.

115.271 (k)

Any State entity or Department of Justice component that conducts such investigations shall do so pursuant to the above requirements.

The Georgia Department of Corrections investigators conducts investigations as guided by the above requirements.

115.271 (l)

When outside agencies investigate sexual abuse, the facility shall cooperate with outside investigators and shall endeavor to remain informed about the progress of the investigation.

Interviewed Staff (Agency/Regional): The agency PREA coordinator was asked, if outside agency investigates allegations of sexual abuse, how does the agency remain informed of the progress of a sexual abuse investigation?

The PREA Coordinator explained that outside agencies do not conduct investigations of sexual abuse for the agency. The GDC has investigators who have had to undergo training at designated Peace Officers Training Facilities. Successful completion of this portion of training

gives the staff the arrest powers as a Peace Officer in Georgia. In addition to this training, Investigators must complete investigation training provided by the Georgia Bureau of Investigation. This training is around 16 additional weeks.

Interviewed Staff (Agency/Regional): In an Interview with the Inspector of the Criminal Investigations Division, the Inspector was asked, “when an outside agency investigates an incident of sexual abuse in the facility, what role do you play?” The inspector indicated that this normally does not occur because GDC Criminal Investigations Division has the authority and responsibility to conduct criminal investigations. If it occurred, he said, the CID would assist the primary agency.

Interviewed Staff: The superintendent indicated that there were no outside agency investigations of allegations of sexual abuse. If there were, the facility designated SART PREA investigator along with the PREA Unit will track and report to the agency.

If the agency did not conduct the investigation, it shall request the relevant information from the investigative agency to inform the inmate.

If an outside entity conducts the investigation the agency/facility will request the relevant information from the agency conducting the investigation to inform the inmate of the outcome of the investigation.

Interviewed Staff (Agency/Regional): The Inspector of the Criminal Investigations Division was asked, in an interview, if the agency's procedures require that an inmate who makes an allegation of sexual abuse must be informed as to whether the allegation has been determined to be substantiated, unsubstantiated, or unfounded following an investigation? He indicated yes.

115.273 (c)

Following an inmate's allegation that a staff member has committed sexual abuse against the inmate, the agency shall subsequently inform the inmate (unless the agency has determined that the allegation is unfounded) whenever:

- The staff member is no longer posted within the inmate's unit;
- The staff member is no longer employed at the facility;
- The agency learns that the staff member has been indicated on a charge related to sexual abuse within the facility; or
- The agency learns that the staff member has been convicted on a charge related to sexual abuse within the facility.

A member of the SART is required to notify the inmate when staff member is no longer posted within the inmate's unit; the staff member is no longer employed at the facility; the agency learns that the staff member has been indicated on a charge related to sexual abuse within the facility or the agency learns that the staff member has been convicted on a charge related to sexual abuse within the facility.

Interviewed Resident: The interviewed inmate who reported sexual harassment while at Hudson TC stated that the other inmate was moved to another facility, however he does not believe the inmate was charged with a crime. The inmate also reported that the results of the allegation were reported to him on the same day.

115.273 (d)

Following an inmate's allegation that he or she has been sexually abused by another inmate, the agency shall subsequently inform the alleged victim whenever:

- The agency learns that the alleged abuser has been indicated on a charge related to sexual abuse within the facility; or
- The agency learns that the alleged abuser has been convicted on a charge related to sexual abuse within the facility.

The agency would also notify the inmate when the agency learns that the alleged abuser has

been indicted on a charge related to sexual abuse with the facility; or the agency learns that the alleged abuser has been convicted on a charge related to sexual abuse within the facility.

Interviewed Staff: The superintendent indicated that the facility notifies inmates who make allegations of sexual abuse when the allegation has been determined to be substantiated, unsubstantiated, or unfounded following an investigation. This process is done through the inmate notification form which is a part of the investigation package. A SART member or designated staff is responsible for notifying the inmate.

115.273 (e)

All such notifications or attempted notifications shall be documented.

The notification form would document, for the inmate, if the investigation was determined to be substantiated, unsubstantiated, unfounded, or referred to OPS.

Interviewed Staff: The SART leader confirmed that SART would be responsible for notifying an inmate of the outcome of an investigation. Notification is documented on the GDC notification Form, Attachment 5, GDC 208.6.

The facility provided PREA Disposition Offender Notifications documentation to indicate notifications are provided in compliance with GDC Policy.

115.273 (f)

An agency's obligation to report under this standard shall terminate if the inmate is released from the agency's custody.

If an inmate is released from the department's custody the department's obligation to "notify" the inmate of the outcome of the investigation is terminated. Notifications are required to comply with the PREA Standards and DOC policies.

115.278 (b)

Sanctions shall be commensurate with the nature and circumstances of the abuse committed, the inmate's disciplinary history, and the sanctions imposed for comparable offenses other inmates with similar histories.

Interviewed Staff (Agency/Regional): An interviewed regional investigator indicated when an inmate violated a sexual abuse policy, the inmate would be charged with a crime by the Office of Professional Services investigator, who has arrest powers, and referred to the prosecutor for prosecution for the offense. If the violation was less than sexual abuse it would be treated as a rule violation and the inmate would be provided a "due process" hearing. Prior to sanction being imposed the officers are required to take into account past history as well as any mental or developmental issues. Sanctions would be imposed based on the inmates' disciplinary code.

Interviewed Staff: The superintendent indicated that sanctions are proportionate to the nature and circumstances of the abuses committed, the inmates' disciplinary histories, and the sanctions imposed for similar offenses by other inmates with similar histories. The disciplinary process will follow the guidelines from the inmate sanction list. The inmate would be removed from the Transitional Center program and transferred to a more secure facility and could possibly face criminal charges.

115.278 (c)

The disciplinary process shall consider whether an inmate's mental disabilities or mental illness contributed to his or her behavior when determining what type of sanction, if any, should be imposed.

Policy requires that the disciplinary process consider whether an offender's mental disabilities or mental illness contributed to behavior when determining what type of sanction, if any, will be imposed. And if the facility offers therapy, counseling or other interventions to address and correct underlying reasons or motivations for the abuse, the facility is required to consider whether to offer the offending offender to participate in such interactions as a condition of access to programming or other benefits.

Interviewed Staff: The superintendent indicated that mental disability or mental illness are considered when determining sanctions.

115.278 (d)

If the facility offers therapy, counseling, or other interventions designed to address and correct underlying reasons or motivations for the abuse, the facility shall consider whether to require the offending inmate to participate in such interventions as a condition of access to programming or other benefits.

Interviewed Staff: Interviewed medical staff was asked, "if the facility offers therapy, counseling, or other intervention services designed to address and correct the underlying reasons or motivations for sexual abuse, does the facility consider whether to offer these services to the offending inmate?" Staff indicated that when they become aware of a PREA

incidents, they notify mental health immediately to provide services. When these services are provided inmate's, participation is not required as a condition of access to programming or other benefits.

115.278 (e)

The agency may discipline an inmate for sexual contact with staff only upon a finding that the staff member did not consent to such contact.

Policy affirms that an offender may be disciplined for sexual contact with a staff member only upon a finding that the staff member did not consent to such contact.

115.278 (f)

For the purpose of disciplinary action, a report of sexual abuse made in good faith based upon a reasonable belief that the alleged conduct occurred shall not constitute falsely reporting an incident or lying, even if an investigation does not establish evidence sufficient to substantiate the allegation.

Reports made in good faith upon a reasonable belief that the alleged conduct occurred shall not constitute false reporting or lying, even if the investigation does not establish sufficient evidence to substantiate the allegation. However, following an administrative finding of malicious intent on behalf of the offender making the report, then the offender will be subject to disciplinary sanctions pursuant to a formal disciplinary process in accordance with SOP 209.01, Offender Discipline.

115.278 (g)

An agency may, in its discretion, prohibit all sexual activity between inmates and may discipline inmates for such activity. An agency may not, however, deem such activity to constitute sexual abuse if it determines that the activity is not coerced.

One of the SART members is a health services administrator. Medical staff are required to contact the appropriate Sexual Assault Nurse Examiner, who will respond as soon as possible, but within 72 hours of the time the alleged assault occurred to collect forensic evidence. The facility provided the agency’s procedures for SANE Nurse Evaluation/Forensic Collection. This document provides detailed procedures beginning with the initial report of sexual abuse or assault. They then complete the Nursing Protocol Assessment Form for alleged sexual assault. Facility clinicians document physical examinations in the progress notes. with GDC PREA Policy requires that if the facility does not have a designated SANE Nurse, the offender is sent to the designated emergency room for collection of forensic evidence.

The facility maintained a Medical PREA Log by medical Staff regarding sexual assaults.

This log includes the following information:

Georgia DOC Policy, 208.6, describes, in detail, actions to take upon learning that an inmate has been the victim of sexual abuse. Actions described included the expectations for non-security first responders. Policy and local operating procedures require that upon learning of an allegation that an inmate was sexually abused, the first security staff to respond to the report is to respond in the following manner:

1. Separate the alleged victim and abuser.
2. Preserve and protect any crime scene until appropriate steps can be taken to collect any evidence, in compliance with SOP IK1-0005, Crime Scene Preservation.
3. If the abuse occurred within 72 hours request that the alleged victim not take any actions that could destroy physical evidence, including, as appropriate, washing, brushing teeth, changing clothes, urinating, defecating, smoking, drinking or eating.
4. If the abuse occurred within 72 hours ensure that the alleged abuser does not take any actions that could destroy physical evidence, including washing, brushing teeth, changing clothes, urinating, defecating, smoking, or eating.
5. If the first responder is not a security staff, the responder is required to request that the alleged victim not take any action that could destroy physical evidence and notify security staff

immediately.
