SUMMARY OF AUDIT FINDINGS

The OAS automatically populates the number and list of Standards exceeded, the number of Standards met, and the number and list of Standards not met.

Auditor Note: In general, no standards should be found to be "Not Applicable" or "NA." A compliance determination must be made for each standard. In rare instances where an auditor determines that a standard is not applicable, the auditor should select "Meets Standard" and include a comprehensive discussion as to why the standard is not applicable to the facility being audited.

Number of standards exceeded:	
4	<ul style="list-style-type: none"> • 115.11 - Zero tolerance of sexual abuse and sexual harassment; PREA coordinator • 115.17 - Hiring and promotion decisions • 115.41 - Screening for risk of victimization and abusiveness • 115.87 - Data collection
Number of standards met:	
41	
Number of standards not met:	
0

INTERVIEWS

Inmate/Resident/Detainee Interviews

Random Inmate/Resident/Detainee Interviews

53. Enter the total number of RANDOM INMATES/RESIDENTS/DETAINEES who were interviewed:	15
54. Select which characteristics you considered when you selected RANDOM INMATE/RESIDENT/DETAINEE interviewees: (select all that apply)	<input checked="" type="checkbox"/> Age <input checked="" type="checkbox"/> Race <input checked="" type="checkbox"/> Ethnicity (e.g., Hispanic, Non-Hispanic) <input type="checkbox"/> Length of time in the facility <input checked="" type="checkbox"/> Housing assignment <input type="checkbox"/> Gender <input type="checkbox"/> Other <input type="checkbox"/> None
55. How did you ensure your sample of RANDOM INMATE/RESIDENT/DETAINEE interviewees was geographically diverse?	The auditor selected fifteen (15) random inmates for interview using the Inmate Roster; the selection was diverse choosing inmates for all housing units, by age, race, and ethnicity.
56. Were you able to conduct the minimum number of random inmate/resident/detainee interviews?	<input checked="" type="radio"/> Yes <input type="radio"/> No
57. Provide any additional comments regarding selecting or interviewing random inmates/residents/detainees (e.g., any populations you oversampled, barriers to completing interviews, barriers to ensuring representation):	Adequate space was provided for auditor to conducted interviews in complete privacy with inmates. The auditor informally interviewed inmates during the site tour. There were no barriers in conducting random inmate interviews.

Targeted Inmate/Resident/Detainee Interviews

58. Enter the total number of TARGETED INMATES/RESIDENTS/DETAINEES who were interviewed:	6
<p>As stated in the PREA Auditor Handbook, the breakdown of targeted interviews is intended to guide auditors in interviewing the appropriate cross-section of inmates/residents/detainees who are the most vulnerable to sexual abuse and sexual harassment. When completing questions regarding targeted inmate/resident/detainee interviews below, remember that an interview with one inmate/resident/detainee may satisfy multiple targeted interview requirements. These questions are asking about the number of interviews conducted using the targeted inmate/resident/detainee protocols. For example, if an auditor interviews an inmate who has a physical disability, is being held in segregated housing due to risk of sexual victimization, and disclosed prior sexual victimization, that interview would be included in the totals for each of those questions. Therefore, in most cases, the sum of all the following responses to the targeted inmate/resident/detainee interview categories will exceed the total number of targeted inmates/residents/detainees who were interviewed. If a particular targeted population is not applicable in the audited facility, enter "0".</p>	
60. Enter the total number of interviews conducted with inmates/residents/detainees with a physical disability using the "Disabled and Limited English Proficient Inmates" protocol:	0

<p>a. Select why you were unable to conduct at least the minimum required number of targeted inmates/residents/detainees in this category:</p>	<p><input checked="" type="checkbox"/> Facility said there were "none here" during the onsite portion of the audit and/or the facility was unable to provide a list of these inmates/residents/detainees.</p> <p><input type="checkbox"/> The inmates/residents/detainees in this targeted category declined to be interviewed.</p>
<p>b. Discuss your corroboration strategies to determine if this population exists in the audited facility (e.g., based on information obtained from the PAQ; documentation reviewed onsite; and discussions with staff and other inmates/residents/detainees).</p>	<p>There were no inmates on-site with physical disabilities during the on-site portion of the audit.</p>
<p>61. Enter the total number of interviews conducted with inmates/residents/detainees with a cognitive or functional disability (including intellectual disability, psychiatric disability, or speech disability) using the "Disabled and Limited English Proficient Inmates" protocol:</p>	<p>0</p>

SITE REVIEW AND DOCUMENTATION SAMPLING

Site Review

PREA Standard 115.401 (h) states, "The auditor shall have access to, and shall observe, all areas of the audited facilities." In order to meet the requirements in this Standard, the site review portion of the onsite audit must include a thorough examination of the entire facility. The site review is not a casual tour of the facility. It is an active, inquiring process that includes talking with staff and inmates to determine whether, and the extent to which, the audited facility's practices demonstrate compliance with the Standards. Note: As you are conducting the site review, you must document your tests of critical functions, important information gathered through observations, and any issues identified with facility practices. The information you collect through the site review is a crucial part of the evidence you will analyze as part of your compliance determinations and will be needed to complete your audit report, including the Post-Audit Reporting Information.

<p>84. Did you have access to all areas of the facility?</p>	<p><input checked="" type="radio"/> Yes</p> <p><input type="radio"/> No</p>
---	---

Was the site review an active, inquiring process that included the following:

<p>85. Observations of all facility practices in accordance with the site review component of the audit instrument (e.g., signage, supervision practices, cross-gender viewing and searches)?</p>	<p><input checked="" type="radio"/> Yes</p> <p><input type="radio"/> No</p>
<p>86. Tests of all critical functions in the facility in accordance with the site review component of the audit instrument (e.g., risk screening process, access to outside emotional support services, interpretation services)?</p>	<p><input checked="" type="radio"/> Yes</p> <p><input type="radio"/> No</p>
<p>87. Informal conversations with inmates/residents/detainees during the site review (encouraged, not required)?</p>	<p><input checked="" type="radio"/> Yes</p> <p><input type="radio"/> No</p>
<p>88. Informal conversations with staff during the site review (encouraged, not required)?</p>	<p><input checked="" type="radio"/> Yes</p> <p><input type="radio"/> No</p>

<p>89. Provide any additional comments regarding the site review (e.g., access to areas in the facility, observations, tests of critical functions, or informal conversations).</p>	<p>During the on-site audit, the auditor was provided complete and unfettered access to all areas of the facility and to all the inmates, staff, and contractors. The auditor was able to move about the facility any time needed. Adequate space was provided for auditor to conducted interviews in complete privacy with staff, inmates, and contractors.</p> <p>During the on-site tour, the auditor tested phones to ensure they were operational. The auditor placed a call to the PREA Unit's Hotline number, the PREA Unit Analyst confirmed receipt of the call.</p>
---	---

Documentation Sampling

Where there is a collection of records to review-such as staff, contractor, and volunteer training records; background check records; supervisory rounds logs; risk screening and intake processing records; inmate education records; medical files; and investigative files-auditors must self-select for review a representative sample of each type of record.

<p>90. In addition to the proof documentation selected by the agency or facility and provided to you, did you also conduct an auditor-selected sampling of documentation?</p>	<p><input checked="" type="radio"/> Yes</p> <p><input type="radio"/> No</p>
---	---

<p>91. Provide any additional comments regarding selecting additional documentation (e.g., any documentation you oversampled, barriers to selecting additional documentation, etc.).</p>	<p>The auditor reviewed inmate files, made observations throughout the on-site audit, thoroughly reviewed large samples of documentation, tested processes (including checking victim/aggressor assessment time periods), interviewed staff, contractors and inmates. Multiple personnel files were reviewed to assess the hiring process and background checks.</p>

SEXUAL ABUSE AND SEXUAL HARASSMENT ALLEGATIONS AND INVESTIGATIONS IN THIS FACILITY

Sexual Abuse and Sexual Harassment Allegations and Investigations Overview

Remember the number of allegations should be based on a review of all sources of allegations (e.g., hotline, third-party, grievances) and should not be based solely on the number of investigations conducted. Note: For question brevity, we use the term "inmate" in the following questions. Auditors should provide information on inmate, resident, or detainee sexual abuse allegations and investigations, as applicable to the facility type being audited.

92. Total number of SEXUAL ABUSE allegations and investigations overview during the 12 months preceding the audit, by incident type:

	# of sexual abuse allegations	# of criminal investigations	# of administrative investigations	# of allegations that had both criminal and administrative investigations
Inmate-on-inmate sexual abuse	0	0	0	0
Staff-on-inmate sexual abuse	0	0	0	0
Total	0	0	0	0

93. Total number of SEXUAL HARASSMENT allegations and investigations overview during the 12 months preceding the audit, by incident type:

	# of sexual harassment allegations	# of criminal investigations	# of administrative investigations	# of allegations that had both criminal and administrative investigations
Inmate-on-inmate sexual harassment	3	0	3	0
Staff-on-inmate sexual harassment	1	0	1	0
Total	4	0	4	0

Sexual Abuse and Sexual Harassment Investigation Outcomes

Sexual Abuse Investigation Outcomes

Note: these counts should reflect where the investigation is currently (i.e., if a criminal investigation was referred for prosecution and resulted in a conviction, that investigation outcome should only appear in the count for "convicted.") Do not double count. Additionally, for question brevity, we use the term "inmate" in the following questions. Auditors should provide information on inmate, resident, and detainee sexual abuse investigation files, as applicable to the facility type being audited.

94. Criminal SEXUAL ABUSE investigation outcomes during the 12 months preceding the audit:

	Ongoing	Referred for Prosecution	Indicted/Court Case Filed	Convicted/Adjudicated	Acquitted
Inmate-on-inmate sexual abuse	0	0	0	0	0
Staff-on-inmate sexual abuse	0	0	0	0	0
Total	0	0	0	0	0

95. Administrative SEXUAL ABUSE investigation outcomes during the 12 months preceding the audit:

	Ongoing	Unfounded	Unsubstantiated	Substantiated
Inmate-on-inmate sexual abuse	0	0	0	0
Staff-on-inmate sexual abuse	0	0	0	0
Total	0	0	0	0

Sexual Harassment Investigation Outcomes

Note: these counts should reflect where the investigation is currently. Do not double count. Additionally, for question brevity, we use the term "inmate" in the following questions. Auditors should provide information on inmate, resident, and detainee sexual harassment investigation files, as applicable to the facility type being audited.

96. Criminal SEXUAL HARASSMENT investigation outcomes during the 12 months preceding the audit:

	Ongoing	Referred for Prosecution	Indicted/Court Case Filed	Convicted/Adjudicated	Acquitted
Inmate-on-inmate sexual harassment	0	0	0	0	0
Staff-on-inmate sexual harassment	0	0	0	0	0
Total	0	0	0	0	0

97. Administrative SEXUAL HARASSMENT investigation outcomes during the 12 months preceding the audit:

(substantial compliance; complies in all material ways with the stand for the relevant review period)
- Does Not Meet Standard
(requires corrective actions)

Auditor Discussion Instructions

Auditor discussion, including the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

Discussion of Policies Reviewed: The Agency has been proactive in instilling a zero-tolerance for all forms of sexual abuse, sexual harassment, and retaliation for reporting or for cooperating with an investigation. Specific to this facility, the Superintendent has designated the Assistant Superintendent as the PREA Compliance Manager. The PREA Compliance Manager's comprehensive approach to implementing a program for prevention, detection, responding and reporting sexual abuse and sexual harassment at this facility.</p> <p>The agency has policies mandating a zero-tolerance policy and the comprehensive PREA policy (SOP 208.06, Prison Rape Elimination Act-PREA, Sexually Abusive Behavior Prevention and Intervention Program) addresses the agency's comprehensive approach to prevention of sexual abuse and sexual harassment as well as its approach to detection, responding and reporting sexual abuse and sexual harassment. The agency's policy begins with a statement of policy and applicable procedures, followed by extensive sections on Prevention Planning, Responsive Planning, and Reporting with multiple subsections addressing the GDOC Procedures and the PREA Standards. The policy prohibits retaliation for reporting or participating in an investigation and mandates a zero tolerance for retaliation as well.</p> <p>The GDOC has developed the Office of Professional Standards Compliance Unit, with a full time Director overseeing compliance with PREA, American Correctional Association (ACA) Standards, and Americans with Disabilities Act Compliance. In addition, the Director of the Compliance Unit supervises the Policy Administrator and the agency's Auditing Component. The Auditing Component audits GDOC facilities for compliance with policies and procedures.</p> <p>The PREA Unit consists of the Statewide PREA Coordinator. The Statewide PREA Coordinator oversees all PREA related functions and has an Assistant Statewide PREA Coordinator. Additionally, the PREA Unit has a PREA Analyst who collects and analyzes data that is input into the GDOC Database, called SCRIBE. The PREA Unit oversees the implementation of the PREA Standards and helps maintain compliance by periodically monitoring facilities and programs, by providing technical assistance, and by providing training. The Statewide PREA Coordinator is a certified Peace Officer Standards Training instructor enabling her to provide certified training to staff. The PREA Unit also collects PREA related data; review Sexual Assault Response Team Investigations (The Sexual Assault Response Team "SART"; conducts the initial facility-based investigations). The Statewide PREA Coordinator reports to the Deputy Director of Compliance however she has unimpeded access to the Commissioner of the Georgia Department of Corrections with issues related to PREA.</p> <p>The agency has a Statewide Americans with Disabilities Act/Limited English Proficiency Coordinator who serves as a resource person for accessing interpretive services for disabled or limited English proficient detainees and inmates. The Statewide Coordinator has required each facility to designate an ADA Coordinator in each facility. This is relevant to PREA in that when any issue arises regarding the need for any kind of interpretive services, the facility ADA Coordinator and PREA Compliance Manager have access to the Statewide Coordinator who can expedite interpretive services beyond those offered by Language Line, and these services, provided through multiple statewide contracts, include telephone, video, and on-site interpretive services. The ADA Coordinator has provided access to multiple statewide contracts for interpretive services for hearing impaired, visually impaired, or limited English proficient.</p> <p>Women's Probation Detention Center is required to comply with the Georgia Department of Corrections Policies, including PREA. The agency has also determined its facilities will comply with the Standards promulgated by the American Correctional Association and will undergo auditing by the American Correctional Association. The Georgia Department of Corrections PREA Policy addresses and integrates the elements of the PREA Program, and includes the agency's approach to prevention, detection, responding and reports. The agency has identified sanctions for staff, contractor, or inmates for violating any agency sexual abuse or sexual harassment policy and the presumptive sanction for employees is dismissal/termination and banning contractors and volunteers from further contact with inmates and the facility, until the conclusion of an investigation. The ban is statewide, preventing the contractor or volunteer from entering any GDOC facility until an investigation is completed.</p>

GDOC Standard Operating Procedures; 208.06, Prison Rape Elimination Act (PREA) Sexually Abusive Behavior Prevention Program affirms that the agency/facility has a zero-tolerance policy towards all forms of sexual abuse, sexual harassment and retaliation for reporting or for cooperating with an investigation.

Zero Tolerance is referenced in multiple documents and publications including the Inmate Handbook, in PREA Acknowledgment Statements for staff, inmates, contractors and volunteer, on issued PREA brochures, in the PREA Video, and continuously through multiple PREA related posters that were observed in this facility.

Site Review: Observed though out the facility: PREA related posters; phones with PREA Hotline dialing instructions; Kiosks. Inmate Tablets for Reporting and Inmate TV video streaming PREA Information.

Georgia Department of Corrections (GDOC) Policy 208.6, Prison Rape Elimination Act-PREA, Sexually Abusive Behavior Prevention and Intervention Program, is a comprehensive PREA Policy that not only details the agency's approach to prevention, detection, reporting and responding to allegations of sexual abuse and sexual harassment but also integrates this information in a manner that flows logically and is easily understood. The policy affirms that the Department will not tolerate any form of sexual abuse or sexual harassment of any offender. Policy also states that the Department has a zero tolerance for all forms of sexual abuse, sexual harassment and sexual activity among inmates. It further indicates the purpose of the policy is to strengthen the Department's efforts to prevent occurrences of this nature by implementing key provisions of the PREA Standards to help prevent, detect and respond to sexual abuse in confinement facilities. The PREA Policy addresses the agency's approach to preventing, detecting, responding and reporting sexual abuse and sexual harassment.

It is obvious that the Georgia Department of Corrections and Women's Probation Detention Center takes inmate sexual safety seriously. This is based on a number of factors. An interview with the GDOC Commissioner indicated he believes he has put together a team (the Director of Compliance and the PREA Unit, led by the Statewide PREA Coordinator, who has effectively implemented PREA. He affirmed his support for PREA and the efforts of the PREA Unit. During the interview, he showed the auditor how he is notified of every sexual assault in the state via phone message and that he also receives follow-up on those via phone message as well.

The GDOC appointed a Director of the Office of Professional Standards Compliance Unit, who is ultimately responsible for the Department's compliance with the PREA Standards, the Americans with Disabilities Act and the American Correctional Association Standards. This staff person was previously the agency's PREA Coordinator and is a Certified PREA Auditor. She also supervises the agency's audit team consisting of a Statewide Senior Auditor and 8 security auditors and three physical plant auditors. Additionally, the facility (Women's Probation Detention Center) must comply with the ACA Standards and has a staff dedicated to overseeing the implementation of the ACA Standards in the facility.

Additionally, the Department has appointed a Statewide PREA Coordinator and an Assistant Agency Statewide PREA Coordinator with sufficient time and authority to develop, implement, and oversee the Department's efforts to comply with the PREA Standards in the Georgia Department of Corrections (GDOC) facilities.

The Statewide PREA Coordinator has responsibility for the entire state. Both the PREA Coordinator and Assistant PREA Coordinator are experienced in adult corrections. They are heavily involved in training staff; whether it is training for the PREA Compliance Managers, Sexual Assault Response Team (SART) Members, or staff first responders to mention a few. PREA Compliance Manager training and SART training is held consistently at least twice a year. The PREA Coordinator is a POST Certified Instructor (Peace Officer Standards Training) which means she has met all the requirements to instruct corrections staff, and especially Peace Officer Standards Certified Correctional Staff, enabling them to receive credit toward their ongoing certification and recertification requirements.

The Assistant PREA Coordinator is also experienced in corrections, having worked in both the state and private sector. He is knowledgeable of PREA and provides technical assistance when needed to the GDOC Facilities. A previous interview with the PREA Coordinator and the Assistant Statewide PREA Coordinator confirmed that they have sufficient time to perform their PREA related duties.

The PREA Unit is heavily involved as well in capturing data for planning, corrective action and other purposes. To that end, the agency and PREA Unit has a PREA Analyst assigned to the PREA Unit. His job, among other things, is to collect and analyze the data that is submitted to the PREA Unit on a monthly basis, by each facility. In working with the PREA Auditor, the PREA Analyst assists by retrieving information on all calls to the PREA Hotline from each facility prior to the on-site audit. He also assists the auditor by securing from the Georgia Department of Corrections Technical Section, rosters of disabled inmates, identifying the inmate and his/her disability, enabling the auditor to select disabled inmates to interview during on-site visits. He also provides a report of inmates or probationers who identify as LGBTI and who have reported prior victimization. He keeps statistics for each facility and cumulatively for the agency. Statistics are used by the Department to analyze issues related to PREA and are used to compile the Agency's Annual Report. The analyst also has a system that populates information from reports onto the SSV Form. He also provides a check and balance in collecting accurate information about sexual assault. Facilities are required to report allegations to the PREA Unit.

The PREA Unit has reached out to nationally recognized organizations to assist in implementing PREA. These included Just

Detention International and the Moss Group. They contracted with Just Detention in the past to assist in implementing PREA and are now under contract with the Moss Group to help the Department assist in developing the agency's Transgender Policy. The DRAFT Policy has been completed and is being reviewed. The Moss Group is also working with the Department to assess and recommend additional female programming (gender specific programming).

The Moss Group has provided Train the Trainer Classes to train trainers to go back into the facilities to train selected staff to serve as victim advocates. The Statewide PREA Coordinator and Assistant Statewide PREA Coordinator have been trained by the Moss Group to conduct this training.

The PREA Unit, realizing the quality of the Facility-Based investigations needed to be monitored, has implemented a computer-based program to enable the PREA Coordinator, Assistant PREA Coordinator and PREA Analyst to monitor investigations. This enables them to review the investigation and to require additional action, including instructing the facility-based investigators to look at other areas if warranted, prior to closure, for the investigation to be approved by the PREA Unit. This provides a quality assurance component to evaluate investigations.

The Warden/Superintendent at each institution is charged with ensuring that all aspects of the agency's PREA Policy are implemented. The Superintendent has, as required, developed a Local Procedure Directive for response to sexual allegations. The Directive reflects the institution's unique characteristics and specifies how each institution will respond to sexual allegations and the notification procedures followed for reports of sexual allegations. (Local Procedure Directive discussed in a later standard).

Superintendents are also required to assign an Institutional PREA Compliance Manager, who also has sufficient time and authority to develop, implement and oversee the facility efforts to comply with the PREA Standards. The Superintendent has designated the Assistant Superintendent as the PREA Manager. She has developed numerous initiatives to ensure that PREA is a priority in this facility. These initiatives include, PREA POSTING are printed signs keeping sexual safety in view of staff and inmates continuously, streaming PREA information continuously throughout the day on the inmate Channel 60, implementing the Suicide/PREA Form to offer mental health follow-up for inmates who may want to disclose prior victimization (on intake), and others.

These and other initiatives indicate a proactive approach to prevention, detection, responding and reporting sexual abuse and sexual harassment. An interview with the PREA Compliance Manager indicated she makes time to perform all of her PREA related responsibilities. She also indicated that she has the complete support of the Superintendent and she has given her the authority and responsibility for implementing the standards and for maintaining compliance with them. The Facility Organizational Chart depicts the PREA Compliance Manager as having direct access, when needed to the Superintendent.

The agency is proactive in working towards preventing, detecting, responding and reporting PREA incidents. This was described by the PREA Coordinator and included the fact that they have been working with Just Detention International on a variety of initiatives and projects. The agency, in the past, provided documentation of their JDI PREA Demonstration Grant, including the Final Close-Out Report dated March 2, 2020. The grant included nine (9) GDOC project pilot facilities. The initiatives included: 1) Promote broad-based culture shift within GDOC through new staff training programs that comply with the PREA Standards and address each employee's role in preventing and responding to sexual abuse. This included assessing the cultures in the pilot facilities and then developing and providing training. 2) Develop a trauma-informed response to sexual assault; ensuring incarcerated survivors have access to the same quality of care that is available in the community. During this part of the project the JDI worked with the Georgia Network to End Sexual Assault (GNESA) in providing training to staff in providing trauma-informed response to inmates reporting sexual abuse, in building partnerships with community-based rape crisis centers and to provide training to the facility-based sexual assault response team members, ensuring a coordinated response to inmates reporting sexual abuse. This goal included objectives related to more training for staff and SARTs as well as securing written MOUs with rape crisis centers. 3) Develop PREA inmate education programs that address the needs of inmates with GDOC's facilities. This included an assessment of existing inmate education curricula and materials, identifying inmate education delivery methods best suited for each of GDOC's facility types and revising or developing new inmate education curricula and materials tailored to the needs of each facility type, and establishing a plan for delivering that education to new inmates and on an ongoing basis. 4) Enhance GDOC's procedures regarding PREA standards and audit compliance.

Inmates, staff, contractors and volunteers are trained on the zero-tolerance policy. They acknowledge and sign PREA Acknowledgment Statements. The auditor reviewed Training Rosters documenting completion of Day 1, Annual In-Service Training that includes PREA Training. Acknowledgement Statements for Employees and Unsupervised Contractors and Volunteers affirms that they have received training on the Department's Zero Tolerance Policy on Sexual Abuse and Sexual Harassment and that they have read to GDOC Standard Operating Procedure 208.06, Sexually Abusive Behavior Prevention and Intervention Program. They also acknowledge that violation of the policy will result in disciplinary action, including termination or being banned from entering any correctional institution.

GDOC also requires staff to complete the NIC on-line training, "Communicating Effectively and Professionally" with LGBTI Offenders; the auditor reviewed certificates documenting that training.

The agency appears to value training to assist in the agency's prevention efforts. The agency plans and provides additional training for Sexual Assault Response Team Members, as well as ongoing training for PREA Compliance Managers. Sexual Assault Team Members (SART) attend training at least semi-annually. This training was documented in training rosters provided and reviewed and through interviews with SART members, the PREA Coordinator and Assistant PREA Coordinator.

Designated staff completes the NIC on-line Specialized Training for Investigating Sexual Abuse in Confinement Settings, in addition to the specialized training for their respective fields; i.e., Medical and Mental Health. Healthcare staff attended training in Nursing Protocols and complete the NIC Training entitled, Medical Care for Victims of Sexual Abuse in a Confinement Setting. A qualified staff in most or all the GDOC facilities is trained to serve as an advocate for victims of sexual abuse and advocates are generally a part of the Sexual Assault Response Team.

Offenders are provided PREA related information upon admission to the facility during the intake process. During Intake and according to staff, inmates are provided information about zero tolerance and are provided the PREA Brochure. If not completed on the day of admission, inmates also receive an orientation in which they watch the PREA video, going over the PREA pamphlet, explaining zero tolerance and how to report. Following the PREA education during orientation, the inmate signs the PREA Acknowledgment Statements acknowledging understanding zero tolerance and the consequences for being involved in an incident of sexual assault or sexual harassment. Additionally, the orientation checklist is initiated by the inmate confirming having received the information. These were confirmed through reviewing inmate files randomly selected by the auditor.

Allegations and reports, regardless of the source, are required to be documented and investigated. Staff stated they would report the allegation immediately to their immediate supervisor and follow up with a written statement prior to the end of their shift. They said they would report "everything" regardless of how they received the information or regardless of whether it involved a staff, inmate, contractor or visitor.

Inmates at this facility have access to a KIOSK in each dorm from which they can report directly to the GDOC PREA Unit via email. They may also email anyone on their approved visitors list. They may also conduct video visitation if they have enough funds on their account. Additionally, inmates have GOAL Devices (tablets) from which they can report to the PREA Unit, anytime day or night, with privacy.

Comments: This standard is rated "exceeds" because of the agency and the facility's commitment to zero tolerance and to PREA. This was evident in an interview with the GDOC Commissioner, Superintendent, staff and inmates. The Department has designated a Statewide Compliance Director with overall responsibility for implementing PREA, the American Correctional Association Standards and ADA compliance.

The Superintendent has designated the Assistant Superintendent as the PREA Compliance Manager for this facility. During an interview, she confirmed that she has sufficient time to perform her duties as PCM, she reports to the facility's Superintendent. The facility has developed a Coordinated Response Plan specific to the facility with contact information for all staff who serves as members of the SART team.

115.13	Supervision and monitoring
	Auditor Overall Determination: Meets Standard
	Auditor Discussion

Policy and Documents Review: Women's Probation Detention Center Staffing Plan, Facility Women's Probation Detention Center Pre-Audit Questionnaire; Georgia Department of Corrections Policy, 208.6, Prison Rape Elimination Act, Sexually Abusive Behavior Prevention and Intervention Program, A. Prevention Planning, Paragraph 3.

Interviews: Commissioner; Superintendent; PREA Compliance Manager; Agency PREA Coordinator (previous interview); Assistant Statewide PREA Coordinator (previous interview)

The Georgia Department of Corrections Policy requires each facility to develop a staffing plan addressing adequate staffing and deployment of video monitoring in an effort to protect offenders from sexual abuse. Additionally, the Georgia Department of Corrections facilities develop a stratification plan that essentially provides a brief overview of the facility and the plan for housing the population served by this facility. Women's Probation Detention Center has developed and documented a staffing plan that provides for adequate levels of staffing to attempt to keep inmates safe. The staffing plan is documented in Women's Probation Detention Center, Facility Staffing Plan dated May 2021

The Staffing Plans and reviews of the staffing plan are guided by a template developed by the agency PREA Team. The template is designed to ensure each facility addresses each of the required items in the PREA Standards. These are developed with input from the agency PREA Coordinator and approved by the Superintendent and PREA Coordinator or Assistant Coordinator.

Plans are required to be documented and consider each of the items required by the PREA Standards. The Department (GDOC) sends teams to facilities to assess the staffing needs and, after identifying Priority One Posts and other lessor priority posts, applies formulas with consideration of relief factors and recommends allocating the numbers of staff to be adequate for the mission of that facility. This is known as a staffing analysis.

Staffing levels then are essentially based on the mission of the facility, population served, security levels of offenders, special needs of offenders, programs, work details and the numbers of identified priority one posts. Priority one posts are those that are so critical they must be manned 24/7. The facility may also have other posts that need to be staffed for optimum operational conditions but are a lessor priority than the posts that must be manned 24/7. Priority two and three posts are needed for the optimal operation of the facility but lower priority posts and may be closed or "pulled" in order to staff higher priority level posts. Some posts may be closed because their function has ceased at a given time of day or night.

Policy and Documents Reviewed: Georgia Department of Corrections Policy, 208.6, Prison Rape Elimination Act, Sexually Abusive Behavior Prevention and Intervention Program, A. Prevention Planning, Paragraph 3. requires each facility to develop, document and make its best efforts to comply on a regular basis with the established staffing plan that provides for adequate levels of staffing, and, where applicable, video monitoring to protect inmates against sexual abuse. Facilities are also required to document and justify all deviations on the Daily Post Roster. Annually, the facility, in consultation with the Department's PREA Coordinator, assesses, determines and documents whether adjustments are needed to the established staffing plan and deployment of video monitoring systems.

In considering the layout of the facility, the staffing plan describes in detail staffing and video deployment. The plan requires intermediate level or higher-level staff to conduct and document unannounced rounds to identify and deter sexual abuse and sexual harassment. Rounds are to be documented in the area log books. Documentation verifying random unannounced rounds for a period for twelve months were being conducted, as per policy requires.

Additionally, policy requires unannounced rounds by supervisory staff with the intent of identifying and deterring sexual abuse and sexual harassment every week, including all shifts and of all areas. These rounds are documented in area logbooks and staffs are prohibited from alerting other staff of the rounds. Duty Officers are required to conduct unannounced rounds and these rounds are required to be documented in the Duty Officer Log book. Shift rosters confirmed the minimum staffing required. All priority one posts were staffed as required without deviations. Logbook reviews were documented above.

The staffing plan documented consideration of the inmate population and programs that are going on different shifts, the presence of video monitoring, and priority one (24/7) posts. The staffing plan and review is conducted by the Superintendent and PREA Compliance Manager and then, by either the Statewide PREA Coordinator, or Assistant Statewide PREA Coordinator.

Women's Probation Detention Center has developed and documented a staffing plan that provides for adequate levels of staffing to attempt to keep inmates safe. The staffing plan is documented in Women's Probation Detention Center, Facility Staffing Plan, dated May 2021.

Discussion of Interviews: The Superintendent described the staffing levels at her facility and identified the priority 1 posts that are covered 24/7, as well as priority 2 and 3 posts that can be pulled to cover a priority 1 post if needed. She described the actions that would be taken to ensure a priority one post is never deviated from. Interviews with staff indicated the minimum staffing is always maintained and there are enough staff to supervise the inmates. Any deviation from mandated staffing levels is documented.

If this should occur, documentation is required via a GDOC Incident Report. This is confirmed through the reviewed policies, annual in-service training lesson plan, and interviews with both staff and inmates. In practice, interviews with staff and inmates confirmed that male staffs do not conduct cross gender strip searches however both male and female officers conduct pat searches.</p> <p data-bbox="240 741 1474 936">GDOC Policy does allow male staffs, who have been trained in conducting cross-gender searches, to conduct pat searches of female inmates. The facility's practices are consistent with GDOC Standard Operating Procedure, 226.01, Searches, Security Inspections, and Use of Permanent Logs, 1.2; however, practice is that if a female staff is available to conduct the pat search, the female conducts it. The practice at this facility, as confirmed through interviews with staff and with inmates, confirmed that male staff is trained to conduct pat searches; however, female staff are always available to conduct pat searches.</p> <p data-bbox="240 965 1477 1061">The GDOC Search Policy in 1.d requires that a strip search of females shall be conducted by female correctional officers while males shall be strip searched by male correctional officers, however in an emergency such as an escape, riot etc., the provision may be waived.</p> <p data-bbox="240 1090 1485 1218">GDOC Policy requires that the requirement for prohibiting cross gender pat searches of females will not restrict female offender's access to regularly available programming or other out-of-cell opportunities in order to comply with those provisions. The facility houses female inmates, during interviews; inmate related female staff are always available to preform pat searches.</p> <p data-bbox="240 1247 1490 1442">GDOC policy and practice requires that inmates can shower, perform bodily functions, and change clothing without nonmedical staff of the opposite gender viewing their breasts, buttocks, or genitalia, except in exigent circumstances or when such viewing is incidental to routine cell checks. Showers in this facility are equipped with shower curtains providing privacy while inmates shower. One hundred percent of the interviewed inmates confirmed they have privacy while showering and that they are never naked in full view of staff while showering, using the restroom or changing clothing. Inmates confirmed, male staff always announces themselves when entering the housing units.</p> <p data-bbox="240 1471 1474 1599">In open bay dorms, toilets are separated by walls affording a degree of privacy while using the restroom and ensuring they are not in full view of staff. Officers may conduct headcounts periodically however inmates are reportedly not in the shower/restroom area when the officers conduct the head counts and the male officer is required to announce his presence when entering the housing units.</p> <p data-bbox="240 1628 1474 1823">GDOC policy requires staff of the opposite gender to announce their presence when entering the housing units. Male staff working on the unit will announce once after taking the shift over however other male's coming into the unit must announce. The facility also requires inmates to announce anytime the Superintendent, or other administrative level staff enters the dorms as well. Signs are also posted in each dorm, explaining that male staff typically works in the dorms. Interviewed offenders stated male officers do announce their presence when entering the housing area. The facility has posted signs at the entrance of living units stating "Male and Female staff routinely work and visit inmate housing areas".</p> <p data-bbox="240 1852 1485 2018">Policy requires that the facility refrain from searching or physically examining transgender or intersex inmates for the sole purpose of determining the inmate's genital status and If an inmate's genital status is unknown, the facility may determine genital status during conversations with the inmate, by reviewing medical records, or, if necessary, by learning that information as part of a broader medical examination conducted in private by a medical practitioner. The policy does not limit searches of offenders to ensure the safe and orderly running of the institution.</p> <p data-bbox="240 2047 1481 2143">One hundred percent of the interviewed staff affirmed they would not be allowed to search a transgender or intersex inmate for the sole purpose of determining the resident's genital status. They indicated essentially that they would ask them or have medical make that determination. None of the interviewed transgender offenders reported that they were searched for the</p>

sole purpose of determining their genital status.

Agency policy requires and the facility trains staff to conduct cross gender pat down searches in a professional and respectful manner. Staff related they receive this training at Basic Correctional Officers Training (BCOT). BCOT is the training that results in successful candidates becoming certified as a Correctional Officer by the Peace Officers Standards Training Committee. Staff indicated they also get the training in annual in-service training and, at times, during shift briefings. GDOC Policy 208.6 and Standard Operating Procedure, 226.01, Searches requires this as well. Those same policies require the Department to train security staff to conduct cross-gender pat searches and searches of transgender and intersex inmates in a professional and respectful manner and in the least intrusive manner possible, consistent with security needs.

GDOC staffs are required to take the National Institute of Corrections on-line training, Communicating Effectively and Professionally with LGBTI Offenders. The auditor reviewed 40 sampled certificates documenting the National Institute of Corrections On-Line Training, Communicating Effectively and Professionally with LGBTI Offender and observed certificates documenting that training in personnel files while reviewing background checks. All the interviewed staff stated they took the on-line National Institute of Corrections Training, "Communicating Effectively and Professionally with LGBTI Offenders".

Observations: Showers in the dorms with bedrooms were separated by full wall stalls and each shower has a curtain. Showers in the segregation area are single occupancy showers. Toilet areas provided some privacy by separate stalls. The auditor did not observe any searches during the on-site audit.

The reviewed Women's Probation Detention Center Pre-Audit Questionnaire and interviews with staff confirmed that there have been zero cross-gender strip or body cavity searches during the past twelve months. All the interviewed staff confirmed that male staff is prohibited from conducting cross-gender strip or body cavity searches unless there were exigent circumstances that are documented.

The auditor reviewed the training module for in-service training. That training reaffirmed the verbiage in policy. Multiple pages of training rosters documenting Day 1 In-Service were provided for review. Staff also affirmed, in their interviews, that they have been trained in how to conduct a proper pat search of offenders, to include transgender and intersex offenders. Staff were asked to demonstrate the technique they were taught, and staff demonstrated how they would use the back of their hands to avoid an allegation of groping the inmate. They referred to the back of their hands as the "blade: which is the term used in the training.

An additional measure required by policy is for staff of the opposite gender to announce their presence when entering an inmate housing unit. Signs are prominently posted in each dorm informing inmates that male staff typically works in the dorm. Interviewed staff, randomly selected as well as specialized staff, affirmed that staff consistently announces their presence before entering the housing area.

Discussion of Interviews: Interviewed staff affirmed they are prohibited from conducting cross-gender strip searches except in dire emergencies and then only if a female staff is not available. They indicated they are trained to conduct cross-gender pat searches and searches of offenders in professional and respectful manner. They confirmed that search training, including cross gender pat searches and searches of transgender and intersex inmates in a professional and respectful manner is taught during Basic Correctional Officers Training, during in-service training and demonstrated during some shift briefings periodically.

The reviewed training module for Annual In-Service, reminds staff that security staff must conduct searches in a professional and respectful manner and in the least intrusive manner possible, consistent with security needs. Staffs are instructed that female staff may conduct strip and body cavity searches of male inmates only in exigent circumstances that are documented on an incident report.

Staff indicated, in their interviews, that staff of the opposite gender consistently announces their presence when entering housing units. Most of the interviewed inmates affirmed male staff not working in the unit announces their presence when entering the housing units. Observation indicated that an inmate is assigned to announce to the unit anytime any visitor enters the unit. Male staff were also observed making their announcement when entering inmates housing units. Interviews with staff and offenders confirmed inmates can shower, perform bodily functions and change clothing without being viewed by staff.

Efforts are made at the diagnostic facility to identify offenders who may be qualified individuals under the ADA. Additionally, a mental health screening and evaluation is conducted at a GDOC Diagnostic Facility to determine the level of care needs.</p> <p data-bbox="240 1574 1495 1805">Policy requires that during the intake and diagnostic process, staff, including security, education, medical, mental health, parole and classification will ask offenders with hearing/visual disabilities their preferred way of communication during the first interaction in the intake/diagnostic process. That determination will prompt the intake/diagnostic staff to secure a Qualified Interpreter or use the Video Remote Interpreting for those with hearing impairments, a reader or other assistive technology, for those with visual impairments, or other specified preferred ways of effective communication. The preferred way of communication will be use throughout the intake/diagnostic process and this information will be documented in the Department's Database (SCRIBE).</p> <p data-bbox="240 1834 1485 1998">When required, the ADA Coordinator will order live American Sign Language interpreting services. Policy requires the sending diagnostic facility to contact the receiving facility to ensure that necessary equipment or auxiliary aids are available, including "qualified interpreters". Qualified interpreters are defined as someone who can interpret effectively, accurately, and impartially, both receptively (understanding what the person with the disability is saying) and expressively (having the skill to convey the information back to the person) using any necessary specialized vocabulary.</p> <p data-bbox="240 2027 1490 2157">In that same SOP, F. Effective Communication, paragraph a, requires that offenders with hearing and/or speech disabilities and offenders who wish to communicate with others who have disabilities will be provided access to a Telecommunications Device for the Deaf (TDD) or comparable equipment on the housing units. Public phones are required to have volume control for inmates with hearing impairments.</p>

The prison has an agreement with Lionbridge to provide interpretation services. Language Line can provide interpretation services over the phone, video remote and through on-site interpreting. Contract services, it affirms, also includes American Sign Language. The facility also has PREA documentation available for inmates and is in English and Spanish format. If interpretation is needed for any other language, the contracted translation service provided by Language Line includes documentation translation.

The prison has a limited English proficiency procedure affirming the facility will provide all necessary means to provide LEP offenders with all of the PREA Information. This can be implemented through the staff interpreter, PREA Video and PREA Pamphlet in Spanish, Lionbridge, and PREA Posters in Spanish and English. In the past twelve months interpreter services had not been utilized by the facility.

Counseling staff are available to ensure that inmates with limited educational skills receive and understand how to access all the aspects of PREA, including prevention, detection, responding and reporting. Staff would read the PREA information to the inmate upon admission and additionally, PREA Education is provided through the PREA Video and orally to clarify any issues.

Observations: Posting of PREA Brochures in English and Spanish; PREA Video in English and Spanish and in closed caption.

Discussion of Interviews: The auditor conducted a previous telephone interview with the Agency ADA Coordinator. According to the Coordinator if the facility had a limited English proficient inmate needing translation services the facility has access to Lionbridge when needed. She also affirmed the availability of translators or interpreters for the hearing impaired via statewide contracts and indicated she would, if called, make the contacts to provide signing and any other translation services as needed; the agency has the PREA Video with closed caption.

Interviews with a random staff indicated that staff would not rely on an inmate to translate for another inmate in making a report of sexual abuse or sexual harassment absent and emergency or exigent circumstance. Interpretive services would be accessed through Lionbridge. More than adequate services are available to accommodate inmates needing interpretative services. Staff interviews revealed staff are aware of how these services are accessed.

There were no LEP inmates housed at the facility during the on-site portion of the audit. One interviewed inmate who was hard of hearing stated that she has no issues and understands the PREA policy and how to report sexual abuse and harassment.

Prevention Planning, Paragraph 7, Hiring and Promotion Decisions, complies with the PREA Standards. GDOC does not hire or promote anyone or contract for services with anyone who may have contact with inmates who has engaged in sexual abuse in a prison, jail, lockup, community confinement facility, juvenile facility or other institution defined in 42USC 1997; who has been convicted of engaging or attempting to engage in sexual activity in the community facilitated by force, overt or implied threats of force, or coercion, or if the victim did not consent or was unable to consent; of who has been civilly or administratively adjudicated to have engaged in the activity described in the above. Too, policy requires the Department to consider incidents of sexual harassment in determining whether to hire or promote anyone, or to enlist the services of any contractor who may have contact with inmates. Prior to hiring someone, the PREA Questions, asking prospective applicants the three PREA Questions, is required. GDOC Policy 104.09, Filling a Vacancy, Paragraph I. Hiring and Promotion, 3. Requires that before hiring anyone who may have contact with offenders, GDOC will perform a criminal background check and consistent with Federal, State, and local law, make its best efforts to contact all prior institutional employers for information on substantiated allegations of sexual abuse or any resignation during a pending investigation of any allegation of sexual abuse. Verification of that check must be documented on the GDOC Professional Reference Check.</p> <p data-bbox="240 981 1477 1207">Georgia Department of Corrections requires the following regarding the hiring and promotion process: 1) Applicants responding to the PREA related questions asked of all applicants and documented on the Employment Verification Form; 2) Correctional applicants must pass a background check consisting of fingerprint checks, a check of the Georgia Crime Information Center and the National Crime Information Center; 3) Correctional Staff must pass an annual background check prior to going to the firing range annually to maintain their Peace Officers Standards Training Certification (POST); all other staff must pass a background check consisting of the GCIC and NCIC annually. - Criminal Background Check of the Georgia Crime Information Center and the National Crime Information Center.

Uniform Staff –

- Annual background checks and driver's license checks, prior to going to the firing range; a requirement to maintain the officer's Peace Officer Standards Training Certification.

Non-Uniformed Staff-

- Backgrounds are completed every five years, per Department of Correction's policy.

Contractors –

- Backgrounds are completed every five years, per Department of Correction's policy. Volunteers –
- Training for volunteers is controlled by the State Office Volunteer Coordinator's Office.
- Background checks are conducted at the State Office, prior to a volunteer being admitted to training.
- Once a successful background check and the required PREA and other training provided, the State Office or the Regional Office issue a badge for the volunteer. The badge, according to the State Volunteer Coordinator confirms the volunteer has completed training and passed his/her background check and may be authorized entry into the facility. If the badge has expired, the Coordinator, advised the volunteer must undergo the training again.

GDOC Policy requires background checks every year for uniform staff. Annual background checks are required for uniform staff to go to the firing range to maintain firearms qualification, as required for maintaining the officer's Peace Officer Standards Certification. All other employees and contractors with contact with inmates must have a background check every five years.

As part of the interview process potential employees and employees being promoted are asked about any prior histories that may have involved PREA related issues prior to hire and approval to provide services. HR Tech Supervisor related that the PREA Questions are given to applicants and required to be completed.

GDOC requires applicants to disclose any disciplinary history involving substantiated allegations of sexual abuse and goes on to tell the applicant that GDOC requires supporting documentation must be obtained prior to the applicant being hired. Failure to disclose (omissions) that are material will result in the applicant not being considered. GDOC policy requires applicants to disclose any disciplinary history involving substantiated allegations of sexual abuse.

In the past 12 months, the number of persons hired who may have contact with inmates who have had criminal background record checks: 21

Discussion of Interview: The HR Tech II described the hiring process. She indicated that prospective security candidates for employment take the Integrity Test at the facility, complete the Applicant Verification Form affirming they have not been involved in any PREA related issues on the form, and consent for a background check through the GCIC and NCIC. If the applicant worked in another facility or institution, a professional reference check is required. Contractor's background checks are every 5 years. If a staff resigned during an investigation the investigation would continue but the staff would be coded as "no-rehire".

Interview with the HR Tech II indicated that all persons selected for employment or to provide services at the prison must consent in writing (Form SOP IV00312, Attachment 1), to a Criminal Background Check and a Driver History Consent to be conducted prior to officially hiring someone. The HR Tech II also stated that all newly hired staff background checks include live scan fingerprints.

The standard is rated "exceeds", GDOC facilities conduct backgrounds annually for all employees, contractors and volunteers.

Additionally, they provided a document entitled: "National Protocol for Sexual Assault Medical Forensic Examinations, 2nd Editions, and Major Updates" summarizing the major categories of revisions made in the second edition of the National Protocol for Sexual Assault Medical Forensic Examinations. The revised protocol has the same emphasis and values as the original but are updated to reflect current technology and practice. The protocol offers recommendations to help standardize the quality of care for sexual assault victims and is based on the latest scientific evidence.

The Agency's "Procedure for SANE Nurse Evaluation/Forensic Collection provides a six-page document of instructions to follow in preparing for the forensic exam and for collecting evidence.

Upon learning of a sexual assault, the facility nurse is required to complete the Nursing Assessment Form for Alleged Sexual Assault. If the determination is that a possible sexual assault occurred, the Nurse completes the Plan portion of the form.

This information documents notification of the Officer in Charge, SANE Nurse, and other notifications.

The facility has a SANE Call Roster providing contact information for Sexual Assault Nurse Examiners. Contact information is provided for three SANES. There were no forensic exams required during the last twelve months.

The facility nurse documents the following information on the Medical PREA Log:

- Inmate Name and GDOC Number.
- Date of Incident.
- Reported within 72 hours.
- Transported to ER?
- Date of Transport.
- Method of Transport.
- Inmate Consent Form Signed.

Discussion of Interviews: An interview with a SANE who is contracted to perform Sexual Assault Forensic Exams for the Georgia Department of Corrections, confirmed the process for conducting a forensic exam. She follows a uniform protocol for conducting those exams.

An interview with the RN confirmed her role in responding to an allegation of sexual abuse as well as the process for contacting the contracted Sexual Assault Nurse Examiner. Apart from conducting an initial assessment of the offender to determine if there is evidence of trauma requiring immediate medical intervention in accordance with good clinical judgment. The RN has also completed the NIC training, the auditor review the training certificate.

Interviews with Random staff confirmed they were knowledgeable of the written PREA Local Procedure Directive and Coordinated Response Plan, to include protecting the inmate and preservation of evidence.

The PREA Compliance Manager confirmed the facility has a MOU with Rape Crisis Center of the Coastal Empire, an outside service to provide an advocate as needed for an inmate who had alleged sexual abuse. The Rape Crisis Center of the Coastal Empire also provides a Hotline Number for inmates to report sexual abuse and sexual harassment. The facility has had no exams performed during the last 12 months; this was confirmed through review of the SANE log during the on-site portion of the audit and PAQ.

Interviews: Agency Head (Prior Interview), Facility Investigator

Discussion of Policy and Documents Reviewed: The Georgia Department of Corrections Policy (208.06) requires that all reports of sexual abuse and sexual harassment will be considered allegations and will be investigated. That included any sexual behavior that was observed, that staff have knowledge of, or have a received a report about, or a suspicion. Staff acknowledged that regardless of the source of the allegation, the allegation is reported and referred for investigation. If an allegation appears criminal in nature it is referred to the Department's Office of Professional Standards Investigators who is Special Agents, trained extensively in conducting investigations and who has the power to affect an arrest of staff or inmates. Staff acknowledged that they understood that failing to report would result in disciplinary action or dismissal.

Another GDOC Policy, 1K01-0006, Investigation of Allegations of Sexual Contact, Sexual Abuse, and Sexual Harassment of Offenders, asserts it is the policy of the GDOC that allegations of sexual contact, sexual abuse, and sexual harassment filed by sentenced offenders against departmental employees, contractors, vendors, or volunteers be reported, fully investigated and treated in a confidential and serious manner.

The Agency's PREA Investigation Protocol (Effective June 15, 2016) requires that every allegation (sexual abuse and sexual harassment) must be referred immediately to the local Sexual Assault Response Team with the local SART protocol initiated and investigations handled promptly, thoroughly, and objectively, incident notification made to the GDOC PREA Coordinator within 24 hours of initiating the SART Investigation.

The Georgia Department of Corrections has established Sexual Assault Response Teams (SART) in each of the facilities; SART is responsible for the administrative investigation for all allegations of sexual abuse or sexual harassment. Women's Probation Detention Center has a Sexual Assault Response Team that is responsible for conducting the initial sexual abuse investigations and sexual harassment investigations. The SART Facility Based Investigator is required to complete the National Institute of Corrections Specialized Training (online) entitled: "PREA: Investigating Sexual Abuse Investigations in Confinement Settings." The SART is made up of a facility-based investigator, a nurse, a counselor, and a staff advocate. The SART's role is to conduct an initial investigation into the allegation.

If an allegation appears to be criminal in nature, the SART will notify the Superintendent who will contact the applicable Regional Office. The Regional Office's Special Agent in Charge will then appoint or designate Office of Professional Standards Investigator, a Special Agent, who has extensive investigative training through the Georgia Bureau of Investigation to conduct the criminal investigation. Special Agents have been empowered to affect an arrest if necessary. They also work with the local District Attorney and recommend criminal charges when the evidence warrants it.

All investigations are documented and maintained. Investigations conducted by the Sexual Assault Response Team are entered into the GDOC's data base and are reviewed by the PREA Unit and must be approved by the PREA Unit prior to the investigation being finalized and closed in the system.

The agency's website is replete with information related to PREA. A section entitled: "Department Response to Sexual Assault or Misconduct Allegations" asserts that employees have a duty to report all rumors and allegations of sexual assault and sexual misconduct through the chain of command. Another paragraph, "Investigations of Sexual Assault and Misconduct" states that the GDOC is dedicated to producing quality investigations of alleged sexual assaults and sexual misconduct incidents. A separate section, "How do I Report Sexual Abuse or Sexual Harassment?" affirms the GDOC investigates all allegations of sexual abuse and sexual harassment promptly, thoroughly, and objectively. Multiple ways to report are then identified and contact information is provided.

In the past 12 months, the number of allegations of sexual abuse and sexual harassment that were received: 1

In the past 12 months, the number of allegations resulting in an administrative investigation: 1

In the past 12 months, the number of allegations referred for criminal investigation: 1

Discussion of Interviews: The Agency Head and the Facility Investigator confirmed that all allegations of sexual abuse and sexual harassment are investigated. All staff are mandated reporters, meaning if a staff member hears a rumor from another inmate of an alleged incident, it will be taken seriously and investigated. The administrative investigations are conducted by the local SART team, should the incident be deemed to be criminal in nature the investigation is immediately reported to the Office of Professional Standards for investigation.

GDOC Policy in Paragraph 1.b requires that in-service training includes gender specific reference and training to staff as it relates to a specific gender population supervised; and staff that transfer into a facility from a different gender facility are required to receive gender-appropriate training.

The auditor reviewed training rosters documenting Day 1 annual in-service training for 2021. Rosters documented 1 day on which annual in-service training was provided. Staff signatures were observed on those training rosters, PREA Acknowledgement Statements for staff and contractors were provided by the facility.

The Agency's PREA Coordinator and the Assistant PREA Coordinator completed the Train the Trainer Advocacy Training provided by the Moss Group to enable them to train designated facility staff to serve as facility-based advocates.

Observations: None applicable for this audit.

Georgia DOC Policy, 208.6, Prison Rape Elimination Act, Sexually Abusive Behavior Prevention and Intervention Program, C. Training and Education, requires annual training that includes the following: The Department's zero-tolerance policy, how to fulfill their responsibilities under the sexual abuse and sexual harassment prevention, detection, reporting and response policies and procedures, inmate's right to be free from sexual abuse and sexual harassment, the right of inmates and employees to be free from retaliation for reporting sexual abuse and sexual harassment, the dynamics of sexual abuse and sexual harassment victims, how to detect and respond to signs of threatened and actual sexual abuse, how to avoid inappropriate relationships with inmates, how to communicate effectively and professionally with inmates, including lesbian, gay, bisexual transgender, intersex or gender non-conforming inmates ; how to avoid inappropriate relationships with inmates and how to comply with relevant laws related to mandatory reporting of sexual abuse and sexual harassment. New employees receive PREA Training during Pre-Service Orientation. Staff receives annual in-service training that includes a segment on PREA. In-service training considers the gender of the inmate population. The facility provided the training curriculum covering the topics required by the PREA Standards.

The auditor reviewed multiple training rosters documenting Day 1, Annual In-Service Training, Staff and Contractor PREA Acknowledgment Statements.

Reviewed personnel files representing Newly Hired Staff, Promoted Staff and Regular Staff all contained PREA Acknowledgment Statements. These statements affirm that the employee has received training on the Department's Zero Tolerance Policy on Sexual Abuse and Sexual Harassment and that they have read the GDOC Standard Operating Procedure 208.06, Sexually Abusive Behavior Prevention and Intervention Program. They also affirm they understand that any violation of the policy will result in disciplinary action, including termination, or that they will be banned from entering any GDOC institution. Penalties for engaging in sexual contact with an offender committed, sexual assault, which is a felony punishable by imprisonment of not less than one or more, than 25 years, a fine of \$100,000 or both.

PREA Compliance Managers attend training at least twice a year. The Sexual Assault Response Team receives training at least semi-annually on their roles in responding to allegations of sexual abuse. Specialized training is completed by SART members and medical staff. PREA Related posters are prolific and posted in numerous locations throughout this facility and in this facility the posters and notices are posted strategically throughout the facility and in each living unit. Posters are also posted in administrative segregation and disciplinary isolation.

The investigator on the SART completed the specialized training for investigators through the National Institute of Corrections training, "Investigating Sexual Abuse in Confinement Settings". Additionally, the SART receives training in their roles in

response to a sexual assault at least semi-annually. The auditor reviewed multiple certificates confirming the specialized training.

Discussion of Interviews: Interviewed staff stated they received their initial PREA Training during pre-service training, prior to their attending Basic Correctional Officer Training at the Georgia Department of Corrections Academy. Staff confirmed they receive PREA Training annually during annual in-service training on Day 1. Each staff member interviewed reviewed each of the required training topics and confirmed they had been trained in Annual In-Service on each of those topics. They stated they then receive PREA Training during annual in-service and that sometimes that training is in a class and sometimes on-line. They also indicated they receive information on various topics during shift briefings and monthly meetings. Staff and contractors confirmed One hundred percent of them had completed PREA Training covering all the topics required by GDC Policy and the PREA Standards.

Staff reported they are trained to take all allegations of sexual abuse/sexual harassment seriously and report everything and even a suspicion of sexual abuse or sexual harassment. They stated they would take a report made verbally, in writing, anonymously and through third parties and they would report these immediately to their shift supervisor and follow-up with a written statement incident report before they left the shift.

Staff also explained their roles as first responders. This included both uniform and non-uniform staff. Non-Uniform staff articulated the role and steps of the first responder just like the uniformed staff. If an inmate reported being at risk of imminent sexual abuse staff stated, they would act immediately and remove the inmate from the threat and report it to their immediate supervisor.

This training is based on the services being provided and the level of contact with inmates, however all volunteers and contractors are required to be notified of the Department's zero-tolerance policy and informed how to report such incidents. Participation must be documented and indicate the understanding of the training received. Training for volunteers is provided at the state office now. Entrance into the facilities is granted with a valid and current Volunteer Identification Badge. Because of that issue and to achieve more consistency in training, rather than have each facility train them, training for volunteers is now provided by the state office Volunteer Coordinator's Office to ensure consistency in training. If, a badge had expired, the Director informed the auditor that the volunteer would have to go back through 4 hours of orientation training once again; in addition, the contractor would be required to undergo another background check.</p> <p data-bbox="240 1267 1481 1357">They also indicated the Chaplain at each facility must keep the volunteer records on file at the facility. Volunteer can begin services. The agency volunteers often volunteer in multiple prisons and that is the reason for the state office training. Too, it provides consistency in the training provided. Badges are required to be renewed annually, upon entrance into the facility; badges are checked by the portal sergeant checking visitors and staff into the facility.

A memo from the GDOC Transitional Services Coordinator explained to Superintendents that volunteers who participate in the volunteer training at the state office receive initial PREA training and have a background check completed. In the training, the Coordinator asserted volunteer training includes: 1) zero-tolerance for sexual abuse and sexual harassment; 2) How to fulfill their responsibilities under agency sexual and sexual harassment prevention, detection, reporting and response policies and procedures; 3) The dynamics of sexual abuse and sexual harassment and common reactions of sexual abuse and sexual harassment victims; 4) Detecting and respond to signs of sexual abuse; and 5) How to avoid inappropriate relationships with inmates.

The level and type of training provided to volunteers and contractors is based on the services they provide and level of contact they have with the inmates. All volunteers and contractors who have contact with offenders are notified of the Department's Zero Tolerance policy regarding sexual abuse and sexual harassment and informed on how to report such incidents. Documentation of that training is on the Contractor/Volunteer Acknowledgment Statement.

The auditor reviewed PREA Acknowledgement Statements for contractors. The GDOC Acknowledgment Statements are for supervised visitors/contractors/volunteers. It acknowledges that they understand the agency has a zero- tolerance policy prohibiting visitors, contractors, and volunteers from having sexual contact of any nature with offenders.

They agree not to engage in sexual contact with any offender while visiting a correctional institution and if they witnessed another having sexual contact with an offender or if someone reported it to the contractor/volunteer he/she agrees to report it to a corrections employee. They acknowledge, as well, the disciplinary action, including the possibility for criminal prosecution, if they violate the agreement. The Acknowledgment Statement for Unsupervised Contractors and Volunteers acknowledges training on the zero-tolerance policy and that they have read the agency's PREA Policy (208.06). They acknowledge they are not to engage in any behavior of a sexual nature with an offender and to report to a nearby supervisor if they witness such contact or if someone reports such conduct to them. They acknowledge the potential disciplinary actions and/or consequences for violating policy.

Volunteers complete an orientation that includes the following:

- NCIC Consent Form (for conducting the required background checks)

Sexual Assault/Sexual Misconduct Acknowledgment Statement for Supervised Visitors/Contractors/Volunteers – acknowledging zero tolerance, duty to report, and an acknowledgment that entry into the facility is based on the volunteer's agreement not to engage in any sexual conduct of any nature with any offender and to report such conduct when learned. The Volunteer acknowledges that the consequences for failing to report or violating the agreement will result in being permanently banned for entering all GDOC facilities and that GDOC may pursue criminal prosecution. Contractors complete the same training that staff is required to complete.

Once the training is completed and a background check completed, the information is entered into SCRIBE, the GDOC data base and the facility may then issue a volunteer badge. Volunteers must acknowledge their understanding of PREA yearly and have a background check as well.

Discussion of Interviews: Interviewed contractors confirmed they attend the same annual in-service training as Georgia Department of Corrections Employees. They also confirmed receiving the NIC, LGBTI training. She stated she would report it to the first correctional officer she saw. The interviewed contract affirmed he had a completed background check and was informed about the zero- tolerance policy as well as how to report and to whom to report. Interviews with the Statewide Director of Chaplaincy Services and Statewide Volunteer Coordinator confirmed the processes and training and for annual renewal of badges for volunteers. Due to Covid concerns, volunteers are not currently allowed entrance into the facility.

The facility has an ADA Coordinator who can access the Statewide ADA Coordinator to secure a wide variety of statewide contracts for accessing interpretive services and these can be expedited by the statewide ADA Coordinator if necessary. Staff would read the information to inmates with literacy or developmental issues. A mental health counselor is available to assist mentally ill inmates in understanding the PREA related information and in making reports.</p> <p data-bbox="240 2114 1422 2143">Observations: PREA related posters were observed throughout the facility and accessible in multiple areas to inmates.</p>

Within 15 days of arrival, the policy requires inmates receive PREA education. The education must be conducted by assigned staff members to all inmates and includes the gender appropriate "Speaking Up" video on sexual abuse. The initial notification and the education are documented in writing by signature of the inmate.

In the case of exigent circumstances, the training may be delayed, but no more than 30 days, until such time is appropriate for delivery (Tier Program, medical issues etc.). This education is documented in the same manner as for offenders who participated during the regularly scheduled orientation.

The PREA Education must include: 1) The Department's zero-tolerance of sexual abuse and sexual harassment; 2) Definitions of sexually abusive behavior and sexual harassment; 3) Prevention strategies the offender can take to minimize his/her risk of sexual victimization while in Department Custody; 4) Methods of reporting; 5) Treatment options and programs available to offender victims of sexual abuse and sexual harassment; 6) Monitoring, discipline, and prosecution of sexual perpetrators; 7) and Notice that male and female routinely work and visit housing area.

PREA Education is required to be provided in formats, accessible to all offenders, including those who are limited English proficient, deaf, visually impaired, or otherwise disabled, as well as those with limited reading skills.

Education, according to GDOC policy requires the facility to maintain documentation of offender participation in education sessions in the offender's institutional file. In each housing unit, policy requires that the following are posted in each housing unit: a) Notice of Male and Female Staff routinely working and visiting housing areas; b) A poster reflecting the Department's zero-tolerance (must be posted in common areas, as well, throughout the facility, including entry, visitation, and staff areas.

Inmates confirm their orientation on several documents.

1) Inmate Acknowledgment of PREA.

2) Offender Orientation Checklist (documenting Sexual Abuse and Harassment and Viewed the PREA Video).

If an inmate is non-English speaking, the Lionbridge is available. If an inmate has a disability, appropriate staff are to be used to ensure that the inmate understands the PREA policy. If an inmate requires signing (hearing impaired) the agency's ADA Coordinator is called and provides the necessary translation services (according to an interview with the ADA Coordinator). The State Department of Administrative Services has multiple contracts with translation services that may be accessed through the Agency ADA Coordinator. The facility has a contract with Lionbridge for interpretive services for the deaf and offenders who are limited English proficient. Inmates who have literacy issues or who are cognitively challenged have access to the GED teacher and other staff who can read the PREA related information to them and mentally ill inmates have Mental Health counselors who can assist them in understanding PREA and how to report. PREA Videos have closed caption and there is also a Spanish version of the video.

Discussion of Interviews: Interviews with intake/orientation staff asserted that all inmates receive all the required PREA information during the admissions process. PREA education starts immediately upon the inmate's arrival to the facility. Staff explained the process for providing the information and explained that in addition to watching the PREA Video, inmates have the opportunity to ask questions if they have any. Interviewed inmates indicated they received PREA Information on admission. They also stated they watched the PREA Video during orientation and was provided PREA education. Interview inmates confirmed they had received the required PREA training and were aware of the rights to be free of sexual abuse and sexual harassment and retaliation for reporting an incident.

The agency has implemented a computer-based system in which the facility-based investigator inputs the components of the investigation for review by the Agency's PREA Coordinator and/or Assistant PREA Coordinator. If they believe additional information is needed, they inform the facility-based investigator and will not authorize the close-out of the investigation until the PREA Unit approves the investigation. Interviews with the Facility-Based Investigator, PREA Compliance Manager (also trained to conduct investigations in confinement settings), Agency PREA Coordinator and a Special Agent (previous interview) confirmed the investigative process and the fact that the investigators have all completed specialized training in conducting sexual abuse investigations in confinement settings.

In GDOC Facilities, the Sexual Assault Response Team is charged with conducting the initial investigation into issues related to PREA. Their role is to determine if the allegation is indeed PREA related. If the allegation appears to be criminal in nature, the Office of Professional Standards investigators will conduct the investigation with support from the SART.

The facility-based investigators, with completed the online NIC course: PREA: Investigating Sexual Abuse in Confinement Settings. This was confirmed by reviewing the Certificates documenting the specialized training and through interviews with the investigators.

Sexual Assault Response Team members are provided training conducted by the GDOC PREA Unit at least twice a year. Training rosters were provided documenting the SART attendance at the training.

The number of investigators currently employed who have completed the required training: 1

Discussion of interview: Interview with the facility's investigator confirmed the extensive specialized training they receive. The NIC training consisted of extensive training in conducting investigations, including sexual abuse, the training that is provided by the Department, includes the two-day training for investigating sexual assault in a confinement setting. The investigator described the criminal investigation process in detail, including protecting the crime scenes, collecting evidence, the Miranda Warning, collecting forensic exams (SANEs), chain of custody for rape kits, interviewing alleged victims and perpetrators and interviewing witnesses.

The Specialized Training taken on-line, (PREA: Investigating Sexual Abuse in Confinement Settings); the facility-based investigator confirmed receiving the NIC training. The investigator was knowledgeable of the investigation process and correctly responded to the questions from the PRC Questionnaire for Investigators. The investigator indicated the investigation would be initiated immediately and described evidence that would be reviewed and considered, she would not require a victim to take a truth telling device as a condition for proceedings with an investigation, and that the departure of an employee or an inmate would not stop the investigation and would judge the credibility of a witnesses based solely on the evidence. Screening for victimization and abusiveness, dated December 2, 2015, requires all inmates be assessed during intake screening and upon transfer to another facility for their risk of being sexually abused by other inmates or sexually abusive toward other inmates.</p> <p>Policy requires counseling staff to conduct a screening for risk of victimization and abusiveness, in SCRIBE, the offender database using the instrument, PREA Sexual Victim/Aggressor Classification Screening Instrument. Policy requires that the assessment is done within 24 hours of arrival at the facility. At this facility, interviews with a Counselor conducting the Victim/Aggressor Assessment and reviewed Victim/Aggressor Assessments indicated that the assessments are done as part of the admissions process and are done well within 24 hours of admission.</p> <p>All the reviewed assessments were completed within 24 hours of admission. Information from the screening will be used to inform housing, bed assignment, work, education and program assignments. Policy requires that outcome of the screening is documented in SCRIBE.</p> <p>The Offender PREA Classification Details considers all the following sexual victim factors:</p> <ul style="list-style-type: none"> · Offender is a former victim of institutional rape or sexual assault. · Offender is 25 years old or younger or 60 years or older. · Offender is small in physical stature. · Offender has a developmental disability/mental illness/physical disability. · Offender's first incarceration. · Offender is perceived to be gay/lesbian/bisexual transgender/intersex or gender non-conforming. · Offender has a history of prior sexual victimization. · Offender's own perception is that of being vulnerable. · Offender has a criminal history that is exclusively non-violent. · Offender has a conviction(s) for sex offense against adult and/or child? <p>If question #1 is answered yes, the offender will be classified as a Victim regardless of the other questions. This generates the PREA Victim icon on the SCRIBE Offender Page. If three (3) or more of questions (2-10) are checked, the offender will be classified as a Potential Victim. This will generate the PREA Potential Victim icon on the SCRIBE offender page.</p> <p>The Offender PREA Classification Detail considers the following Sexual Aggressor Factors:</p> <ul style="list-style-type: none"> · Offender has a history of institutional (prison or jail) sexually aggressive behavior. · Offender has a history of sexual abuse or sexual assault toward others (adult or child). · Offender's current offense is sexual abuse/sexual assault toward others (adult or child). · Offender has a prior conviction(s) for violent offenses. <p>If question #1 is answered yes, the inmate will be classified as a Sexual Aggressor regardless of the other questions. This</p>

will generate the PREA Aggressor icon on the SCRIBE Offender page. If two (2) or more of questions (2-4) are checked, the offender will be classified as a Potential Aggressor. This will generate the PREA Potential Aggressor icon on the SCRIBE Offender page.

GDOC Policy 208.06, Attachment 4 also states in situations where the instrument classifies the offender as both Victim and Aggressor counselors are instructed to thoroughly review the offender's history to determine which rating will drive the offender's housing, programming, etc. This also is required to be documented in the offender SCRIBE case notes, with an alert note indicating which the controlling rating is.

Staff is required to encourage inmates to respond to the questions to better protect them but, staff is prohibited from disciplining them for not answering any of the questions. The screening process considers minimally, the following criteria to assess inmate's risk of sexual victimization: Whether the inmate has a mental, physical, or developmental disability; the age of the inmate; the physical build of the inmate; whether the inmate has been previously incarcerated; whether the inmate's criminal history is exclusively nonviolent; whether the inmate has prior conviction for sex offenses against an adult or child; whether the inmate is or is perceived to be gay, lesbian, bisexual, transgender, intersex or gender nonconforming; whether the inmate has previously experienced sexual victimization; the inmate's own perception of vulnerability and whether the inmate is detained solely for civil immigration purposes. It also considers prior acts of sexual abuse; prior convictions for violent offenses and history of prior institutional violence or sexual abuse, as known by the Department, Other factors considered are physical appearance, demeanor, special situations or special needs, social inadequacy and developmental disabilities.

Policy requires offenders whose risk screening indicates a risk for victimization or abusiveness is required to be reassessed when warranted and within 30 days of arrival at the facility based up on any additional information and when warranted due to a referral, report or incident of sexual abuse or receipt of additional information that bears on the inmate's risk of sexual victimization or abusiveness.

Policy requires that any information related to sexual victimization or abusiveness, including the information entered into the comment section of the Intake Screening Form, is limited to a need-to-know basis for staff, only for the purpose of treatment and security and management decisions, such as housing and cell assignments, education and programming assignments.

The information from the risk screening is required to be used to determine housing, bed, education and program assignments with the goal of keeping separate those offenders at high risk of being sexually victimized from those at high risk of being sexually abusive.

Policy 208.06, Prison Rape Elimination Act-PREA, Sexually Abusive Behavior Prevention and Intervention Program in paragraph 9, requires the Superintendent to designate a safe dorms or safe beds for offenders identified as highly vulnerable to sexual abuse. The location of these safe beds must be identified in the Local Procedure Directive, Attachment 9 and the Staffing Plan. The Women's Probation Detention Center has designated the safe beds for inmates at risk of victimization. All safe beds are located in the front window of the each cell. The Staff at Women's Probation Detention Center stated in their interviews the facility will make individualized determinations about how to ensure the safety of each offender.

In making housing assignments for transgender or intersex offenders, the Department will consider on a case-by-case basis, whether a placement would ensure the offender's health and safety and whether the placement would present management or security problems. Also, in compliance with the PREA Standards, placement and programming assignments for each transgender or intersex offender will be reassessed at least twice a year to review any threats to safety experienced by the offender.

Policy also requires that offenders who are at high risk for sexual victimization will not be placed in involuntary segregation unless an assessment of all available alternatives have been made, and determination has been made that there is no available alternative means of separation from likely abusers. If an assessment cannot be conducted immediately, the offender may be held in involuntary segregation no more than 24 hours while completing the assessment. The placement, including the concern for the offender's safety must be noted in SCRIBE case notes documenting the concern for the offender's safety and the reason why no alternative means of separation can be arranged. Inmates would receive services in accordance with SOP 209-06, Administrative Segregation. The facility will assign inmates to involuntary segregated housing only until an alternative means of separation from likely abusers can be arranged. The assignment will not ordinarily exceed thirty days.

Policy requires that offenders whose risk screening indicates a risk for victimization, or abusiveness will be reassessed whenever warranted due to an incident, disclosure or allegation of sexual abuse or sexual harassment. It also requires all offenders to be reassessed within 30 days of arrival at the facility. A case note must be entered into SCRIBE to indicate when the reassessment was conducted.

Screening is required to be conducted, in private in an office with the door closed, within 24 hours of arrival at the facility. A counselor who conducts the screening stated the initial PREA Assessment is conducted in the intake area, away from other

inmates. When asked if that afforded the inmates privacy for answering those personal questions, the staff affirmed there are not inmates around or within hearing distance. They stated they ask the questions and the inmate responds. They also indicated the screening takes place the same day the inmate is admitted and is a part of the admissions and intake process.

If the offender scores out as a risk for victimization, the counselor lets the appropriate staff know so an appropriate housing assignment can be made, and she indicated she also must refer the offender to mental health within 24 hours using the GDOC Referral Form. She said she would also escort them to mental health. Reassessments are done within 30 days of arrival. All assessments are documented in SCRIBE, the offender database.

The information in the victim/aggressor assessment is limited to Counselors, Chief Counselor, and Superintendent. Reassessments should be conducted within 30-days of admission however some reassessments surpassed the 30 day time-frame. Staff related that transgender inmates are also reassessed every six months.

Information from the PREA Assessment is used to house the inmate appropriately and to place him in programs and on details that are conducive to his safety and risk. The classification committee meets weekly and following admission; the classification committee reviews the available information on the inmate, including the PREA Assessment.

Staff uses the GDOC Form PREA Sexual Victim/Sexual Aggressor Classification Screening and the questions are asked orally. The staff stated they cannot require an inmate to answer any of the questions on the assessment nor can inmates be disciplined for not doing so. The screening form considers things such as: 1) Prior victimization, 2) Weight, 3) Age, 4) Body type, 5) Disability, 6) Mental issues, 7) First incarceration or not, 8) Criminal history that is non-violent, 9) Sexual offenses, 10) Sexual abuse against adults, children etc., 11) Current offense, and 12) Prior convictions for violence. Staff also related that instead of stature the department instruments populate information in the system to assign a score for body mass index. Staff also related that they go into SCRIBE, the offender database, to look for any previous flags, criminal history, and disciplinary actions involving the offender.

Discussion of Interviews: The interviewed counselor (responsible for screenings) related that she checks SCRIBE to cross check the responses of the offender. If an inmate endorses the 1st question regarding being a victim previously in an institutional setting, the resident is identified as a Risk for Victimization. If a resident endorses the first question on the abusive scale, she is designated as at Risk for Abusiveness.

Reassessments, according to staff, are required to be completed within 30 days after the initial assessment. Auditor reviewed the initial assessment and reassessment screening packets for inmates all were completed in a timely manner.

The number of inmates entering the facility within the past 12 months whose length of stay in the facility was for 72 hours or more and who were screened for risk of sexual victimization or risk of sexually abusing other inmates within 24 hours of their entry into the facility: 355

This standard is rated "exceeds", reviewed initial assessments were completed within 72 hours of arrival to the facility for all inmates, reviewed reassessment were completed within 30 days of the initial assessment.

The PREA Compliance Manager and Coordinator indicated the offender’s views for their own safety would be given serious consideration in deciding housing and work assignments for the inmate. They also stated if the inmate requested to shower separately because of safety and personal issues, the facility would strive to arrange that.</p>

The Women’s Probation Detention Center Pre-Audit Questionnaire documented that there was one inmate at risk of sexual victimization who were assigned to involuntary segregated housing at all; none held for 24 hours awaiting assessment and none in the past 12 months for longer than 30 days while awaiting alternate placement. Staff were aware of the requirements of GDOC policy which is consistent with the PREA Standards. The Georgia GDOC Policy, 208.06, IV.d.3 (a-d) Administrative Segregation, requires that offenders at high risk for sexual victimization are not placed in involuntary segregated housing unless an assessment of all available alternatives has been made and a determination has been made that there is no available alternative means of separation from likely abusers.</p> <p>The Women’s Probation Detention Center Pre-Audit Questionnaire documented that there has been no inmate at risk of sexual victimization who were held in involuntary segregated housing in the past 12 months for one to 24 hours awaiting completion of an assessment. It also affirmed there have been no inmates who were held in involuntary or segregated housing in the past 12 months for longer than 30 days while awaiting alternative placement. There have been no inmates placed in involuntary segregation as the result of having a high potential for victimization or for being at risk of imminent sexual abuse. This was confirmed through reviewing the Women’s Probation Detention Center Pre-Audit Questionnaire, sampled inmate files, and interviews with the Superintendent, PREA Compliance Manager, Staff Supervising Segregation, and randomly selected and targeted inmates.</p> <p>If an assessment cannot be conducted immediately, the offender may be held in involuntary segregation no more than 24 hours while completing the assessment. This placement, including the concern for the inmate’s safety is noted in SCRIBE case notes documenting the concern for the offender’s safety and the reason why no alternative means of separation can be arranged. The inmate will be assigned to involuntary segregated housing only until an alternative means of separation can be arranged. Assignment does not ordinarily exceed a period of 30 days.</p> <p>Inmates at high risk for sexual victimization are housed in the general population. They are not placed in segregated housing and would not be placed there unless there were no other options for safely housing the inmate/resident. Inmates identified as having a risk for victimization would be housed in General Population Dorms for Medium Security Level Offenders.</p> <p>If there was no place to safely house a potential or actual victim, the victim will be temporarily housed in the administrative segregation area but would be expeditiously transferred to another facility.</p> <p>If an inmate is assigned to involuntary segregated housing it is only until an alternative means of separation from likely abusers can be arranged and such an assignment does not ordinarily exceed a period of 30 days. If the facility uses involuntary segregation to keep an inmate safe, the facility documents the basis for their concerns for the inmate’s safety and the reason why no alternative means of separation can be arranged. Reviews are conducted every 30 days to determine whether there is a continuing need for separation from the general population.</p> <p>Inmates in involuntary protective custody, in compliance with policy, will have access to programs and services like those of the general population, including access to medical care, mental health, recreation/exercise, education, and the phone.</p> <p>Discussion of Interviews: In an interview with the Superintendent, she indicated that there has been no inmate placed in involuntary protective custody in the past 12 months. Inmates who are at high risk for sexual victimization may be placed in involuntary protective custody until some other means of keeping them safe could be arranged and that may include transfer to another facility. If they were placed in involuntary protective custody the justification would be documented.</p> <p>In the past 12 months, the number of inmates at risk of sexual victimization who were assigned to involuntary segregated housing for longer than 30 days while awaiting alternative placement: 0</p> <p>Discussion of Interviews: Staff supervising segregation indicated that would try not to put an offender in segregation in the interests of not “punishing” a victim or potential victim. If a victim requested it, staff would place the inmate in voluntary protective custody in a single cell. She indicated the offender placed in involuntary protective custody would have access to the teacher, for education, counselors, recreation, medical and mental health.</p>

Reporting, 1. Inmate Reporting, provides multiple ways for inmates to report. These include making reports in writing, verbally, through the inmate PREA Hotline and by mail to the Department Ombudsman Office. Inmates are encouraged to report allegations immediately and directly to staff at all levels. Reports are required to be promptly documented. The Department has provided inmates a sexual abuse hotline enabling inmates to report via telephone without the use of the inmate's pin number. If an inmate wishes to remain anonymous or report to an outside entity, he may do so in writing to the State Board of Pardons and Paroles, Office of Victim Services (address provided). Additionally, the resident is provided contract information, including dialing instructions for reporting via the GDOC Tip Line. The instructions tell the resident the Tip Line is for anonymous reporting of staff and inmate suspicions and illegal activity.</p> <p>Inmates and staff are provided multiple ways the agency and facility provide for inmates to report allegations of sexual abuse and sexual harassment. The agency and Women's Probation Detention Center provide multiple ways for inmates to report both internally and externally. These include multiple ways to internally and privately report allegations of sexual abuse, sexual harassment, retaliation and staff neglect or violations that may have contributed to the incident.</p> <p>This facility is close security prison and holds offenders who have been convicted of felony crimes and are serving incarceration in the prison. The prison does not house any inmates who are being detained solely for civil immigration purposes.</p> <p>Staff at this facility, in compliance with GDOC Policy, and the PREA Standards, accepts reports from all sources, including those from third parties and reports made anonymously. Policy requires that they report these to their immediate supervisor immediately and/or Designated SART member and follow-up with a written witness statement or incident report prior to the end of their shift. Interviewed staff indicated they would be disciplined for failing to report and that would most likely be termination.</p> <p>Staff may report allegations of sexual abuse and sexual harassment in the same ways the inmates may make. The PREA Brochure, Sexual Assault, Sexual Harassment, Prison Rape Elimination Act, How to Prevent It, How to Report It, advises inmates that reporting is the first step and includes the following: PREA Hotline, Statewide PREA Coordinator (contact information provided), Ombudsman (mailing address and phone number provided), and Director of Victim Services (mailing address provided). Inmates are told to report it, even if they don't have any evidence and that they may report to any staff, drop a not or send a kite or call the PREA hotline.</p> <p>Inmates are educated on ways they can report through multiple sources. These include information provided to them at intake and during orientation, through streaming video informing inmates of ways to report, including to outside entities such as the Ombudsman, the outside victim advocacy organization, and to the Office of Victim Services, and through bright and vivid posters informing inmates that Rape is not a part of their sentence and how to report. The facility also provides inmates the tools to make reports. These include a Kiosk enabling them to email family, to notify staff and to email the GDOC PREA Unit. They may also have video chats with family via the KIOSK. Inmates also have GOAL devices (tablets) that enable them to make reports of sexual abuse or sexual harassment at any time day or night, via email to the PREA Unit. Phones are available for making calls to the PREA Unit as well.</p> <p>Inmates at this facility have access to reporting via the KIOSKS located in each dormitory, On the KIOSK an offender can report an allegation directly to the Georgia Department of Corrections PREA Unit. They can also email family members and anyone on their approved visitors list. Video Visitation is available for inmates who can afford that service. On the KIOSK the</p>

offender can email designated staff.

Offenders have access to phones enabling them to report to the Georgia Department of Corrections PREA Unit. They may do this anonymously, as well. Offenders do not have to enter a pin number to contact the PREA Unit. Phones were observed in every dormitory.

Staff are trained to treat all allegations as confidential. Therefore, when allegations are reported up the chain of command, they are kept private and are only forwarded to the Superintendent, who then determines who else needs to be notified. Typically, only the Sexual Assault Response Team, Georgia Department of Corrections PREA Coordinator, and the Georgia Department of Corrections Internal Investigations (Office of Professional Standards) will be informed.

To report outside the facility inmates can call the PREA Hotline; write the Ombudsman (phone number provided); write the State Board of Pardons and Parole Victim Services (contact information provided); call the Georgia Department of Corrections Tip Line (and remain anonymous) and write or call the GDOC PREA Coordinator; and tell a family member by phone, letter or during visitation. Within the facility they can report to a staff member, write a note, send a request, tell medical, send a "kite" or file a grievance. They may report to their attorney's either via phone, in person or via letter.

Staff who fail to report allegations of sexual abuse or sexual harassment will be held accountable and sanctioned through dismissal. Allegations must result in staff reporting verbally immediately and filing an incident report or witness statement prior to the end of the shift.

Interviewed staff indicated they would take a report of sexual abuse or sexual harassment from any source and take all of them seriously and report it to their immediate supervisor and follow-up with a written report, a witness statement or incident report, prior to the end of the shift.

Interviewed inmates named multiple ways to report. A review of the inmate interviews confirmed the following ways inmates named as ways they could report:

- Hotline
- J Pay
- Tablet
- Staff
- Kiosk
- Counseling Staff
- Note
- Grievance
- Family members

Staff have been instructed and trained to accept reports made both verbally and in writing from third parties and promptly document them. Inmates may file grievances as well however the agency has determined and asserted in the revised Standard Operating Procedure that allegations of sexual abuse and sexual harassment are not grievable issues because of the potential for losing time in responding. If, however a grievance is received and determined to be PREA related, the grievance is immediately turned over to the SART and an investigation begins.

Third Party reports may be made to the Ombudsman's Office or in writing to the State Board of Pardons and Paroles, Office of Victim Services (address provided). Interviews with staff, both random and specialized confirmed staff are required and trained to accept all reports, regardless of how they are made and regardless of the source, to notify their supervisor and write either an incident report or a statement as directed by the supervisor to document receipt of verbal reports, third party reports, anonymous reports etc.

The GDOC Grievance Policy has designated allegations of sexual assault or sexual harassment as not grievable, however the policy requires that in the event an inmate files a grievance alleging sexual abuse or sexual harassment it is immediately turned over to the SART to begin an investigation into the allegation. Reviewed investigation reports indicated inmates still do use the grievance to report.

Inmates also have access to outside confidential support services including those identified in the PREA Brochure given to inmates during the admission process and posted throughout the prison. The following ways to report are provided: Call PREA; to any staff member; to the Statewide PREA Coordinator, to the Ombudsman (phone number provided), to the Director of Victim Services (mailing address provided). They may also report to the Rape Response, Inc. Center using their

24/7 hotline or writing them. Contact information is provided in the inmate handbook.

GDOC Policy IIA23-0001, Consular Notification affirms it is the policy of GDOC that the Consulate General of an inmate's native country is kept informed as the inmate's custody status or occurrences to the Vienna Convention on Consular Relations. Inmates will be provided information on how to access Foreign Consular Offices in the United States. This information is available for download at <http://www.state.gov/s/cpr/ris/fco> This policy prescribes the GDOC's responsibility for notification, the inmate be informed of such notification. Foreign National inmates are allowed visitation with representatives from the Consulate General of his/her native country. The visit must be scheduled at least 24 hours in advance unless the Superintendent approves a shorter time period.

Inmates may call anyone on their approved list. They may also call their attorney's if they have one. Inmates have the opportunity to report through visits with family, calling family, or writing families.

Inmates have multiple ways to report allegations of sexual abuse or sexual harassment internally and externally. They may report by calling the PREA Hotline, write the Ombudsman, write the State Board of Pardons and Parole, Victim Services, report to the Agency's PREA Coordinator, to staff, friends, family and inmates, report via the grievance process, the GDOC Tip Line, to the outside Rape Crisis Center/Outside Advocacy Organization, the Director of Victim Services and by telling a trusted staff.

Multiple PREA related posters were observed posted throughout the facility keeping PREA information continuously available to inmates. Zero Tolerance Posters, located throughout the facility, as well as other PREA related posters, explaining that inmates have the right to report and listing some ways inmates may choose to report.

Discussion of Interviews: Interviews with inmates confirmed that they understand and are aware of how to report sexual using their tablets, kiosk, J Pay, email to the PREA Unit, PREA Hotline. Some said they would tell the Superintendent or PREA Compliance Manager. Staff related multiple ways inmates could report and stated they would take every allegation seriously regardless of the source of the allegation. When asked if they would take an anonymous report and report it; one hundred percent said they would and that they would document it in writing after verbally reporting it. They also indicated they would take a third-party report, report it verbally, and follow-up with a written statement prior to the end of the shift.

Discussion of Interviews:

Staff were asked to name ways inmates can make reports or allegations of sexual abuse or sexual harassment. They consistently could name multiple ways and when asked if an inmate could report anonymously and through a third party, they said they could, and they would take those reports seriously like any other report and that they would report it verbally and complete a witness statement before the end of their shift. Inmates may report via the PREA Hotline or JPAY, either through the KIOSK in the dorms or using their GOAL Devices. Most of the inmates who had family indicated a family member could report for them. One hundred percent of the staff said inmates could get a third party to report for them and that they would take that report seriously and act immediately. Interviewed inmates were aware they could have a third party, including a parent, relative or another inmate report for them.

The auditor, in a recent interview with the Commissioner of the Department of Corrections confirmed he</p>

supports all the efforts of the PREA Unit and is accessible to the Director of Compliance and the PREA Coordinator, whenever needed.

The agency has an ADA Coordinator who serves actively as a resource person for securing interpretive services for limited English proficient inmates/detainees and for disabled detainees/inmates who may be hearing or visually impaired to enable them to make reports of sexual abuse or sexual harassment and to participate fully in the agency's prevention, detection, responding and reporting program.

The training component for PREA also engages staff, with staff receiving Pre-Service Orientation as a newly hired staff during which they are exposed to the Prison Rape Elimination Act. Correctional staff receives PREA training at Basic Correctional Officer's Training (BCOT) while attending the Peace Officers Standards BCOT Academy. All employees and contractors are required to attend Day 1, Annual In-Service Training that includes a block on PREA and includes all the topics required by the PREA Standards.

The reviewed curriculum for annual in-service covered the topics outlined in the PREA Standards. Multiple training rosters documenting staff completing Annual In-Service Training, Day 1, that includes PREA training. Staff is trained to report all allegations regardless of how those allegations came to light and to report them immediately to a designated shift supervisor. They may also report to any member of the Sexual Assault Response Team. Upon making verbal notification,

they are required to document the allegation in a written statement or an incident report and these must be completed as soon as possible but always prior to the end of the shift (or leaving the shift). Policy requires that reports of allegations of sexual assault or sexual harassment are limited to those with a need to know only and reports are generally made by radioing the Shift Supervisor to come to the area or taking the Inmate to the Supervisor's Office. Interviewed staff confirmed they are going to keep the reports limited to their immediate supervisor and anyone else only on a need to know basis.

Medical, Counselors and Mental Health providers are required to report any knowledge, information, reports, or suspicions of sexual abuse or sexual harassment and are required to inform inmates at the initiation of services of the limits of confidentiality and their duty to report. This was confirmed through interviewing the Health Services Administrator, Director of Nursing, and a Registered Nurse. These staff are all mandated reporters.

Allegations of sexual assault and sexual harassment are major incidents and are required to be reported in compliance with policy. Once reported, an evaluation by the SART Leader/Team of whether a full response protocol is needed will be made. Appointing authorities or designee(s) are required to report all allegations of sexual assault with penetration to the Office of Professional Standards (OPS) Special Agent In-Charge and the Department's PREA Coordinator immediately upon receipt of the allegation. The Special Agent in Charge in the Regional Office will determine the appropriate response and assign a Special Agent to conduct the criminal investigation as indicated.

Staff, failing to comply with the reporting requirements of GDOC Policy, may be banned from correctional facilities or will be subject to disciplinary action, up to and including termination. If an alleged victim is under the age of 18, the Department reports the allegation to the Department of Family and Children Services, Child Protection Services Section. Staff are not to disclose any information concerning sexual abuse, sexual harassment or sexual misconduct of an offender, including the names of the alleged victims or perpetrators, except to report the information as required by policy, or the law, or to discuss such information as a necessary part of performing their job.

This facility does not house youthful offenders; however, policy requires if the victim was under the age of 18, the Field Operations Manager, in conjunction with the Director of Investigations, or designee, is required to report the allegation to the Department of Family and Children Services, Child Protective Services Section. Also, if the victim is considered a vulnerable adult under Georgia Law, the Director of Investigations or designee, will make notification to the appropriate outside law enforcement agency. Multiple examples of staff acknowledgement statements were provided.

Policy requires that staff be aware of and attempt to detect to attempt to prevent sexual abuse, sexual harassment or sexual misconduct, through offender communications, comments to staff members, offender interactions, changes in offender behavior, and isolated or vulnerable areas of the institution.

Discussion of Interviews: The Department and the Superintendent requires that staff report all knowledge or information they have regarding an incident of sexual abuse or sexual harassment. That also includes reporting anything suspected. Randomly selected staff, both security and non-security staff affirmed that they must report "everything". When asked about something they just suspected, they said they would have to report that as well. When asked if they would take an "anonymous" report and report it, they said they did not know how that would help but they would report it. Asked about another inmate reporting for another, they said they would take that seriously and report it too. They also affirmed they would be required to write a statement following an immediate report to their shift supervisor/Officer in Charge. When asked about a time frame for completing a written report they said within 24 hours was policy they thought but they could not leave the shift until the statement was written.

Non-Uniform staff were as articulate as the security staff about reporting. Everyone indicated they too would report all information, knowledge, or suspicion regarding sexual abuse. When asked about reporting staff negligence that may have

contributed to an incident of sexual abuse, they said they would report that as well. When asked if they would report their supervisor if they witnessed or heard of the supervisor violating the zero- tolerance policy, they said they would. When asked about any sanctions for failing to report, staff said they would be disciplined and most likely terminated from employment.

Prevention measures include separating the alleged victim and abuser by placing them in separate dorms when possible or in protective custody and the alleged perpetrator in segregation. If a staff is involved that staff may be placed on some form of "no contact" until the investigation is over. Reviewed investigation packages contained documented retaliation monitoring using the GDOC Retaliation Monitoring Form. The Retaliation monitor described her role in preventing retaliation and monitoring retaliation and explained to the auditor that she looks at things like housing assignments, reviews programming assignments, and detail changes. Retaliation monitoring is documented on the GDOC Retaliation Monitoring Form. For staff she would review post assignments, changes in shifts, performance reports and write ups.

A review of investigations consistently documented multiple occasions of monitoring retaliation. These documented on the GDOC Retaliation Monitoring Form the Retaliation Monitor checking all the indicators for retaliation. There was no staff involved in an allegation that required monitoring for retaliation.

The number of times an incident of retaliation occurred in the past 12 months: 1

Discussion of Interviews: The Retaliation Monitor described the prevention measures for both inmates and staff, including changing dorms, changing detail assignments, changing programs, etc. and for staff, placing them on "no-contact", reviewing shift assignment changes, and performance reviews. The Retaliation Monitoring Checklist is used (GDOC Form) guiding the items to check that might indicated retaliation. She indicated she monitors inmates each 30, 60 and 90 days. The monitor indicated she would be checking things like DRs, Dorm Changes, and Work Detail Changes etc.

The monitor indicated that any alleged victim will be removed and separated from the alleged perpetrator and placed in a safe environment. If an officer was involved in an allegation, the officer would be placed on "no contact" depending on the nature of the allegation, or would be placed on a post away from contact with the Inmate. would be a last resort and may be used only in the absence of any other safe place to house the resident. They may be placed in there temporarily to determine what happened. Potential Victims of sexual abuse are not housed in a dorm designated solely for potential or actual victims. If the inmate could not be safely housed in the facility, she would be transferred to another prison.

The PREA Compliance Manager indicated, in interview, that there have not been any inmates involuntarily placed in segregation or protective custody during the past 12 months.

Investigations and 1K01-0006, Investigation of Allegations of Sexual Contact, Sexual Abuse, and Sexual Harassment of Offenders asserts that the appointing authorities or his/her designee may make the initial investigation inquiring to determine if a report of sexual abuse or sexual harassment is a rumor or an allegation. The Local Sexual Assault Response Team is responsible for initially inquiring and subsequent investigation of all allegations of sexual abuse or sexual harassment with limitations. In cases where allegations are made against staff and the SART deems the allegation is unfounded or unsubstantiated by evidence of facility documentation, video monitoring systems, witness statements, or other investigative means, the case can be closed at the facility level. The Appointing Authority or designee(s) are required to report all allegations of sexual abuse with penetration and those with immediate and clear evidence of physical contact, to the OPS Special Agent In-Charge and the Department's PREA Coordinator immediately upon receipt of the allegation. If an investigation cannot be cleared at the local level, the Special Agent In-Charge determines whether to open an official investigation and if so, dispatches an investigator who has received special training in sexual abuse investigations. When criminal investigations involving staff are completed, the investigation is turned over to the Office of Professional Standards to conduct any necessary compelled administrative reviews. After each SART investigation, all substantiated cases are referred to the OPS Criminal Investigations Division while all unsubstantiated SART investigations are referred to the Office of Professional Standards for an administrative review. Georgia Department of Corrections Policy (208.06) requires that all reports of sexual abuse or sexual harassment will be considered allegations and will be investigated. Policy requires investigations are conducted promptly, thoroughly and objectively. It also requires, and staff confirmed, that allegations or reports, including any knowledge, information or suspicions are taken seriously and are investigated. These include reports made verbally, in writing, from third parties and from anonymous sources.</p> <p data-bbox="240 1245 1469 1440">The investigations policies and procedures require that as soon as an incident of sexual contact, sexual abuse, or sexual harassment, comes to the attention of staff, the staff receiving the information is required to immediately inform the Superintendent and/or the Institutional Duty Officer, and/or Internal Investigations, now known as the Office of Professional Standards Investigators, verbally and followed up with a written report to the Superintendent. Incidents, according to the procedures, via, include rumors, "inmate talk", and all kissing, sexual abuse and sexual harassment. This policy, along with GDOC Policy 208.06, requires that failure to report may result in disciplinary action, up to and including dismissal.</p> <p data-bbox="240 1469 1465 1565">The Office of Professional Standards Investigators has a responsibility, power, and authority to investigate allegations of sexual abuse and the power to arrest. The Superintendent of the facility where the incident allegedly happens contacts the Regional Office's Special Agent-in-Charge to have a special agent assigned to investigate the criminal allegation.</p> <p data-bbox="240 1594 1477 1756">The Georgia Department of Corrections has several layers of investigators. An Office of Professional Standards investigator may be assigned to a specific facility and may conduct investigations related to contraband, use of force, gang related activity, and if needed, sexual abuse. The Office of Professional Standards Investigator has completed mandated training. Mandated training is that training required by the state for any law enforcement officer and that training this training is 11 weeks. These staff has that authority to arrest.</p> <p data-bbox="240 1785 1490 1948">Special Agents are also Office of Professional Standards assigned to one of the three Regional Offices in the state and are assigned by the Special Agent in Charge. Special Agents have completed mandated law enforcement training and an additional 13 weeks of training provided by the Georgia Bureau of Investigations at the GBI Academy. The Special Agent has had extensive training in conducting investigations, including investigations of sexual abuse in a confinement setting, has arrest powers, and conducts investigations into allegations that appear to be criminal in nature.</p> <p data-bbox="240 1977 1474 2141">At the facility level, investigations are initiated by the local Sexual Assault Response Team. These include a primary facility-based investigator and a member from medical and counseling. The facility-based investigator has completed the on-line training entitled: "PREA: Conducting Sexual Abuse Investigations in a Confinement Setting." All the SART Members at Women's Probation Detention Center have completed the National Institute of Corrections Specialized Training, "PREA: Investigating Sexual Abuse in a Confinement Setting". The local SART conducts the initial investigation. If the allegation</p>

appears criminal and in all cases of penetration, the allegation is referred by the Superintendent or Duty Officer, in his absence, to the Special Agent in Charge, who will assign a criminal investigator (Special Agent). Investigations into allegations of sexual abuse may be documented locally as unsubstantiated but may be referred on to the Special Agent for investigation for investigation into the alleged criminal conduct.

Department staff, the Sexual Assault Response Team and those receiving the initial allegations, is required by policy to take appropriate steps to ensure the preservation and protection of all evidence, including crime scene in accordance with another SOP (SOP 1K01-005).

Policy (1K01-0006) discusses general guidelines for conducting the investigation and these included:

- OPS will keep the Superintendent apprised of the status of the case.
- All interviews may be recorded by video or audio.
- All documents, videos, polygraph results, and all other evidence will be treated as confidential.
- Names of complainant and/or alleged victim will be confidential as required by the statutes.
- A trained counselor will be made available to counsel the alleged victim before she is first interviewed by the investigator.

These may be included in the investigation:

- Conducting video or audio recorded interviews.
- Taking witness statements from all witnesses and all other parties.
- All known documents.
- All known photos.
- All known physical evidence.

According to policy (1K01-0005) the investigation continues even if the following occur:

- Alleged victim or complainant refuses to cooperate with the investigator.
- Whether local, state, or federal agency conducts its own investigation, subject to binding limitations or restrictions imposed by the courts or the agency.
- If the accused employee resigns during the investigation.

Investigations must be completed within 45 calendar days from the date of the assignment. When there is a backlog in testing rape kits in the State's Crime Lab, the investigation may take longer. An interview with a Special Agent indicated that the lab does not have a backlog at this time.

If there is an allegation of sexual abuse, staff trained as first responders separate the alleged victim and alleged aggressors and ensure that the crime scene, including the bodies of the alleged victim and perpetrator as well as the area where the alleged offense occurred, are treated as crime scenes and actions are taken to protect the evidence that may be on them. If during the initial investigation by the SART, the allegation appears to be criminal in nature, the Superintendent or designee will contact the Regional Office to secure a Special Agent, who has arrest powers and extensive investigatory training at the Georgia Bureau of Investigations Academy.

The Special Agents, the staff who will conduct investigations of allegations that appear criminal in nature, will consult with the district attorney to consider referral for prosecution when the evidence appears to support criminal prosecution and compelled interviews are conducted only after consulting with the prosecutors to ensure the interviews may not be an obstacle for subsequent criminal prosecution.

A previous interview with a Special Agent, previous and current interviews with an Office of Professional Standards Investigator, two interviews with Officer of Professional Investigators assigned to facilities, and a previous interview with the Superintendent of Security who was a Special Agent prior to his promotion and an interview with the facility-based investigator indicated that they would assess the credibility of an alleged victim, suspect or witness on an individual basis and not on the basis of identify, status and would make the determination on an individual basis and that it would be based only on the evidence.

The facility-based investigator also confirmed they would not put an alleged victim on a polygraph or other truth telling device as a condition for proceeding with the investigation and that under these circumstances the investigation would continue:

- When the victim recants.

- When an employee involved in an investigation terminates his/her employment prior to the conclusion of an investigation.
- When an alleged victim or alleged abusing inmate departs the facility prior to a completed investigation.

Administrative and Criminal Investigations are documented in reports. Administrative Investigations conducted by the Sexual Assault Response Team typically include an Incident Report, Supplemental Report, Witness Statements, Video, if applicable, and an Investigation Summary.

Special Agent Reports, which are criminal investigations, are much more thorough and include the following: 1) Case Report Face Sheet; 2) Executive Summary; 3) Exhibit List; 4) Investigative Case Summary; 5) Personal Demographics Summary; 6) Offender Store History; 7) Personal Data Summary; 8) Witness Statements; 9) Photos; 10) Waiver of Rights; 11) Consent to Search; 12) Videos; 13) Oath of Office; 14) Warrant for Arrest.

The Agency Facility-Based Investigator/SART enters the alleged incident and notifications into the agency's database, enabling the Agency's PREA Coordinator and Assistant PREA Coordinator to review the investigations in a computer-based program. Investigators upload their investigation packages into the program where they can be viewed and reviewed. If additional information should have been looked at the PREA Unit requires the investigator to go back and secure the information requested. Upon satisfaction that the investigation was appropriate, the PREA Unit approves the submission. This provides an additional measure of quality assurance in the investigative process.

The Department follows a uniform protocol for obtaining usable physical evidence for administrative proceedings and criminal prosecution. Investigations are required to be prompt and thorough, including those reported by third parties or anonymously. Administrative investigations include an effort to determine whether staff actions or failures to act contributed to the abuse.

Reports are documented and include descriptions of physical and testimonial evidence, reasoning behind the credibility of assessments and investigative facts and findings. Criminal investigations are documented in written reports that contain thorough descriptions of physical, testimonial, and documentary evidence and copies of all documentary evidence when feasible. Substantiated allegations of conduct that appears to be criminal are referred for prosecution. The departure of the alleged abuser or victim from the employment or control of the Department does not provide a basis for termination of the investigation.

The facility has a Sexual Assault Response Team. The team consists of a lead member who initiates the investigation, medical staff, and a counselor. All of the Sexual Assault Response Team Members have completed the National Institute of Corrections Specialized Training, "PREA: Investigating Sexual Abuse in a Confinement Setting".

At the conclusion of each sexual abuse investigation, the PREA Team meets and discusses the allegations and findings of the investigator and essentially reviews the incident in compliance with the GDOC Policy related to Incident Reviews.

The GDOC PREA Unit has implemented a system in which staff enters the investigation into the GDOC data system enabling the PREA Unit to review investigations for quality assurance purposes. If the PREA Unit believes the investigation needs additional information, the facility investigator is notified. The PREA Coordinator indicated that either she or the Assistant PREA Coordinator or the PREA Analyst must approve an investigation prior to closure.

Discussion of Interviews: An interview with the Superintendent confirmed her expectation that all allegations are taken seriously and are referred to the agency with the responsibility for conducting criminal investigations, when applicable. She affirmed the facility's Sexual Assault Response Team conducts an initial investigation into all allegations and when an allegation appears criminal, the Duty Officer and Superintendent are notified, and they contact the Regional Office Special Agent who assigns a Special Agent to investigate. Any allegation of penetration must be referred on to the OPS Special Agent in Charge. An interview with the facility-based investigator indicated she has completed the on-line specialized training, "PREA: Conducting Sexual Abuse Investigations in Confinement Settings". She also explained and described the steps she would take in initiating and conducting an investigation. She also affirmed and provided certificates of training documenting that all of the Sexual Abuse Response Team has completed the online Specialized Training provided by the National Institute of Corrections.

Interviews with the Facility Based Investigator, Special Agents, and Office of Professional Standards Investigators confirmed the credibility of the victim, alleged perpetrator and witnesses based on the evidence and not on the offender's status or identity or any other factors including how many times the offender have alleged sexual abuse or sexual harassment. The investigation, they related would continue even if the victim recanted, if a staff involved terminated his employment prior to a completed investigation, or if an inmate victim or abuser departed the facility prior to the completed investigation.

The investigation would include witness statements from the alleged victim, perpetrator and any potential or actual witnesses. The investigator would also look at staff rosters, assignments for that shift, and review any camera footage that may be available. Interviews with the SART members confirmed the investigation process.

Interviews with facility staff, both those randomly selected and special category, confirmed that most of them knew the SART conducts sexual abuse investigations in this facility and could name each member of the SART and their specific roles.

Staff acknowledges that an offender cannot consent to sexual activity. The auditor reviewed 64 PREA Acknowledgment Statements signed by employees and contractors.

To deter staff from violating the agency's sexual abuse policies and for other reasons, the facility, as in all other Department of Corrections Facilities, has a "Wall of Shame" that has the photos of staff who have violated their oath of office and/have had personal dealings with offenders, including bringing contraband.

There has been no substantiated allegation of sexual abuse against a staff member or contractor at the facility during the 12-months preceding the audit. Consensual sexual activity between offenders does not constitute sexual abuse, but it is considered a disciplinary issue. Paragraph b. requires that offenders are subject to disciplinary sanctions pursuant to a formal disciplinary process following an administrative finding that the offender engaged in offender-on-offender sexual abuse or a criminal finding of guilt for offender-on-offender sexual abuse. Health Care services are provided through a contract. The GDOC Policy, 208.06, Sexually Abusive Behavior Prevention and Intervention Program I, Medical and Mental Health Care requires that the GDOC provide prompt and appropriate medical and mental health services in compliance with 28 CFR 115 and in accordance with the GDOC Standard Operating Procedures.</p> <p>Documentation of inmates alleging any form of sexual abuse being seen by medical, referrals are made for follow-up with mental health and interviews with medical and counseling staff confirmed this facility complies with offering and providing follow-up with a medical or mental health professional Mental health staff. Additionally, it is evident that referrals are made to mental health; it appeared that the medical and mental health departments communicate frequently to meet the needs of inmates who alleged previous sexual abuse or sexual abuse while in the facility.</p> <p>GDOC Policy, 208.06, asserts that if an inmate’s intake assessment indicated the inmate has experienced any prior victimization or has perpetrated any sexual abuse, whether in an institutional setting or in the community, the inmate will be offered a follow-up meeting within 14 days of the intake screening. This will be documented on the inmate’s intake screening instrument. Any information related to sexual victimization or abusiveness that occurred in an institutional setting is required to be strictly limited to necessary staff maintaining strict confidentiality.</p> <p>During the initial PREA Assessment (Victim/Aggressor) if the inmate endorses the question about having been a previous victim of sexual abuse, the counselor offers the inmate a referral to mental health. The inmate may choose to refuse. If the inmate wants to have a follow-up with mental health, the counselor makes the referral.</p> <p>Referral Forms</p> <p>Consent for Evaluation</p> <p>Consent for Treatment</p> <p>Mental Health Evaluation</p> <p>Forensic exams, if needed, are conducted at the facility by a SANE Nurse. When there is an allegation of penetration, the GDOC contracts with a team of Sexual Assault Nurse Examiners. Previous interviews with the SANEs confirmed that they respond to the calls from the prisons and one or two of the team members respond to conduct the exam. If the inmate is injured to the point of requiring medical services at the hospital, the inmate would be transported to the hospital for treatment.</p> <p>The forensic exam is provided by a SANE nurse without financial cost to the inmate. This was confirmed through an interview with the Superintendent. If an inmate discloses prior victimization during the initial intake victim/aggressor assessment, the offender will be offered a follow-up with either medical or a mental health practitioner. This follow-up is offered and will be completed within 14 days of the intake screening. The inmate may choose to refuse the offer and if so, the refusal will be documented.</p> <p>If the screening process indicates an inmate has previously perpetrated sexual abuse whether it occurred in an institutional setting or in the community, staff ensure that the inmate is offered a follow-up meeting with a mental health practitioner within 14 days of the intake screening. The interviewed staff stated if an inmate disclosed a previous history of sexual abuse during the initial PREA Assessment, the inmate will be offered a follow-up with mental health.</p> <p>Care is taken to protect reported information. Information reported by inmates related to prior victimization or abusiveness that occurred in an institutional setting is limited to medical and mental health practitioners and other staff, as necessary, to inform treatment plans and security and management decisions, including housing, bed, work, education and program assignments or as otherwise required by Federal, State or local law. Inmates sign a consent form for evaluation and consent for treatment.</p> <p>Discussion of Interviews: Interviews with medical and counseling staff who conducts the victim/aggressor assessments of incoming inmates confirmed that each screening asks inmates about prior victimization and prior abuse. They all are aware</p>

that this disclosure must result in a referral to a medical or mental health practitioner within 14 days. Inmates can refuse the referral. Interviewed inmates who reported having been victims of previous sexual abuse indicated they were offered mental health services and follow-up, some stated they were already on the mental health caseload. The counselor indicated if an inmate was sexually assaulted, mental health would see them within 24 hours. As soon as staff knows of an incident, the SART Team contacts mental health, the inmate will be seen within a few hours.

The SANE indicated that following the forensic exam, she would recommend the STI Prophylaxis, pregnancy test and any other medication required. The facility's physician would have to approve the recommendation and order it to be done.</p> <p data-bbox="240 1514 1485 1637">Security and non-security staff are trained as first responders and their roles are to separate the alleged victims from alleged perpetrators, try to protect any evidence, suggesting the victim not eat, drink, use the restroom or change clothes, and require the alleged perpetrator not do those things as well that could destroy evidence. Interviewed staff articulated their roles as first responders and non-uniform staff responded with all the elements of first responding just as the uniformed staff did.</p> <p data-bbox="240 1671 1474 1765">Counseling staff indicated that victims of sexual abuse would receive an Initial Sexual Abuse Evaluation and possibly a complete evaluation; and if needed, a referral for specialized upper level provider for counseling. It requires the SART to arrange for immediate medical examination of the alleged victim, followed by a mental health evaluation within 24 hours. One of the SART Members is the counselor. Medical Staff are required to contact the appropriate Sexual Assault Nurse Examiner, who will respond as soon as possible, but within 72 hours of the time the alleged assault occurred to collect forensic evidence.</p> <p data-bbox="240 2024 1474 2148">Medical staff are charged with conducting an initial assessment of the inmate to determine if there is evidence of physical trauma requiring immediate medical intervention in accordance with good clinical judgment. Medical staff immediately initiates all necessary urgent/emergent treatment for bleeding, wounds and other traumas. They then complete the Nursing Protocol Assessment form for alleged sexual assault. Facility clinicians document physical examinations in the progress</p>

notes.

When medically indicated, medical staff are required to arrange transfer the inmate (if no SANE's is available on site) to the designated emergency facility for continued treatment and collection of forensic evidence. If an alleged assault occurred within 72 hours of the reported incident and the inmate does not require transport to the emergency room, the designated facility SANE Nurse (from the list of SANE Nurses) shall be immediately notified, and an appointment scheduled for the collection of forensic evidence. The facility provided the auditor with a list of SANEs who can be called to come to the facility to conduct the Sexual Assault Forensic Exam. This will occur only if there has been penetration, including oral penetration, reported by the patient. Otherwise, no rape kit will be collected.

If the sexual assault occurred more than 72 hours previously, the decision on whether the evaluation is done by a local hospital, by the SANE Nurse, or facility staff will be made on a case by case basis. The decision is made by the Health Authority in consultation with the facility investigator and in accordance with GDOC PREA Policy requires that if the facility does not have a designated SANE Nurse, the inmate is sent to the designated emergency room for collection of forensic evidence.

Discussion of Interviews: Medical staff related in interviews, when an inmate has been the victim of sexual abuse, medical staff assess the inmate to ensure there are no life threatening or emergency needs, and if stable, initiate the Nursing Protocol, contact the SANE, if needed, be taken to the local Hospital to be stabilized. SANE exams are conducted at the local hospital by contracted SANE nurses.

Discussion of Interviews: The facility has had 1 substantiated allegation of sexual abuse or sexual harassment in the past 12 months. This was confirmed through reviewed monthly PREA Reports to the GDOC PREA Unit, Reviewed Grievances, Calls to the GDOC Hotline Report, and interviews with staff. The auditor reviewed investigations for the last 12 months. Interviews indicated staff understands the Incident Review Process and that they would conduct incident reviews within 30 days of the conclusion of the investigation. In conducting the incident review the members described the process and indicated they would use the GDOC Incident Review Form. The team consists of upper-level management with input from supervisors, investigators, and medical staff. Members include the PREA Compliance Manager, Facility Based Investigator, Counselor, and Sexual Assault Response Team Members.

In the past 12 months, the number of criminal and/or administrative investigations of alleged sexual abuse completed at the facility, excluding only "unfounded" incidents: 0

Using the GDOC Incident Review Form, the following are a part of the review process: Consider whether the allegations or investigation indicates a need to change policy or practice to better prevent, detect, or respond to sexual abuse whether the incident or allegation was motivated by race, ethnicity, gender identity, gay, lesbian, bisexual, transgender or intersex identification status or perceive status, gang affiliation or was motivated or otherwise caused by other group dynamics at the institution. Examine the area where the incident allegedly occurred to assess any physical barriers in the area that may enable abuse Assess the adequacy of staffing levels in that area during various shifts.

The review team, in compliance with policy and confirmed in interviews, then will prepare a report of its findings and submit to the Superintendent and PREA Compliance Manager for review, which are authorized to implement the recommendations for improvement or document the reasons for not doing so.

Data is collected from each of the facilities and aggregated. Georgia DOC compiles and investigates PREA allegations in 4 major categories including 1) Staff on inmate Abuse, 2) Staff on Inmate Harassment, 3) Inmate on Inmate Abuse, and 4) Inmate on Inmate Harassment. The report provided data regarding the total number of allegations from all facilities and then it breaks the allegations down into those that were substantiated, unsubstantiated and unfounded. A chart then breaks down the data by facility.</p> <p data-bbox="242 1872 1476 2096">The report included initiatives by the Department. In 2017 the PREA Unit implemented a database for all allegations. The database records all reported PREA incidents that are sorted into queues including Pending SART Investigator, Pending PREA Coordinator Review, and Completed Cases. This enhanced the PREA Coordinator's ability to be more involved in the investigative process as allegations are reported. The PREA Coordinator reviews provide a check and balance system to ensure the dispositions is in compliance with the investigation standards. Beginning in 2020 the PREA became able to ensure all allegations are accompanied by an incident report and all federal-related data recorded as the cases occur. This is accomplished through the SCRIBE Module. Statistics are provided for each GDOC facility.</p> <p data-bbox="242 2130 1428 2157">The GDOC PREA Unit has a dedicated staff person, an analyst, who collects and analyzes the data. Based on the data</p>

reviewed the GDOC can track allegations and investigations and findings from each facility and assess the need for any corrective actions. The PREA Compliance Manager related the facility sends a monthly PREA report (208.06, Attachment 2), to the Agency's PREA Analyst. This report, according to the compliance manager, consists of the numbers of PREA Cases, victims and predators, statistics on allegations of sexual abuse, assaults, grievances filed, the results of investigations and a response to the question, "was the investigation or allegations sent to the OPS investigators".

In addition to the monthly PREA statistical report submitted by each facility; the facility also submits to GDOC, a Monthly Operational Report, providing statistics on a multitude of topics, including PREA incidents. The monthly PREA Report documents all allegations/incidents of sexual abuse or sexual harassment. The auditor reviewed all twelve months of reports to the PREA Unit.

The PREA Analyst provides the auditor, prior to each audit; reports documenting the disabilities of inmates; lists of inmates disclosing prior victimization (when available), as well as an email documenting the names of inmates contacting the PREA Hotline during the past twelve (12) months. The disability report enables the auditor to identify inmates/inmates who are hearing or visually impaired or who have some other form of disability.

The Department's PREA Unit now has access to investigations through a module that allows staff in the unit to review investigations for quality. Reviewing staff may instruct the facility investigator to conduct additional inquiry or investigation and will not authorize the closure of that investigation until the PREA Unit reviews and approves the investigation.

The aggregated sexual abuse data will be readily available to the public at least annually through the Georgia Department of Corrections. Before making the data available, the Department will remove all personal identifiers. Some information may be redacted from the reports when publication would present a clear and specific threat to the safety and security of the institution, the nature of the material redacted will be indicated.

Discussion of Interviews: Interviews with the PREA Compliance Manager and Superintendent confirmed the facility provides the required data, if any, to the GDOC PREA Unit by reporting immediately any allegations or incidents of sexual abuse at the facility as well as monthly in the monthly PREA Report sent to the GDOC PREA Coordinator.

	Unless placement is in a dedicated facility, unit, or wing established in connection with a consent decree, legal settlement, or legal judgment for the purpose of protecting lesbian, gay, bisexual, transgender, or intersex inmates, does the agency always refrain from placing: intersex inmates in dedicated facilities, units, or wings solely on the basis of such identification or status? (N/A if the agency has a dedicated facility, unit, or wing solely for the placement of LGBT or I inmates pursuant to a consent decree, legal settlement, or legal judgement.)	yes
115.43 (a)	Protective Custody	
	Does the facility always refrain from placing inmates at high risk for sexual victimization in involuntary segregated housing unless an assessment of all available alternatives has been made, and a determination has been made that there is no available alternative means of separation from likely abusers?	yes
	If a facility cannot conduct such an assessment immediately, does the facility hold the inmate in involuntary segregated housing for less than 24 hours while completing the assessment?	yes

115.43 (b)	Protective Custody	
	Do inmates who are placed in segregated housing because they are at high risk of sexual victimization have access to: Programs to the extent possible?	yes
	Do inmates who are placed in segregated housing because they are at high risk of sexual victimization have access to: Privileges to the extent possible?	yes
	Do inmates who are placed in segregated housing because they are at high risk of sexual victimization have access to: Education to the extent possible?	yes
	Do inmates who are placed in segregated housing because they are at high risk of sexual victimization have access to: Work opportunities to the extent possible?	yes
	If the facility restricts any access to programs, privileges, education, or work opportunities, does the facility document the opportunities that have been limited? (N/A if the facility never restricts access to programs, privileges, education, or work opportunities.)	na
	If the facility restricts access to programs, privileges, education, or work opportunities, does the facility document the duration of the limitation? (N/A if the facility never restricts access to programs, privileges, education, or work opportunities.)	na
	If the facility restricts access to programs, privileges, education, or work opportunities, does the facility document the reasons for such limitations? (N/A if the facility never restricts access to programs, privileges, education, or work opportunities.)	na
115.43 (c)	Protective Custody	
	Does the facility assign inmates at high risk of sexual victimization to involuntary segregated housing only until an alternative means of separation from likely abusers can be arranged?	yes
	Does such an assignment not ordinarily exceed a period of 30 days?	yes
115.43 (d)	Protective Custody	
	If an involuntary segregated housing assignment is made pursuant to paragraph (a) of this section, does the facility clearly document: The basis for the facility's concern for the inmate's safety?	yes
	If an involuntary segregated housing assignment is made pursuant to paragraph (a) of this section, does the facility clearly document: The reason why no alternative means of separation can be arranged?	yes
115.43 (e)	Protective Custody	
	In the case of each inmate who is placed in involuntary segregation because he/she is at high risk of sexual victimization, does the facility afford a review to determine whether there is a continuing need for separation from the general population EVERY 30 DAYS?	yes
115.51 (a)	Inmate reporting	
	Does the agency provide multiple internal ways for inmates to privately report: Sexual abuse and sexual harassment?	yes
	Does the agency provide multiple internal ways for inmates to privately report: Retaliation by other inmates or staff for reporting sexual abuse and sexual harassment?	yes
	Does the agency provide multiple internal ways for inmates to privately report: Staff neglect or violation of responsibilities that may have contributed to such incidents?	yes

115.51 (b)	Inmate reporting	
	Does the agency also provide at least one way for inmates to report sexual abuse or sexual harassment to a public or private entity or office that is not part of the agency?	yes
	Is that private entity or office able to receive and immediately forward inmate reports of sexual abuse and sexual harassment to agency officials?	yes
	Does that private entity or office allow the inmate to remain anonymous upon request?	yes
	Are inmates detained solely for civil immigration purposes provided information on how to contact relevant consular officials and relevant officials at the Department of Homeland Security? (N/A if the facility never houses inmates detained solely for civil immigration purposes.)	na
115.51 (c)	Inmate reporting	
	Does staff accept reports of sexual abuse and sexual harassment made verbally, in writing, anonymously, and from third parties?	yes
	Does staff promptly document any verbal reports of sexual abuse and sexual harassment?	yes
115.51 (d)	Inmate reporting	
	Does the agency provide a method for staff to privately report sexual abuse and sexual harassment of inmates?	yes
115.52 (a)	Exhaustion of administrative remedies	
	Is the agency exempt from this standard? NOTE: The agency is exempt ONLY if it does not have administrative procedures to address inmate grievances regarding sexual abuse. This does not mean the agency is exempt simply because an inmate does not have to or is not ordinarily expected to submit a grievance to report sexual abuse. This means that as a matter of explicit policy, the agency does not have an administrative remedies process to address sexual abuse.	yes
115.52 (b)	Exhaustion of administrative remedies	
	Does the agency permit inmates to submit a grievance regarding an allegation of sexual abuse without any type of time limits? (The agency may apply otherwise-applicable time limits to any portion of a grievance that does not allege an incident of sexual abuse.) (N/A if agency is exempt from this standard.)	yes
	Does the agency always refrain from requiring an inmate to use any informal grievance process, or to otherwise attempt to resolve with staff, an alleged incident of sexual abuse? (N/A if agency is exempt from this standard.)	yes
115.52 (c)	Exhaustion of administrative remedies	
	Does the agency ensure that: An inmate who alleges sexual abuse may submit a grievance without submitting it to a staff member who is the subject of the complaint? (N/A if agency is exempt from this standard.)	yes
	Does the agency ensure that: Such grievance is not referred to a staff member who is the subject of the complaint? (N/A if agency is exempt from this standard.)	yes

115.52 (d)	Exhaustion of administrative remedies	
	Does the agency issue a final agency decision on the merits of any portion of a grievance alleging sexual abuse within 90 days of the initial filing of the grievance? (Computation of the 90-day time period does not include time consumed by inmates in preparing any administrative appeal.) (N/A if agency is exempt from this standard.)	yes
	If the agency claims the maximum allowable extension of time to respond of up to 70 days per 115.52(d)(3) when the normal time period for response is insufficient to make an appropriate decision, does the agency notify the inmate in writing of any such extension and provide a date by which a decision will be made? (N/A if agency is exempt from this standard.)	yes
	At any level of the administrative process, including the final level, if the inmate does not receive a response within the time allotted for reply, including any properly noticed extension, may an inmate consider the absence of a response to be a denial at that level? (N/A if agency is exempt from this standard.)	yes
115.52 (e)	Exhaustion of administrative remedies	
	Are third parties, including fellow inmates, staff members, family members, attorneys, and outside advocates, permitted to assist inmates in filing requests for administrative remedies relating to allegations of sexual abuse? (N/A if agency is exempt from this standard.)	yes
	Are those third parties also permitted to file such requests on behalf of inmates? (If a third party files such a request on behalf of an inmate, the facility may require as a condition of processing the request that the alleged victim agree to have the request filed on his or her behalf, and may also require the alleged victim to personally pursue any subsequent steps in the administrative remedy process.) (N/A if agency is exempt from this standard.)	yes
	If the inmate declines to have the request processed on his or her behalf, does the agency document the inmate's decision? (N/A if agency is exempt from this standard.)	yes
115.52 (f)	Exhaustion of administrative remedies	
	Has the agency established procedures for the filing of an emergency grievance alleging that an inmate is subject to a substantial risk of imminent sexual abuse? (N/A if agency is exempt from this standard.)	yes
	After receiving an emergency grievance alleging an inmate is subject to a substantial risk of imminent sexual abuse, does the agency immediately forward the grievance (or any portion thereof that alleges the substantial risk of imminent sexual abuse) to a level of review at which immediate corrective action may be taken? (N/A if agency is exempt from this standard.)	yes
	After receiving an emergency grievance described above, does the agency provide an initial response within 48 hours? (N/A if agency is exempt from this standard.)	yes
	After receiving an emergency grievance described above, does the agency issue a final agency decision within 5 calendar days? (N/A if agency is exempt from this standard.)	yes
	Does the initial response and final agency decision document the agency's determination whether the inmate is in substantial risk of imminent sexual abuse? (N/A if agency is exempt from this standard.)	yes

	The agency has published on its agency website, if it has one, or has otherwise made publicly available, all Final Audit Reports. The review period is for prior audits completed during the past three years PRECEDING THIS AUDIT. The pendency of any agency appeal pursuant to 28 C.F.R. § 115.405 does not excuse noncompliance with this provision. (N/A if there have been no Final Audit Reports issued in the past three years, or, in the case of single facility agencies, there has never been a Final Audit Report issued.)	yes
